STUDENT CODE OF CONDUCT STATEMENT

It is the responsibility of all registered Lamar Institute of Technology students to access, read, understand and abide by all published policies, regulations, and procedures listed in the LIT Catalog and Student Handbook. The LIT Catalog and Student Handbook may be accessed at www.lit.edu. Please note that the online version of the LIT Catalog and Student Handbook supersedes all other versions of the same document.

ARTIFICIAL INTELLIGENCE STATEMENT

Lamar Institute of Technology (LIT) recognizes the recent advances in Artificial Intelligence (AI), such as ChatGPT, have changed the landscape of many career disciplines and will impact many students in and out of the classroom. To prepare students for their selected careers, LIT desires to guide students in the ethical use of these technologies and incorporate AI into classroom instruction and assignments appropriately. Appropriate use of these technologies is at the discretion of the instructor. Students are reminded that all submitted work must be their own original work unless otherwise specified. Students should contact their instructor with any questions as to the acceptable use of AI/ChatGPT in their courses.

In this class, AI tools (e.g. ChatGPT, Perplexity, CoPilot, etc.) may be used up to **two times** in the following ways:

- 1) When used by a writer to seek feedback on the **writer's own draft**, using the Writer's Memo as the "prompt" (the text provided to the AI tool to generate a response.) The feedback the AI tool provides must be added as an additional section of the Writer's Memo for that assignment, and the memo must cite AI appropriately in MLA format.
- 2) To brainstorm how to complete part of the first draft of the Revised Essay and/or Transformation assignments. The AI tool's response must be added as a section of the Writer's Memo for that assignment, and the Writer's Memo must cite the AI tool appropriately in MLA format.

No part of the AI tool's response language may be used in the draft or final versions of any assignments.

STARFISH

LIT utilizes an early alert system called Starfish. Throughout the semester, you may receive emails from Starfish regarding your course grades, attendance, or academic performance. Faculty members record student attendance, raise flags and kudos to express concern or give praise, and you can make an appointment with faculty and staff all through the Starfish home page. You can also login to Blackboard or MyLIT and click on the Starfish link to view academic alerts and detailed information. It is the responsibility of the student to pay attention to these emails and information in Starfish and consider taking the recommended actions. Starfish is used to help you be a successful student at LIT.
