### 789 Lamar Institute of Technology

---

Established in 1995 by the Texas legislature, Lamar Institute of Technology (LIT) is a special purpose postsecondary coeducation organization, a two-year technical "Institute," within The Texas State University System that primarily offers associate degrees, certificates, and non-credit workforce skills training.

LIT is one of the fastest growing colleges in the state. The college's mission is to provide innovative training for tomorrow's workforce. Due to the pandemic, tomorrow's workforce is needed today. Post-COVID, LIT aid's the community by getting adults back to work, particularly those wanting stackable credentials or a degree. By being forward-thinking or just lucky LIT had a strategic plan that focused on job-based programs, industry certifications, and faster noncredit reskilling that 'individuals needed' and 'employers wanted.' We are demonstrating why LIT is indispensable, by enrolling a record-breaking 10,383 students (credit/noncredit), anyone with a dream to succeed can become part of the future of work.

We want to thank the Legislature for the second round of Parity. Thanks to Governor Greg Abbott and TSUS's commitment to excellence and Southeast Texas, our tuitions and fees has dropped an additional 26%. A LIT student only pays \$1,770 for 15 semester hours. This includes tuition and fees along with a meaningful increase in formula funding received in the last session that helped to lower LIT designated tuition and fees by an additional 26%. The college appreciates the continued financial support and funding commitment (capital and operational). Given our unique institutional structure as a 2-year technical "Institute," we are asking the Legislature to continue their investment in our workforce mission by increasing our instruction formula rate to a level that will further reduce our reliance on tuition, bringing us more in line with our peers. The increase in demand for skilled labor has prompted LIT to continue its expansion by offering new programs for Fall 2022. New programs offered include Analyzer Technology, Cosmetology, Electrical Technology, Engineering and IOS Swift Programming. These programs will enhance LIT's current course offerings and open the door to allow more students to achieve the 'American Dream.'

LIT serves the citizens of Southeast Texas by delivering both career training and academic transfer options. Fields of study are driven by local workforce needs and programs include process technology, welding, dental hygiene, and computer information systems to name a few. The Institute also has regional Fire and Police Academies and Truck Driving Academy. With a 95% job placement rate, graduates can expect to find jobs with competitive salaries. LIT was named one of the nation's elite, top 25 colleges for Online Occupational Safety and Health Certificate program by Value Colleges. As the only college in Texas named to this honor, LIT joins the ranks of such prestigious schools as Tulane University, Johns Hopkins University, California State University, University of Alabama, Auburn University and Rochester Institute of Technology. In fact, graduates of the process operating technology program starting salaries can exceed \$80,000 per year and experienced operators earn well over \$100,000.

Beaumont Independent School District (BISD) and Silsbee Independent School District (SISD) are strategic partners and are central to LIT's two Early College High Schools (ECHS). The success of the ECHS has been phenomenal and has augmented our enrollment growth. With the achievements of this influx of 9th-12th graders, the LIT/BISD early college has been named a "Texas Honor Roll" school for 2017-2018 by the Institute for Productivity and the Education Results Partnership. In June 2020, 93% of the first graduating class of Beaumont ECHS are also graduating from LIT as completers.

Spring 2022 Commencement was one of LIT's largest with nearly 600 LIT graduates earning over 620 degrees and certificates. The graduating class represented a 9% increase over Spring 2021. Graduates ranged from ages 18 to 64, with 29.81% dual credit students and 70.02% were first generation college graduates.

88th Regular Session, Agency Submission, Version 1  
Automated Budget and Evaluation System of Texas (ABEST)

---

**789 Lamar Institute of Technology**

---

The Greater Beaumont Chamber of Commerce projects there is \$54 billion dollars of industrial/manufacturing expansion planned for this region into 2023. According to the American Institute of Research's report titled "Degrees of Opportunity" our college offers three associate degree programs having a lifetime earning potential of over one million dollars. Graduates of Industrial Mechanics Technology could earn as much as \$1.4 million; Process Operating Technology \$1.3 million; and Instrumentation Technology \$1.2 million during their careers. Additionally, for every dollar invested in a student's education, an average of \$7.10 in benefits will accrue to Texas over the course of the student's career. Since the college serves a large disadvantaged population, Texas will also benefit from \$8.7 million or more in related social savings to taxpayers.

LIT is requesting three exceptional items for the Legislature's consideration: Exceptional Item #1, Formula Funding Rate Increase; Exceptional Item #2, support for the development of a new Associate Degree in Nursing (ADN) program; and Exceptional Item #3, Mitigation and Repairs for the T4 & T5 Technology Arts Buildings.

**PURPOSE OF ANY NEW FUNDING BEING REQUESTED:**

Three Exceptional Items requests are submitted for consideration.

**1). Formula Funding Rate Increase - \$7.20 to \$8.16.**

Lamar Institute of Technology is grateful for the continued support from the Texas Legislature. The Legislature's commitment to capital funding and operational funding is key to providing low cost, high quality educational opportunities. Given our unique structure in Texas as a 2-year college, LIT asked for a meaningful increase in our formula rate to reduce our reliance on tuition and bring us more in line with our community college peers. The Legislature was able to fund our request over the last two sessions, bringing our instructional and administrative funding rate to \$7.20. As indicated above, the additional funding through the instructional and administrative formula would allow the State colleges to maintain the tuition reduction for our current students, develop programs, and pay livable wages to our faculty and staff.

**2). Associate Degree in Nursing (ADN).**

Lamar Institute of Technology requests funding of \$1,900,000 for the biennium for the inception of an Associate Degree in Nursing program. This will fund the accreditor's mandated requirement for a Director of Nursing, initial faculty, support staff, and other associated costs with starting this program. Startup costs include, but are not limited to, simulation equipment and manikins; consumables; and standardized patient laboratory essentials and utensils. Data from the Texas Department of State Health Services/Texas Center for Nursing Workforce Studies shows that in the Gulf Coast region of Texas there will still be a 46.8% deficit in the number of RN's required to meet the projected demands. Data also shows that in 2019 that 53.8% of qualified applicants were not offered admission into a Pre-licensure RN education program. In 2019, there were only 3,982 seats for new students, while there were 9,675 qualified applicants. LIT could address this critical 'shortage' for RNs by making available from 20 to 40 seats per year.

Requested FY 2024 \$950,000; FY 2025 \$950,000.

**3). Mitigation and Repairs for the T4 & T5 Technology Arts Buildings.**

Lamar Institute of Technology is requesting funding for the retrofit of Technical Arts Building 4 and Technical Arts Building 5. Technical Arts Building 4 was built in 1967 and has 15,718 sq. ft. Technical Arts Building 5 was built in 1971 and has 10,324 sq. ft. The retrofit will alleviate water coming into the buildings during a hurricane or a hard driving rain. Both buildings have glazed exterior openings and do not have wind borne debris protection during a hurricane. Both buildings have termite damage to the walls. T4 building does not have restrooms. The retrofit will repair these deficiencies. The total project cost is \$4,000,000.

Requested FY 2024 \$4,000,000.

Automated Budget and Evaluation System of Texas (ABEST)

---

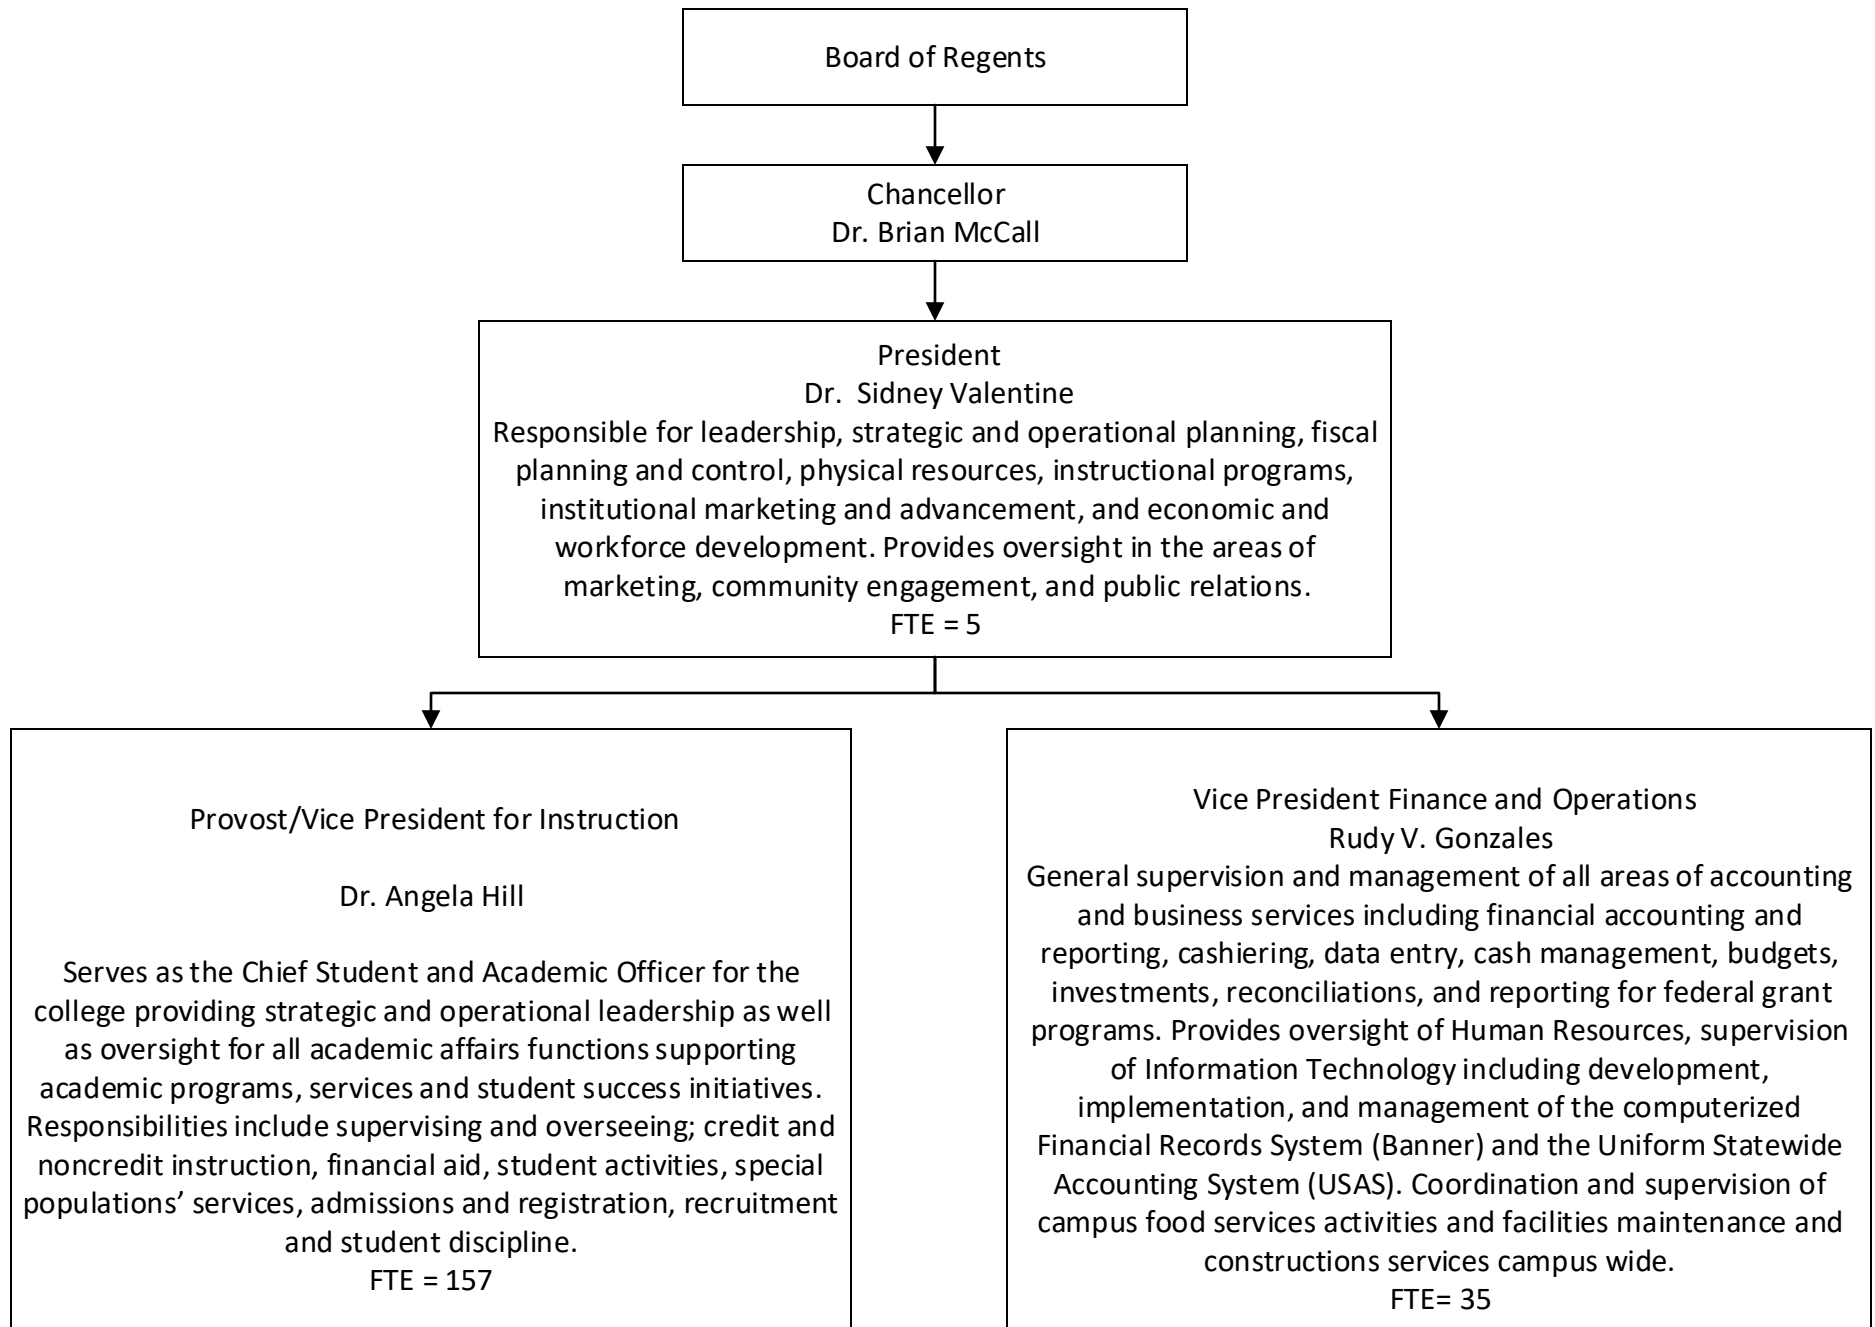

**789 Lamar Institute of Technology**

---

**BACKGROUND CHECKS:**

Lamar Institute of Technology performs criminal background checks for all security sensitive positions which have, by their nature and scope, access to confidential student, personnel, and payroll records or master keys, in accordance with State law, Texas Education Code §51.215, and The Texas State University System policy. In an effort to provide and maintain the safest possible environment; to enhance the security of physical resources; and to be consistent with State law, Lamar Institute of Technology (LIT) conducts criminal background investigations and obtains criminal history record information on all current employees considered for security sensitive positions and all applicants who are under final consideration for such positions. LIT must receive a signed authorization form before the background information is requested. The authorization form includes the notice required by Texas Government Code §559.003, as it may be amended from time to time. Refusal to sign the authorization form will eliminate the applicant from consideration for employment. Criminal history record information obtained by LIT may be used only for the purpose of evaluating applicants for employment in security sensitive positions and shall in no way be used to discriminate on the basis of race, color, national origin, religion, sex, disability or age.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

Lamar Institute of Technology received Institutional Enhancement Funding in FY 2002 and FY 2003. The funding was used for non-recurring expenditures. In FY 2004, FY 2005, and FY 2006 the expenditures were for new equipment and furniture for classrooms, upgrade of computer and learning lab facilities and retention scholarships. Since FY 2007 the funding is budgeted for additional furniture and equipment upgrades, administrative computer upgrades and specialized program equipment for technical programs. Salaries are also paid from these funds. Due to the rising cost of equipment for technical programs and technology advances and additional need for quality faculty and staff we continue to have the need for future Institutional Enhancement funding.

**FULL-TIME EQUIVALENT POSITIONS (FTE):**

	3.00	5.00
--	------	------

**DESCRIPTION / JUSTIFICATION:**

Data from the Texas Department of State Health Services/Texas Center for Nursing Workforce Studies shows that in the Gulf Coast region of Texas although there has been a 45% increase in the number of RN's since 2010, there will still be a 46.8% deficient in the number of RN's required to meet the projected demands. Data also shows that in 2019 53.8% of qualified applicants were not offered admission into a Pre-licensure RN education Program. In 2019 there were only 3,982 seats for new student, while there were 9,675 qualified applicants. Lamar Institute of Technology will be addressing the need for available RN program availability. LIT will be able to open up 20-40 seats per year for Pre-licensure RN education Program with an Associate Degree in Nursing (ADN).

**EXTERNAL/INTERNAL FACTORS:**

This program would require both start-up funds for consultants to develop the continuous curriculum, admission, and progression processes and faculty/teaching resources to implement the program. These programs would have a start-up cycle over a 2-3 year period to address this critical health care need for the Gulf Coast Texas region. Area hospitals, while supportive and greatly excited about this project, are themselves unable to provide significant financial support due to the geographic region's low per capita income level and the significant revenue stresses resulting from serving this population.

<b>TOTAL, METHOD OF FINANCING</b>		<b>\$4,000,000</b>	<b>\$0</b>

**DESCRIPTION / JUSTIFICATION:**

The retrofit will alleviate water coming into the buildings during a hurricane or a hard driving rain. Both buildings have glazed exterior openings and do not have wind borne debris protection during a hurricane. Both buildings have termite damage to the walls. T4 building does not have restrooms. The retrofit will repair these deficiencies.

**EXTERNAL/INTERNAL FACTORS:**

These buildings serve more than 1,678 students by housing 100 course sections of the institute's industrial and technical certificate and degree programs.

**B. Assessment of Attainment of HUB Procurement Goals**

**Attainment:**

The agency attained or exceeded two of six of the applicable statewide HUB goals in FY2020.  
 The agency attained or exceeded two of six of the applicable statewide HUB goals in FY2021.

**Applicability:**

Heavy construction is not applicable to this agency in FY2020 or FY2021.  
 Professional is not applicable to this agency in FY2021.

**Factors Affecting Attainment:**

Lamar Institute of Technology continues to seek solicitations in all applicable categories. The agency geographic area presents challenges to obtaining special trade HUB vendors.

**C. Good-Faith Efforts to Increase HUB Participation**

**Outreach Efforts and Mentor-Protégé Programs:**

FY2020 LIT sponsored the Golden Triangle Minority Business Council's Statewide HUB Expo & Spot Bid Fair on March 3, 2020. LIT's HUB Coordinator attended the following events: 13th Annual Senator West Doing Business Texas Style Spot Bid and HUB Expo August 3, 2020; DIR's Town Hall COVID-19 Series April 9, 2020; DIR's HUB Talks on April 15, 2020 and June 10, 2020. LIT participated in HUB advertisement in the Subcontractor USA Texas Journal. The agencies HUB Coordinator co-hosted the Texas Universities HUB Coordinators Alliance (TUHCA) March 2, 2020 meeting. FY2021 LIT HUB Coordinator presented a "Utilizing Historically Underutilized Businesses" session at the LIT Growth and Excellence Fall 2020 Convocation. LIT participated in the Houston Minority Supplier Diversity Council Virtual Procurement Spot Bid Fair November 18, 2020 and the Senator West Doing Business Texas Style Spot Bid Fair and Virtual Expo May 24, 2021. LIT attended the CPA HUB Talk Series: Looking Ahead February 2, 2021. LIT participates in the Texas HUB Discussion Workgroup and is a member of TUHCA.

Agency Code: **789** Agency: **Lamar Institute of Technology**

**HUB Program Staffing:**

Lamar Institute of Technology HUB program staffing consists of (1) staff person working 20% with HUB, 50% with purchasing, and 30% with contracts.

**Current and Future Good-Faith Efforts:**

Lamar Institute of Technology strives to improve HUB participation by hosting HUB expos and events . LIT conducts individual vendor meetings throughout the year with potential HUB vendors to introduce them to opportunities with LIT. Lamar Institute of Technology recognizes the importance of the Historically Underutilized Business Program. LIT is committed to making a good faith effort to promote business opportunities with HUBs in contracts for construction, services, and commodities purchases. The Institute strives to encourage and effectively promote the use of underutilized businesses in its procurement process by actively working with both Institute staff and the vendor community .

**789 Lamar Institute of Technology**

---

**Associate Arts Degree**

**(1) Year Non-Formula Support Item First Funded:** 2016  
Year Non-Formula Support Item Established: 2016  
Original Appropriation: \$250,000

**(2) Mission:**

The addition of these degree programs will provide opportunity for Lamar Institute of Technology to provide a comprehensive post secondary education program.

**(3) (a) Major Accomplishments to Date:**

The start of an innovative program called LamarLink. This is a joint effort by Lamar Institute of Technology and Lamar University. It provides first-time in college students with support from both institutions, offering affordability, access and an opportunity to enroll at Lamar University

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Continued growth with LamarLink and with Lamar University for recruitment in areas that LIT cannot reach.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

There were no sources of funding prior to receiving the funds.

**(5) Formula Funding:**

Assumptions used for associated formula amounts 2022-2023 Instructions All Fund Rates.

**(6) Category:**

Instructional Support

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

Psychology, Chemistry, Mathematics and Biology Instructor positions would be reduced if state funding is discontinued. The region will not have increased opportunities to continue within post secondary education in order to transfer to universities within our state, including Lamar University.

---

**789 Lamar Institute of Technology**

---

**(10) Non-Formula Support Needed on Permanent Basis/Discontin**

Yes this non-formula support item is needed on a permanent basis.

**(11) Non-Formula Support Associated with Time Frame:**

N/A

**(12) Benchmarks:**

N/A – This non-formula support item requires on going support.

**(13) Performance Reviews:**

Enrollment in LIT's AA degrees has grown from 157 students in Fall of 2014 to 396 students in Fall 2019. There are 65 LamarLink students.

**Institutional Enhancement**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2000
Year Non-Formula Support Item Established:	2000
Original Appropriation:	\$1,307,045

**(2) Mission:**

The primary purpose of the institution is to provide technical and academic education. This Non-Formula Support Item will continue to help the institution provide adequate funding to provide quality instruction, technical equipment, and infrastructure to support high technology areas.

**(3) (a) Major Accomplishments to Date:**

Faculty salaries and instructional equipment have been funded by Institutional Enhancement.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The majority of these funds will be used to support the education mission for technical and academic programs including faculty and staff salaries, equipment, and technology upgrades campus-wide.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

Formula funding and local funds sources at a much reduced level of funding

**(5) Formula Funding:**

None

**(6) Category:**

Institutional Enhancement

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

Limited qualified faculty and staff, deterioration of existing equipment resources, lack of new technology for high tech programs, and inadequate funding to accomplish the overall educational mission at Lamar Institute of Technology. Instructor positions would be reduced causing programs to be closed if state funding is discontinued.

**Professional Truck Driving Academy**

**(1) Year Non-Formula Support Item First Funded:** 2020  
Year Non-Formula Support Item Established: 2020  
Original Appropriation: \$550,000

**(2) Mission:**

Lamar Institute of Technology requests funding of \$1,100,000 for the biennium to expand LIT's current Truck Driving Program and to renovate and operate the recently donated 6,600 square foot building that will house this program. Expansion of this program will allow LIT to serve an additional 90 students per year.

**(3) (a) Major Accomplishments to Date:**

LIT has trained 158 Class A students, 36 Class B students, 81 refresher students, and 9 advanced refresher students since 2018 to present. LIT has purchased three automatic tractors, a standard tractor (13 speed), a dump truck (10 speed), a Crew Cab class B truck (automatic), simulator, and two 28 ft. trailers.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Expansion to serve 90 students per year. Truck driving is the #1 job in the Southeast Texas area with 10,846 total job postings for qualified truck drivers June 2019.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

There were no sources of funding prior to receiving the funds.

**(5) Formula Funding:**

None

**(6) Category:**

Instructional Support

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

**(9) Impact of Not Funding:**

The donated property will not be renovated if state funding is not received and LIT's Truck Driving Academy will not be expanded to serve 90 students per year. An extended cab class B truck and a trailer are still needed.

**Workforce Training and Education Expansion**

**(1) Year Non-Formula Support Item First Funded:** 2014  
Year Non-Formula Support Item Established: 2014  
Original Appropriation: \$500,000

**(2) Mission:**

To be able to respond to business and industry workforce training needs for a projected 54 billion dollars of expansion planned in Southeast Texas. Funds will be used to train unemployed and under skilled workers and incumbent workers that are required by business and industry.

**(3) (a) Major Accomplishments to Date:**

As a major component of the economic resources used to recruit business and industry to Southeast Texas, new industrial training programs will be established and revised and existing programs updated to meet changing requirements within the industries will be continued.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Funds will be used to train unemployed and under skilled workers as incumbent workers are required by business and industry.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

There were no sources of funding prior to receiving the funds.

**(5) Formula Funding:**

None

**(6) Category:**

Instructional Support

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

Instructor and staff positions will be eliminated if state funding is reduced. LIT will not be able to serve the 2,256 students that were served in the last four quarters (Q3 2020-Q2 2021).

---

**789 Lamar Institute of Technology**

---
