ATTENDANCE POLICY

Consistent class attendance plays a crucial role in successful completion of this course. It is the student's responsibility to notify the instructor of known absences **BEFORE** the student misses a

class. Four (4) unexcused absences are allowed in 16-week fact-to-face courses. On the fifth unexcused absence (about 11% of instructional hours), the student’s final grade may be impacted in the following way: 5 points will be deducted from the final grade for each unexcused absence beyond the allowed four. Excused absences are allowed for family and medical emergencies and university related events in which the student is representing Lamar Institute of Technology. The instructor will use the scheduled Starfish notification surveys to alert students of poor attendance or grades.

If a student can no longer attend class for medical or other reasons, that student should consult with the **Office of Special Populations** for appropriate accommodations.

TECHNICAL REQUIREMENTS

The latest technical requirements, including hardware, compatible browsers, operating systems, etc. can be online at <https://lit.edu/online-learning/online-learning-minimum-computer-requirements>. A functional broadband internet connection, such as DSL, cable, or WiFi is necessary to maximize the use of online technology and resources.

DISABILITIES STATEMENT

The Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973 are federal anti-discrimination statutes that provide comprehensive civil rights for persons with disabilities. LIT provides reasonable accommodations as defined in the Rehabilitation Act of 1973, Section 504 and the Americans with Disabilities Act of 1990, to students with a diagnosed disability. The Special Populations Office is located in the Eagles' Nest Room 129 and helps foster a supportive and inclusive educational environment by maintaining partnerships with faculty and staff, as well as promoting awareness among all members of the Lamar Institute of Technology community. If you believe you have a disability requiring an accommodation, please contact the Special Populations Coordinator at (409)-951-5708 or email specialpopulations@lit.edu. STARFISH

LIT utilizes an early alert system called Starfish. Throughout the semester, you may receive emails from Starfish regarding your course grades, attendance, or academic performance. Faculty members record student attendance, raise flags and kudos to express concern or give praise, and you can make an appointment with faculty and staff all through the Starfish home page. You can also login to Blackboard or MyLIT and click on the Starfish link to view academic alerts and detailed information. It is the responsibility of the student to pay attention to these emails and information in Starfish and consider taking the recommended actions. Starfish is used to help you be a successful student at LIT.

ADDITIONAL COURSE POLICIES/INFORMATION

Behavior and Conduct

Professional and courteous attitudes are expected of everyone in the class at all times. Anyone exhibiting disrespectful or disruptive behavior will be asked to leave the classroom and an absence will be deducted. Link to Code of Conduct in Student Handbook: <http://catalog.lit.edu/content.php?catoid=3&navoid=80#code-of-conduct-and-disciplinary-policy>

Communication

LIT email and Blackboard Announcements will be the instructor's primary methods for communication with students in the class. Emails will be sent to the student's email account

listed in the Blackboard course. It is the student's responsibility to check their email account regularly or have it forwarded to an account they DO check regularly. Email responses will be made during regular office hours and occasionally outside of office hours, usually within two to three business days. Students may also schedule a meeting, in person or through Blackboard's Class Collaborate feature, during regular office hours or by appointment.

Grading

Submitted assignments will be graded during regular office hours, usually within five to seven business days. Assignments turned in on Thursday or Friday may not be graded until Tuesday or Wednesday of the next week. Plagiarized work and work that has been generated with AI technology is not acceptable and will receive a grade of zero (0). NO links to Google documents or Microsoft shared files will be accepted for grading; assignments must be turned in/attached as PDF or Microsoft Word **files**.

Students can find the most accurate and up-to-date grades in Blackboard's gradebook; sometimes the grades in Blackboard are not always reflected in Starfish. It is the student's responsibility to ensure that all assignments are submitted in a timely manner; late submissions will be graded when all other regular assignments have been graded and posted.

Late work and Resubmissions

It is the student's responsibility to manage their time and make sure assignments, activities, and tests are submitted by the deadlines. Unsubmitted tests, quizzes, activities, and other assignments will be graded as zero (0) on the due date and will remain a zero until the assignment is submitted and graded. Assignment "drafts" will also be graded as a zero on the due date; Blackboard does not allow the instructor to view unsubmitted or draft assignments.

Quizzes, activities, and tests submitted late will be subject to a grade penalty of one letter grade per class day for unexcused absences. After 3 class days late, the assignment will receive a zero grade. It is the student's responsibility to notify the instructor if they are not able to complete assignments due to serious medical conditions or emergency situations AS SOON AS POSSIBLE. NO final essays or course assignments will be accepted after Sunday May 05, 2024 in order to accommodate grading and final grade entry.

Resubmissions may be accepted at the instructor's discretion for thoroughly REVISED, written regular assignments; the maximum grade for resubmitted assignments is 70% (C). Resubmissions must be turned in within 5 business days after the initial grade has been posted.

Extra Credit

Opportunities for extra credit may be given at the instructor's discretion and only after all regular assignments have been completed. ALL extra credit assignments are due on the Sunday of the last full week of classes (Dead Week): April 21, 2024.
