COURSE DESCRIPTION

A general introduction to the visual arts designed to create an appreciation of the vocabulary, media, techniques, and purposes of the creative process. Students will critically interpret and evaluate works of art within formal, cultural, and historical contexts.

COURSE OBJECTIVES

Upon completion of this course, the student will be able to

- Apply art terminology as it specifically relates to works of art
- Demonstrate knowledge of art elements and principles of design
- Differentiate between the processes and materials used in the production of various works of art
- Critically interpret and evaluate works of art
- Demonstrate an understanding of the impact of arts on culture

REQUIRED TEXTBOOK AND MATERIALS

None

ATTENDANCE POLICY

Regular attendance is crucial to your success in this course, and tardiness or early departure may result in a recorded absence. Frequent absences may result in zeroes for assignments and point deductions for class participation. Missing one quarter or more of all scheduled classes will result in an F. Absences due to medical reasons with proper documentation will not be counted against you, and absences for religious reasons will be respected as well. In both cases, medical and religious, prior notification is needed.

DROP POLICY

If you wish to drop a course, you are responsible for initiating and completing the drop process by the specified drop date as listed on the [Academic Calendar](#). If you stop coming to class and fail to drop the course, you will earn an “F” in the course.

STUDENT EXPECTED TIME REQUIREMENT

For every hour in class (or unit of credit), students should expect to spend at least two to three hours per week studying and completing assignments. For a 3-credit-hour class, students should prepare to allocate approximately six to nine hours per week outside of class in a 16-week session OR approximately twelve to eighteen hours in an 8-week session. Online/Hybrid students should expect to spend at least as much time in this course as in the traditional, face-to-face class.

ACADEMIC DISHONESTY

Students found to be committing academic dishonesty (cheating, plagiarism, or collusion) may receive disciplinary action. Students need to familiarize themselves with the institution's Academic Dishonesty Policy available in the Student Catalog & Handbook at <http://catalog.lit.edu/content.php?catoid=3&navoid=80#academic-dishonesty>.

TECHNICAL REQUIREMENTS

The latest technical requirements, including hardware, compatible browsers, operating systems, etc. can be online at <https://lit.edu/online-learning/online-learning-minimum-computer-requirements>. A functional broadband internet connection, such as DSL, cable, or WiFi is necessary to maximize the use of online technology and resources.

DISABILITIES STATEMENT

The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. LIT provides reasonable accommodations as defined in the Rehabilitation Act of 1973, Section 504 and the Americans with Disabilities Act of 1990, to students with a diagnosed disability. The Special Populations Office is located in the Eagles' Nest Room 129 and helps foster a supportive and inclusive educational environment by maintaining partnerships with faculty and staff, as well as promoting awareness among all members of the Lamar Institute of Technology community. If you believe you have a disability requiring an accommodation, please contact the Special Populations Coordinator at (409)-951-5708 or email specialpopulations@lit.edu. You may also visit the online resource at [Special Populations - Lamar Institute of Technology \(lit.edu\)](#).

STUDENT CODE OF CONDUCT STATEMENT

It is the responsibility of all registered Lamar Institute of Technology students to access, read, understand and abide by all published policies, regulations, and procedures listed in the *LIT Catalog and Student Handbook*. The *LIT Catalog and Student Handbook* may be accessed at www.lit.edu. Please note that the online version of the *LIT Catalog and Student Handbook* supersedes all other versions of the same document.

ARTIFICIAL INTELLIGENCE STATEMENT

Lamar Institute of Technology (LIT) recognizes the recent advances in Artificial Intelligence (AI), such as ChatGPT, have changed the landscape of many career disciplines and will impact many students in and out of the classroom. To prepare students for their selected careers, LIT desires to guide students in the ethical use of these technologies and incorporate AI into classroom instruction and assignments appropriately. Appropriate use of these technologies is at the discretion of the instructor. Students are reminded that all submitted work must be their own original work unless otherwise specified. Students should contact their instructor with any questions as to the acceptable use of AI/ChatGPT in their courses.

STARFISH

LIT utilizes an early alert system called Starfish. Throughout the semester, you may receive emails from Starfish regarding your course grades, attendance, or academic performance. Faculty members record student attendance, raise flags and kudos to express concern or give praise, and you can make an appointment with faculty and staff all through the Starfish home page. You can also login to Blackboard or MyLIT and click on the Starfish link to view academic alerts and detailed information. It is the responsibility of the student to pay attention to these emails and information in Starfish and consider taking the recommended actions. Starfish is used to help you be a successful student at LIT.

CONTACT PROCEDURES

The best way to contact your professor is either through Blackboard Messages, or by LIT email. Blackboard Messages are direct, and have the added benefit of keeping your information and question within the class itself, so this is recommended.

If you choose to email, when emailing your professor, include your name, course section number, and a detailed message so that questions and concerns may be addressed properly. Be specific and detailed, and make no assumptions. Please be respectful and informative in all correspondence. The more information you provide, the more quickly your issues can be resolved. Please allow up to two business days for a response.

At times, when a deadline is of the essence or an emergency message needs to be communicated, I may choose to contact you via Google Text. This is done to ensure you receive the message quickly. My Google Text number is (346) 291-7537. Only contact me this way if it's a response to a message, or if you have an emergency and need to speak to me immediately. Otherwise, stick with Blackboard Messages and LIT email for most all class related business.

CLASSROOM CONDUCT

Working with your instructor and engaging with your peers is crucial to your success in this course. Please treat your professor and one another with the utmost respect and adherence afforded a professional.

ECHS/DUAL CREDIT COURSE CONDUCT

For Dual Credit students only – When working in an ECHS Dual Credit course, treat your in-class facilitator with respect. This individual is an equal partner of your professor, and working with them is critical to your success. Your facilitator and your professor are in regular contact regarding your work, classroom conduct, and attendance. All final decisions in every matter though will be rendered by your professor and no one else.

ASSIGNMENT SUBMISSION, GRADE REDOS, AND LATE WORK POLICY

In my class, I afford all my students the chance to show me their work either by email or during class work days before the assignment deadline for pre-grading. This is to help the student earn the best grade possible, strengthen their voice, and help ensure they're on the right track.

Due to the volume of students, I may only be able to look at your work once before submission. Also, if it is very close to the deadline, I may not have time to full review your work. Be respectful of the professor's time, and afford yourself the chance to finish your work properly.

Unless otherwise specified, each assignment must be uploaded to the appropriate Blackboard link by 11:59 pm on the due date. Assignments turned in after the due date will be considered late. If such assignments are accepted, it will be solely at the instructor's discretion and with an automatic point reduction penalty.

Be respectful of your instructor's time and turn in all assignments by or before the appropriate due date. Plagiarized or academically dishonest assignments will result in an automatic zero.

If a student fails a major assignment barring the final project, or does not turn in a major assignment on time, the student will have three business days from when the initial grade is entered to contact the professor and submit a redo. This redo may incur up to an automatic 30% penalty, and will only be accepted at the instructor's discretion. Repeated offenses such as frequent late work or multiple cases of academic dishonesty may render this privilege null and void.

Please allow up to one week for assignments to be graded.
