LATE WORK:

It is the student’s responsibility to keep up with assignments and turn in all work on time. If a student is absent, it is the student’s responsibility to get work from the instructor or another student. You may speak with the instructor before or after class, or before school about the assignment. I cannot take up class time discussing late assignments with you. Each day that an assignment is late, ten percent shall be deducted from the final assignment grade.

If you are absent, you have the amount of days you were absent to make up the work and have it count for full credit.

ATTENDANCE POLICY

State law (TEC 25.092 and 11.158) contains a provision of law commonly referred to as the “90 percent rule,” which applies to any student in grade level K through grade 12. Generally, to receive credit for the award of a final grade for a class, a student must be in attendance for at least 90 percent of the days the class is offered, even if some or all of the absences are deemed excused. A student who is in attendance for at least 75 percent, but less than 90 percent, of the days offered may be given credit or a final grade if the student completes a plan approved by the principal that provides for the student to meet the instructional requirements of the class. Students whose attendance falls below 75 percent are required Beaumont ISD Student Attendance Procedures Manual 9 | Page to petition for the award of credit or a final grade from the campus attendance review committee. There are some exceptions to the 90% Rule based on provisions of law and documented extenuating circumstances.
