**Additional Course Policies/Information (FAQs):**

**1. How quickly are assignments graded in this class?**

Assignments are graded and returned within one week. Sometimes it takes longer, and if it does I will email you.

**2. How do I know what grade I made on an assignment?**

Assignment grades may be accessed through **My Grades** in Blackboard. Each assignment shows your grade and any comments that are made on your assignment.

**3. How do I study for my exams?**

Utilize your chapter assignments as a study guide for your module exams and the final exam. You can access them through **My Grades** in Blackboard. *My suggestion would be to print (if it won't allow you to print, then copy and paste the questions into a word document).*
