Section 2: General Policies

3. Provisions Applicable to the Title IX Sexual Harassment & Non-Title IX Sexual Misconduct Grievance Processes

- 3.1. Equitable Treatment. A Component's response to an allegation of Sexual Misconduct must treat Complainants and Respondents equitably by offering Supportive Measures to Complainants and Respondents, and by following a grievance process as described herein against a Respondent prior to the imposition of any disciplinary sanctions or other actions that are not Supportive Measures.
- 3.2. Standard of Evidence.
 - 3.2.1. Presumption of Non-Responsibility. Any person accused of Sexual Misconduct under this Policy is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
 - 3.2.2. Preponderance of the Evidence Standard. The Decision Maker will weigh the admissible evidence using the preponderance of the evidence standard
- 3.3. Conflicts of Interest. Any individual designated by a Component as a Title IX Coordinator, Investigator, Decision Maker, Informal Resolution Facilitator, Appellate Authority, or Campus Administrator may not have a conflict of interest or bias for or against Complainants or Respondents generally, or against an individual Complainant or Respondent. The Title IX Coordinator shall not serve as Decision Maker, Informal Resolution Facilitator, or Appellate Authority.
- 3.4. Promptness. The Component shall make every reasonable effort to ensure that the resolution of a Sexual Misconduct Complaint or Report occurs in as efficient a manner as possible, with an expectation that the process (exclusive of any appeal procedures) will generally be completed within one hundred and twenty (120) calendar days of the date a Complaint or Report is submitted.
- 3.5. Modification of Deadlines. The Title IX Coordinator may modify any deadlines contained in this Policy as necessary to accomplish the purposes stated and for good cause, including, but not limited to, complexity of the investigation and to accommodate semester breaks.
- 3.6. Immunity/Amnesty. Reporting, investigating, and adjudicating incidents of Sexual Misconduct is of paramount importance. The Component does not condone underage drinking, illegal use of drugs, or other criminal behavior. However, the Component will not take any disciplinary action for prohibited conduct in relation to or concurrently with an incident of Sexual Misconduct, against a person who is enrolled with or employed by the Component for any violation of the Component's applicable code of conduct, provided:
 - 3.6.1. the person acts in good faith;
 - 3.6.2. the violation of the code of conduct arises out of the same facts or circumstances as a Complaint or Report of Sexual Misconduct;
 - 3.6.3. expulsion; and,

Section 2: General Policies

- 3.6.4. the person is not reporting his or her own commission or assistance in the commission of Sexual Misconduct.
- 3.7. Prohibition on Providing False Information. Any individual who knowingly makes a false Complaint or Report under this Policy, or knowingly provides false information to Component officials, or who intentionally misleads Component officials who are involved in the investigation or resolution of a Complaint or Report shall be subject to disciplinary action. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this Policy does not constitute retaliation prohibited by Section 3.14 herein. A determination regarding responsibility, alone, is not sufficient to conclude that any Party made a materially false statement in bad faith.
- 3.8. Supportive Measures (Including Immediate and Appropriate Corrective Action.
- 3.8.1. Generally. When an incident of Sexual Misconduct is reported, the Component will consider Supportive Measures while the incident is investigated and adjudicated. The determination of appropriate Supportive Measures in a given situation must be based on the facts and circumstances of that situation. The Title IX Coordinator is responsible for coordinating the effective implementation of Supportive Measures, and the duration of such measures. Supportive Measures may include, but are not limited to:
- 3.8.1.1. Counseling provided by a counselor who does not provide counseling to any other person involved in the incident, including a person who reports an incident of Sexual Misconduct, as long as the Component employs a sufficient number of counselors;
 - 3.8.1.2. extensions of deadlines or other course-related adjustments;
 - 3.8.1.3. without any academic penalty, modifications of work or class schedules or assignments, including the option of dropping a course in which both parties are enrolled;
 - 3.8.1.4. campus escort or transportation services;
 - 3.8.1.5. mutual restrictions on contact between the Parties;
 - 3.8.1.6. changes in work or housing locations;
 - 3.8.1.7. leaves of absence;
 - 3.8.1.8. restrictions from specific activities or facilities; and,
 - 3.8.1.9. increased security and monitoring of certain areas of the campus.
- 3.8.2. Orders of Protection. The Component will honor any order of protection, no contact order, restraining order or similar lawful order issued by any criminal, civil, or tribal court.
- 3.8.3. Confidentiality of Supportive Measures. The Component shall maintain as confidential any measures provided to the Complainant and/or Respondent, to the extent allowed by law and to the extent that maintaining such confidentiality will not impair the ability to provide the measures.
- 3.8.4. Emergency Removal. Emergency removal of an Employee or Student prior to a final decision in a Sexual Misconduct matter must comply with System Rules and Regulations Chapters IV § 2.2(14), V § 2.131, and VI § 5.(14). A Component may remove a Respondent from the Component's Education Program or Activity on an emergency basis, provided that the Component undertakes an individualized safety and risk analysis, determines that an

Section 2: General Policies

immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the Respondent with notice and an opportunity to challenge the decision immediately following the removal. The removal challenge does not require a hearing and the burden is on the Respondent to show why the removal should be rescinded.

- 3.8.5. Administrative Leave. Nothing herein precludes a Component from placing a non-student employee Respondent on administrative leave with or without pay during the pendency of the grievance or any judicial process.
- 3.8.6. Supportive Measures when Anonymity is Required. The Component's inability to take disciplinary action against an alleged Respondent because of a Complainant's insistence on anonymity will not restrict the Component's ability to provide appropriate measures for the reasonable safety of the Component community.
- 3.8.7. Unreasonable Burden. Supportive Measures may not impose an unreasonable burden on the other Party.
- 3.8.8. Failure to Adhere to Supportive Measures. Failure to adhere to the parameters of any Supportive Measures may be considered a separate violation of this Policy and may result in disciplinary sanctions.

3.9. Informal Resolution

- 3.9.1. Eligibility for Informal Resolution. Informal Resolution is available after a Formal Complaint has been filed in a Title IX Sexual Harassment incident or a Report has been received in a Non-Title IX Sexual Misconduct incident. Informal Resolution may be pursued if:
 - 3.9.1.1. both Parties are willing to engage in Informal Resolution and consent to do so in writing;
 - 3.9.1.2. the Complainant and the Respondent are both Students or are both Employees of the Component;
 - 3.9.1.3. the Title IX Coordinator agrees that Informal Resolution is an appropriate mechanism for resolving the Complaint; and
 - 3.9.1.4. the Component provides written notice to the Parties in accordance with Section 3.9.2.1.
- 3.9.2. Informal Resolution Procedures.
 - 3.9.2.1. Notice. The Title IX Coordinator shall provide written notice to the Parties of the availability of informal resolution, including:
 - 3.9.2.1.1. the allegations;
 - 3.9.2.1.2. the requirements of the informal resolution process, including the circumstances under which the Parties are precluded from resuming a Formal Complaint arising from the same allegations;
 - 3.9.2.1.3. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and,

Section 2: General Policies

- 3.9.2.1.4. the Parties' right to withdraw consent to informal resolution at any time prior to reaching an agreement, and resume the grievance process.
 - 3.9.2.2. Scheduling. When a Sexual Misconduct Complaint or Report meets the requirements for informal resolution, the Title IX Coordinator will make the requisite arrangements. Informal resolution may take place at any point in the grievance process after a Formal Complaint is filed and any time prior to reaching a determination regarding responsibility.
 - 3.9.2.3. Referral for Investigation. The Title IX Coordinator will terminate informal resolution and continue the investigation if:
 - 3.9.2.3.1. The Parties are not able to reach an agreement prior to the exhaustion of the administrative process,
 - 3.9.2.3.2. One or more of the Parties withdraws consent to informal resolution, or,
 - 3.9.2.3.3. Title IX Coordinator determines that informal resolution is no longer appropriate.
 - 3.9.2.4. Agreements. Informal resolutions will be reduced to writing, and signed by both Parties. Agreements will be maintained by the Title IX Coordinator and disclosed only as necessary to implement the provisions of the agreed resolution or as required by law.
 - 3.9.2.5. No Waiver. A Component may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of Formal Complaints of Sexual Misconduct consistent with this Policy.
 - 3.9.2.6. No Recording and no use of statements. No recording of the informal resolution will be made and all statements made during the informal resolution process may not be used for or against either Party should the Parties be unable to reach an informal resolution and resume the grievance process. Failure to comply with an informal resolution agreement may result in disciplinary action.
- 3.10. Withholding of Transcript. The Component may not issue a transcript to a student Respondent until the institution makes a final determination of responsibility.
- 3.11. Remedies. Remedies for a Finding of a violation of this Policy must be designed to restore or preserve equal access to the Component's Education Program or Activity to the Complainant. Such remedies may include the same individualized services described in Section 3.8 as "Supportive Measures"; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the Respondent.
 - 3.11.1. The Title IX Coordinator is responsible for the effective implementation of remedies.
 - 3.11.2. Any remedy that does not directly affect the Respondent must not be disclosed to the Respondent.
- 3.12. Sanctions. Sanctions for a Finding of a Policy violation will depend upon the nature and gravity of the misconduct and/or any record of prior discipline for Sexual Misconduct. Sanctions include, but are not limited to, the following:

- 3.14.3. Confidentiality

 - 3.14.4.1. an alleged victim of an incident of Sexual Misconduct;
 - 3.14.4.2. a person who reports an incident of Sexual Misconduct;
 - 3.14.4.3. a person who sought guidance from the Component concerning such an incident;
 - 3.14.4.4. a person who participated in the Component's investigation of such an incident; or,

 - 3.14.5.1. a Component, as necessary to conduct an investigation and resolution of the investigation;

Section 2: General Policies

4. Reporting Incidents of Sexual Misconduct General Information. Each Component will identify and provide complete contact information for their Title IX Coordinator and all Deputy Coordinators in various locations, including but not limited to the Component's website; the Student's handbook; the Dean of Students Office; Human Resources; and Campus Police or Security; or their equivalents. Once a Complaint or Report of Sexual Misconduct is received by the Component, the Title IX Coordinator will determine the appropriate grievance process for resolution.
- 4.1. Victim Reporting Options. Although a victim of Sexual Misconduct may decline to report the incident, the Component supports, encourages, and will assist those who have been the victim of Sexual Misconduct to report the incident to any of the sources below. The alleged victim may use a pseudonym form when making a report to a law enforcement agency.
 - 4.1.1. Title IX Coordinator. Any incident of Sexual Misconduct may be brought to the attention of the Title IX Coordinator. The Title IX Coordinator will discuss with the reporting Party the options for:
 - 4.1.1.1. Filing a Formal Complaint of a Title IX Sexual Harassment incident, if applicable; or,
 - 4.1.1.2. Filing a Report of a Non-Title IX Sexual Misconduct incident, if applicable.
 - 4.1.2. Responsible Employee. An individual may report alleged Sexual Misconduct to a Responsible Employee.
 - 4.1.3. Official with Authority. An individual may report alleged Sexual Misconduct to an Official with Authority. A Report to an Official with Authority will impose Actual Knowledge on the Component provided the reported incident of Sexual Misconduct meets the definition of Title IX Sexual Harassment. Each Component will identify and provide contact information of the Official with authority in various locations, including but not limited to the Component's website and the applicable online handbooks.
 - 4.1.4. Component Police or Security. An individual may report an incident of Sexual Misconduct to the Component police or security. Although the Component strongly encourages reporting Sexual Misconduct to the police, a victim may request administrative action by the Component with or without filing a police report. Filing a police report does not obligate the victim to continue with criminal proceedings or Component disciplinary action. Components shall provide to the victim the contact information for the campus police or security personnel.
 - 4.1.5. Campus Security Authority. A Report of Sexual Misconduct may be made to a Campus Security Authority (CSA) as defined in each Component's Annual Security Report. All CSAs will promptly inform the Title IX Coordinator of the Complaint or Report and comply with all other reporting obligations required by the Clery Act.

Section 2: General Policies

- 4.1.6. Local Law Enforcement. An individual may, but is not required to, report an incident of Sexual Misconduct directly with local law enforcement agencies. At the victim's request, the Component will assist the victim with reporting the incident of Sexual Misconduct to law enforcement.
- 4.1.7. Electronic Reporting. Each Component shall provide an option for electronic reporting of an incident of Sexual Misconduct. The electronic reporting option must:
 - 4.1.7.1. enable an individual to report the alleged offense anonymously; and
 - 4.1.7.2. be easily accessible through a clearly identifiable link on the Component's internet website home page. (For more information on anonymity, see Section 4.2.8 and Section 4.8.)
- 4.1.8. Anonymous Reports. Individuals who chose to file anonymous reports are advised that:
 - 4.1.8.1. it may be very difficult, and in some cases, not possible for the Component to investigate an anonymous Report; and
 - 4.1.8.2. filing a Report is not necessary in order to secure Supportive Measures through the Component.
- 4.2. Preservation of Evidence. Preservation of evidence is critical in incidents of Sexual Misconduct. If you experience sexual violence, you are encouraged to seek immediate medical care. Also, preserving DNA evidence can be key to identifying the perpetrator in a sexual violence case. Victims can undergo a medical exam to preserve physical evidence with or without police involvement. If possible, this should be done immediately. If an immediate medical exam is not possible, individuals who have experienced a sexual assault may have a Sexual Assault Forensic Exam (SAFE) performed by a Sexual Assault Nurse Examiner (SANE) within 4 days of the incident. With the victim's consent, the physical evidence collected during this medical exam can be used in a criminal investigation; however, a person may undergo a SAFE even without contacting, or intending to contact, the police. To undergo a SAFE, go directly to the emergency department of the nearest hospital that provides SAFE services.
- 4.3. Employee Mandatory Reporting. A Responsible Employee who has knowledge of Sexual Misconduct must report promptly to the Title IX Coordinator all relevant details known to the Employee about the alleged Sexual Misconduct shared by the Complainant or Reporting Party. A Responsible Employee must share all information relevant to the investigation, and if applicable, redress of the incident, including whether the Complainant has expressed a desire for confidentiality in reporting the incident.
 - 4.3.1. Before a Complainant reveals any information to a Responsible Employee, the Employee should inform the Complainant of the Employee's reporting obligations. If the Complainant requests anonymity and confidentiality, the Employee should refer the Complainant to Confidential Employees. A Responsible Employee may not honor a request for anonymity or confidentiality.
 - 4.3.2. A Responsible Employee should not share information with law enforcement without the Complainant's consent, unless the Complainant has also reported the incident to law enforcement.

Section 2: General Policies

- 4.3.3. If the Complainant reports an incident to the Responsible Employee and requests confidentiality or no investigation, the Employee should tell the Complainant that the Component will consider the request, but cannot guarantee that the Component will be able to honor it. In reporting the details of the incident to the Title IX Coordinator, the Responsible Employee will inform the Title IX Coordinator of the Complainant's request for confidentiality or no investigation.
- 4.3.4. A Responsible Employee will promptly report to the Title IX Coordinator all incidents of Sexual Misconduct, provided:
 - 4.3.4.1. the employee is in the course and scope of employment at the time the employee witnesses or receives information regarding the occurrence of Sexual Misconduct;
 - 4.3.4.2. the employee reasonably believes the incident constitutes Sexual Misconduct; and,
 - 4.3.4.3. the incident of Sexual Misconduct was committed either by or against an enrolled Student or an Employee of the Component at the time of the Sexual Misconduct.
- 4.3.5. A Component may expand, but shall not narrow, the reporting obligations of Responsible Employees under this subsection.
 - 4.3.5.1. A Component that expands the reporting obligations of a Responsible Employee shall inform such Responsible Employees of their mandatory reporting obligations.
- 4.4. Termination for Failure to Report or Making a False Report. A Component shall terminate an Employee it determines to have either:
 - 4.4.1. knowingly failed to make a report of Sexual Harassment, Sexual Assault, Dating Violence, or Stalking when the Responsible Employee was required to do so; or
 - 4.4.2. knowingly made a false Report of Sexual Harassment, Sexual Assault, Dating Violence, or Stalking with intent to harm or deceive.
- 4.5. No Report Required. An Employee is not required to report an incident of Sexual Misconduct to the Title IX Coordinator if:
 - 4.5.1. the Employee was the victim of such conduct; or,
 - 4.5.2. the Employee received information due to a disclosure made at a public awareness event sponsored by a Component or by a Student organization affiliated with the Component.
- 4.6. Confidential Employees. Each Component will identify and provide contact information for Confidential Employees in various locations, including but not limited to the Component's website and appropriate online handbooks. These Confidential Employees will assist in a crisis and provide information about possible resources, some of which may include law enforcement, medical assistance, psychological counseling, victim advocacy assistance, legal assistance, Component disciplinary action, immigration services, and criminal prosecution. Training for Confidential

Section 2: General Policies

Employees may be through their professional organizations, if any, or through the Title IX Coordinator.

- 4.6.1. A Confidential Employee who receives information about an incident of Sexual Misconduct shall report to the Title IX Coordinator only the type of incident reported.
- 4.6.2. A Confidential Employee shall also provide such information to the Component's Clery Act Coordinator for purposes of the Component's Annual Security Report.
- 4.7. Request for Anonymity by Complainant.
 - 4.7.1. When considering reporting options, Complainants should be aware that Confidential Employees are permitted to honor a request for anonymity and can maintain confidentiality.
 - 4.7.2. With the exception of Confidential Employees, Component personnel have mandatory reporting and response obligations, regardless of the Complainant's request for anonymity or confidentiality.
 - 4.7.3. The Complaint or Report shall be used as an anonymous Report for data collection purposes under the Clery Act.
- 4.8. Classifying Sexual Misconduct Matters, Possible Dismissals, and Transfers Title IX Coordinator's Role in Classifying Sexual Misconduct. The Title IX Coordinator shall review all allegations of Sexual Misconduct to determine if the allegation will be classified as Title IX Sexual Harassment or Non-Title IX Sexual Misconduct at any point during the grievance process.
- 4.9. Title IX Sexual Harassment. Allegations of Sexual Misconduct shall be classified as Title IX Sexual Harassment provided:
 - 4.9.1. the Sexual Misconduct meets the definition of Title IX Sexual Harassment;
 - 4.9.2. the Sexual Misconduct occurred against a person participating in or attempting to participate in a Component's Education Program or Activity; and,
 - 4.9.3. the Sexual Misconduct occurred against a person located within the United States.
- 4.10. Non-Title IX Sexual Misconduct. Sexual Misconduct that does not meet all the requirements in Section 5.2 does not constitute Title IX Sexual Harassment and shall be classified as Non-Title IX Sexual Misconduct.
- 4.11. Mandatory Dismissal of Formal Complaint. If a Formal Complaint has been submitted by a Complainant and the Sexual Misconduct described in the Formal Complaint does not meet all the requirements in Section 5.2, the Title IX Coordinator shall dismiss the Formal Complaint for purposes of the Title IX Sexual Harassment process.

Section 2: General Policies

- 4.11.1. If a Formal Complaint is dismissed for failing to meet the requirements in Section 5.2, a Component may address such Non-Title IX Sexual Misconduct through the Non-Title IX Sexual Misconduct provisions of this Policy.
- 4.11.2. If the allegation does not meet the definition of Sexual Misconduct, the Component may address the misconduct through the applicable code of conduct process.
- 4.12. Permissive Dismissal of Formal Complaint and/or Transfer to Alternative Disciplinary Process.
 - 4.12.1. A Component may, but is not required to, dismiss a Formal Complaint or any allegations therein, if at any time during the Title IX Sexual Harassment investigation or live hearing:
 - 4.12.1.1. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;
 - 4.12.1.2. if the Respondent is no longer enrolled or employed by the Component; or,
 - 4.12.1.3. specific circumstances prevent the Component from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.
 - 4.12.2. Any matter permissively dismissed by the Component may require transfer to the Non-Title IX Sexual Misconduct process. Prior to dismissal, the Title IX Coordinator must determine whether the allegations, if proven, mandate transfer to an alternative disciplinary process. Component shall expedite the disciplinary process, as necessary, to accommodate both Parties' interests in a speedy resolution.
 - 4.12.2.1. If a Student withdraws or graduates from a Component pending a disciplinary charge alleging that the Student violated this Policy, the Component may not end the disciplinary process or issue a transcript to the student until the Component makes a final determination of responsibility.
 - 4.12.2.2. On request by another postsecondary educational institution, a Component shall provide to the requesting institution information relating to a determination by the Component that a student enrolled at the Component violated this Policy.
- 4.13. Permissive Dismissal of Non-Title IX Sexual Misconduct Allegations and/or Transfer to Alternative Disciplinary Process.
 - 4.13.1. A Component may, but is not required to, dismiss a report or any allegations therein, if at any time during the investigation or hearing:
 - 4.13.1.1. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Report or any allegations therein; or,
 - 4.13.1.2. specific circumstances prevent the Component from gathering evidence sufficient to reach a determination as to the Report or allegations therein.

Section 2: General Policies

- 4.13.2. Any matter permissively dismissed by the Component may require transfer to an alternative disciplinary process. Prior to dismissal, the Title IX Coordinator must determine whether the allegations, if proved, mandate such a transfer.
 - 4.14. Notice of Dismissal. Upon a dismissal required or permitted under this Policy, the Component must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the Parties, including information regarding the procedures for appealing the dismissal.
- 5. Title IX Coordinator's Role during Pre-investigation of Sexual Misconduct.
 - 5.1. Receipt of Allegation. Upon receipt of an allegation of Sexual Misconduct, the Title IX Coordinator shall:

 - 5.1.8. discuss the Parties' consent to release and share documents and/or the need for non-disclosure agreements;
 - 5.1.9. determine whether the Complainant wishes to pursue informal resolution; and,

- 5.2. Complainant's Request Not to Investigate an Incident of Sexual Misconduct. If the Complainant does not wish to have an incident of Sexual Misconduct investigated, the Title IX Coordinator shall discuss this request with Complainant before the Title IX Coordinator makes a decision on whether to proceed with the investigation.

- 5.2.1. In deciding whether to proceed with such an investigation, the Title IX Coordinator will make an individualized assessment, taking into account the Complainant's wishes not to proceed as well as other relevant factors including, but not limited to:

- 5.2.1.1. the seriousness of the alleged conduct;
- 5.2.1.2. whether violence or weapons were involved;
- 5.2.1.3. the age of the victim;
- 5.2.1.4. whether other Complaints or Reports have been made against the alleged Respondent; and,
- 5.2.1.5. whether the alleged incident poses a risk of harm to others.

- 5.2.2. The Component may investigate the alleged incident of Sexual Misconduct in a manner that complies with the applicable confidentiality provisions in this Policy.

- 5.2.3. If a Component decides not to investigate, the Component shall take any steps it determines necessary to protect the health and safety of its community in relation to the alleged incident.

- 5.2.4. A Component shall inform a Complainant of its decision to either investigate or not investigate the allegations.

- 5.3. Non-Title IX Sexual Misconduct. Sexual Misconduct that does not meet the definition of Title IX Sexual Harassment shall be classified as Non-Title IX Sexual Misconduct. A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information for the Title IX Coordinator under this Policy and any additional method designated by the Component.

- 6.2. Cases Initiated by the Title IX Coordinator. If the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or otherwise a Party.

- 6.3. Notice of Allegations. In response to a Formal Complaint the Component must give written notice of the allegations to the Parties. This notice must include:

- 6.3.1. notice of the Component's grievance process, including informal resolution;

- 6.4. Right to Advisor
- 6.4.1. Each Party may be accompanied by an Advisor of their choice to any related meeting, interview, or proceeding. The Advisor may be, but need not be, an attorney who may provide support, guidance, or advice to the Party. The Advisor may not otherwise directly participate in any meeting, interview, or proceeding except for the limited purpose of conducting cross-examination (as more fully explained in Section 7.11.3) at a live hearing, if any.
 - 6.4.2. If a Party does not have an Advisor to conduct cross-examination at the live hearing, the Component will provide the Party with an Advisor, who need not be an attorney, for the limited purpose of conducting cross-examination at the live hearing.
 - 6.4.3. Each Party's Advisor is requested to meet with the Title IX Coordinator to discuss hearing procedure and protocols prior to the live hearing, if any.
- 6.5. Informal Resolution. Informal Resolution of Formal Complaints shall be in accordance with Section 3.9 herein.

Section 2: General Policies

6.7. Investigation

- 6.7.2. Information Gathering. Investigator will gather and review information from Complainant, Respondent, and Witnesses. Investigator shall conduct a site inspection, if necessary, and obtain other information as appropriate.
- 6.7.3. Equal Opportunity to Present Evidence and Witnesses. All Parties will have equal opportunity to present fact and expert witnesses and other inculpatory and exculpatory evidence during the course of the investigation. A Component may not restrict the ability of either Party to discuss the allegations under investigation, or to gather and present relevant evidence.
- 6.7.4. Burden on the Component. The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the Component and not on the Parties. However, a Component cannot access, consider, disclose, or otherwise use a Party's Confidential Treatment Records, unless that Party consents to such access.
- 6.7.5. Privileges. The process must not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- 6.7.6. Right to Inspect and Review Evidence Prior to Completion of the Investigation. Once the assigned Investigator concludes all fact finding and evidence gathering activities, each Party and their respective Advisors must have equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations in the Formal Complaint, including the evidence upon which the Component does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a Party or other source, so that each Party can meaningfully respond to the evidence prior to the conclusion of the investigation.
 - 6.7.6.1. Each Party and their Advisor will be sent such evidence in electronic format or hard copy. Each Party will have ten (10) calendar days from the date they are notified to inspect, review, and respond to the evidence.
 - 6.7.6.2. The written response of each Party, if any, must be considered by the Investigator prior to completion of the Investigative Report.
- 6.8. Investigative Report. Investigator will complete a written Investigative Report that includes summaries of interviews conducted; photographs, if any; documents and materials received; descriptions of relevant evidence; summaries of relevant electronic records; and a detailed report of the events related to the incident. When Investigator is not the Title IX Coordinator, the Investigative Report will be submitted to the Title IX Coordinator to ensure all elements of the investigation have been completed. The Title IX Coordinator will forward the Investigative Report to the Decision Maker.

Section 2: General Policies

- 6.9. Notice of Hearing. Upon completion of the Investigative Report, the Title IX Coordinator will send the Notice of Hearing and the Investigative Report to all Parties and their Advisors. The Notice of Hearing and Investigative Report will be sent no less than ten (10) calendar days prior to the scheduled hearing to allow all Parties an opportunity for response.¹
- 6.10. Pre-Hearing Instructions. The following items should be provided to the Decision Maker no later than three (3) calendar days prior to the date of hearing and apply equally to both Parties:
- 6.10.1. any written response to the investigative Report;
 - 6.10.2. documents, or other evidence to be used at the hearing;

- 6.11.1. Decision Maker. The Decision Maker determines the relevancy of all questions asked during the hearing, may ask questions of any witness or Party during the hearing, and ultimately issues the written decision of responsibility and sanction, if any, after the hearing. The Component's Title IX Coordinator or the Investigator who conducted the investigation or prepared the Investigative Report may not serve as Decision Maker.
 - 6.11.2. Parties. The Parties are the Complainant and Respondent. Each Party may give a statement, answer questions, present evidence, and witnesses, and cross-examine the other Party and witnesses through their Advisor.
 - 6.11.3. Advisor. Each Party is entitled to have an Advisor of their choice at the hearing. Each Party must have an Advisor to conduct cross-examination of the other Party and witnesses. An Advisor may, but is not required to be, an attorney. In addition to cross-examination, the Advisor may provide support, guidance, or advice to Complainant or Respondent, but may not otherwise directly participate in the hearing.

The Component Title IX Coordinator shall explain to the Parties and Advisors, if any, the process to be followed

Section 2: General Policies

- 6.11.3.1. If a Party does not have an Advisor, the Component will appoint an Advisor of the Component's choice, without fee or cost to the Party, for the limited purpose of conducting cross-examination, including questions challenging the Party or witness's credibility. A Component is not required to appoint an attorney as an Advisor.
- 6.11.4. Investigator. The Investigator will be present at the hearing, and may answer questions from either Party about the investigation and the summary of evidence in the Investigative Report.

Glossary

Actual Knowledge, in the context of Title IX Sexual Harassment, means notice of Sexual Harassment or allegations of Sexual Harassment to a Component's Title IX Coordinator or any official of the Component who has authority to institute corrective measures on behalf of the Component ("Official with Authority"). Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the Component with actual knowledge is the Respondent. The mere ability or obligation to report Sexual Harassment or to inform a Student about how to report Sexual Harassment or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the Component.

Advisor refers to the person who may accompany the Party to any and all meetings, hearings, or proceedings and provides support, guidance, or advice to the Party. The Advisor may not directly participate in any meeting, hearing, or proceeding, except for the limited purpose of conducting oral cross-examination during a live hearing in a Title IX Sexual Harassment matter. The Advisor may not conduct oral cross-examination during a hearing in a Non-Title IX Sexual Misconduct matter.

Confidential Treatment Records means records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the Party, unless the Component obtains that Party's voluntary, written consent to do so for a grievance process under this Policy. If the Party is not legally able to give written consent due to minority, then a parent or legal guardian must provide written consent for the Party.

Consent is an informed and freely and affirmatively communicated willingness to participate in a particular sexual activity. Consent can be expressed either by words or by clear and unambiguous actions, as long as those words or actions create mutually understandable permission regarding the conditions of each instance of sexual activity. It is the responsibility of the person who wants to engage in the sexual activity to ensure that s/he has the consent of the other to engage in each instance of sexual activity. (The definition of consent for the crime of sexual assault in Texas can be found at Texas Penal Code Section 22.011) The Component will consider the following factors in determining whether consent was provided:

1. consent is a voluntary agreement or assent to engage in sexual activity;
2. someone who is incapacitated cannot consent; 3) consent can be withdrawn at any time;
3. past consent does not imply future consent;
4. silence or an absence of resistance does not imply consent; 6) consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another;
5. coercion, force, or threat invalidates consent; and
6. being intoxicated or under the influence of alcohol, drugs, or any other substance is never an excuse for engaging in Sexual Misconduct.

Cyberstalking involves using electronic means, including the Internet, for purposes of a sexual nature, to stalk or harass a person or group of people.

In **Texas**, "**cyberbullying**" is defined as a person using any electronic communication device to engage in bullying or intimidation. 1. A Component's Employee conditioning provision of an aid, benefit or service of the Component on an individual's participation in unwelcome sexual conduct ("quid pro quo" harassment which may be express or implied and need not be "severe" or "pervasive" as a single incident is inherently "offensive" and jeopardizes equal educational access;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the Component's Education Program or Activity, or
3. "Sexual Assault," "Dating Violence," "Domestic Violence" or "Stalking" as defined in referenced statutes.

Sexual Harassment under other applicable state and federal law means unwelcomed sex-based verbal or physical conduct that:

1. in the employment context, unreasonably interferes with a person's work performance or creates an intimidating, hostile, or offensive work environment; or

The term includes but is not limited to Sexual Assault, Sexual Exploitation, Sexual Intimidation, Sexual Harassment, Domestic Violence, Dating Violence, and Stalking. Sexual Misconduct can be committed by men or women, strangers or acquaintances, and can occur between or among people of the same or opposite sex. This term also includes Title IX Sexual Harassment.

Such measures are designed to restore or preserve equal access to the Component's Education Program or Activity without unreasonably burdening the other Party.

In accepting an LIT ID or any other access ID, the recipient agrees to abide by applicable LIT policies and legal statutes, including all federal, state, and local laws. LIT reserves the right at any time to limit, restrict, or deny access to its information resources and to take disciplinary or legal action against anyone in violation of these policies or statutes.

LIT may restrict the use of or access to LIT computers, networks, data and software due to specific research, teaching or other purposes in keeping with LIT's mission. LIT's computer information resources are not a public forum.
- 4.4. LIT considers e-mail a significant information resource and an appropriate mechanism for official LIT communication. LIT provides official e-mail addresses and services to its students, faculty, staff, and organizational units for this purpose and to enhance the efficiency of educational and administrative processes. In providing these services, LIT anticipates e-mail recipients will access and read institutional communications in a timely fashion. Employees may obtain an LIT ID upon verification of employment by the appropriate administrative supervisor. When an employee terminates employment for any reason other than retirement, LIT will terminate the employee's LIT ID immediately, unless an exception is specifically authorized by the Director of computer Services.

Section 2: General Policies

- 4.7. Censorship is not compatible with the goals of LIT. LIT will not limit access to any information due to its content, as long as it meets the standard of legality. LIT will place reasonable time, place, and manner restrictions on expressive activities that use information resources.

 - 4.8.4. Allow system administrators to perform routine maintenance and operations, security reviews and respond to emergency situations; or
 - 4.8.5. Protect the rights of individuals working in collaborative situations where information and files are shared.
- Anyone using LIT's information resources expressly consents to monitoring by LIT for these purposes and is advised that if such monitoring reveals possible evidence of criminal activity, LIT administration may provide that evidence to law enforcement officials. Further, all users should understand that while LIT takes reasonable precautions, it is unable to guarantee the protection of electronic files, data, or e-mails from unauthorized or inappropriate access.
- Any access to information that is not consensual from the author requires the approval of Senior Management (President and CFO/IRM). Appropriate approval for monitoring and or reviewing information resources (including LIT Email Accounts, user files, shared directories, etc.) will be obtained through the use of a Non-Consensual Access to Electronic Information Resources form. The form and associated procedures can be obtained in the Office of the Information Resource Manager in Cecil Beeson room 239.

POLICY 2.19 SECURITY OF STUDENT RECORDS

SCOPE: FACULTY, STAFF AND STUDENT EMPLOYEES

1. **Policy:** All Lamar Institute of Technology (LIT) employees are required to abide by the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) a Federal law that protects the privacy of student education records. This law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA applies to any person enrolled in an institution of higher education, regardless of age. FERPA stipulates that certain student information, including but not limited to grades, grade point average, academic probation/suspension and social security/student identification number, may NOT be given to a third party without the WRITTEN consent of the student who “owns” the information.

Students have the right to inspect and review their own student education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for students to review the records. Schools may charge a fee for copies.

Students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34CFR § 99.31):

1. School officials with legitimate educational interest;
2. Other schools to which a student is transferring;
3. Specified officials for audit or evaluation of compliance with educational programs;
4. Appropriate parties in connection with financial aid to a student;
5. Organizations conducting certain studies for or on behalf of the education institutions;
6. Accrediting organizations;
7. Releasing the results of a disciplinary hearing to an alleged victim of a crime of violence;
8. Disclosure to parents of any student under the age of 21, a violation of federal, state, local or institutional laws/regulations related to substance abuse;
9. To comply with a judicial order or lawfully issued subpoena;
10. Appropriate officials in cases of health and safety emergencies;
11. State and local authorities, within a juvenile justice system, pursuant to specific State law; and
12. Disclosure to parents of dependent students (IRS definition), with appropriate documentation on file

Section 2: General Policies

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, major field of study, classification, participation in officially recognized activities and sports, weight/height of members of athletic teams, honors and awards, dates of attendance and the last educational agency or institution attended. However, schools must tell students about directory information and allow students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, catalog/student handbook, or newspaper article) is left to the discretion of each school. FERPA rights end at death.

LIT employees may not post grades by social security/student identification number (even a partial number) or in any other manner that personally identifies the student. Employees may not allow anyone other than the student or an agent of the college who has a legitimate need to know to see student information on a monitor or hard copy or to have access to such information, unless they have written permission from the student. Parents are not allowed access to such information unless they file a dependent's statement with a photocopy of the page of their federal income tax form listing dependents as proof that the student is their dependent.

Employees who fail to take proper measures to safeguard this information, place LIT at risk. Such employees may be denied access to LIT data systems. The penalty for FERPA violations could result in the loss of federal funds for the college, including the ability to provide Federal Financial Aid to our students.

Employees using the LIT Student Information System (SIS) must be constantly aware of FERPA issues. In particular, students may place a "Directory Hold" on release of ANY information about themselves. In those situations, a privacy notice will be displayed in SIS whenever someone authorized to enter the SIS system keys in the student's identification or social security number. When this occurs, a warning will appear stating "Do not give out any information on a student who has placed a "Directory Hold" on his/her information." If the person requesting the information is not the student, please refer them to the Registrar's Office.

All LIT personnel must acknowledge that they understand and accept the responsibility of protecting the privacy of students.

POLICY 2.21 CLASSROOM CONDUCT

SCOPE: FACULTY AND STUDENTS

Each student is expected to behave appropriately while in an instructional classroom setting and to avoid conduct that is disruptive of other students or that interferes with the full participation of other students in the class. In determining whether classroom behavior is appropriate, the instructor shall be the final authority and may direct a student to leave the classroom for the duration of the scheduled class period if the student violates the required classroom conduct as set forth in this policy. If a student's offensive conduct is the result of a documented disabling condition and is unavoidable, then the faculty member will confer with appropriate administrator or with the Special Populations Coordinator.

Any one or a combination of the behaviors described below shall be sufficient justification for an instructor to direct a student to leave the classroom for the duration of the class period. This list is not necessarily all-inclusive.

1. Any speech or action by a student which, after a warning by the instructor to cease, continues and significantly disrupts classroom activities or significantly interferes with the classroom participation of one or more students.
2. Any physical action or serious threat of physical action which poses a danger of bodily harm to the instructor, another student or the acting student.
3. Any intentional damage to or destruction of property belonging to the college, the instructor, or another student.
4. The use or possession of alcohol or illegal drugs.
5. Cheating which has been directly observed by the instructor.
6. Violation of college policies pertaining to weapons
7. Eating or drinking in the classroom, after warning by the instructor to dispose of food or drink.
8. Allowing a child, guest, and/or animals to be present in the classroom, after warning by the instructor that the child, guest, and /or animal is not allowed in the classroom during the class session.

Any student who remains in the classroom after having been directed to leave shall be deemed a trespasser. The Associate Vice President of Student Services, or designee, may contact the local law enforcement authority and request that the student be forcibly removed from Lamar Institute of Technology (LIT) premises.

In the event that an instructor believes that the conduct of a student warrants more severe disciplinary treatment than ejection from the classroom for the duration of one class period, the instructor may refer the matter to the Associate Vice President of Student Services who may proceed in handling the matter according to Student Conduct and Discipline Policy.

Section 2: General Policies

Any student who believes that he or she was unjustifiably directed to leave a classroom or wrongfully removed from a classroom may pursue a grievance in accordance with the LIT Student Grievance Policy.

If the removal of a student from a classroom causes a disturbance, or if an ejected student refuses to leave quietly, or if the instructor believes, for any reason, that the removal of a student has created a reportable incident, the instructor shall complete an Incident Report and deliver it to the Provost/Vice President of Instruction. LIT shall review the incident report and forward it to the Office of Campus Safety.

POLICY 2.36 NAMING OF LAMAR INSTITUTE OF TECHNOLOGY FACILITIES

SCOPE: FACULTY AND STAFF

In accordance with *The Texas State University System (TSUS) Rules and Regulations, Chapter III System – Component Operations, Section 9 Naming Initiatives: Facilities, Statues and Monuments, Academic Programs, and Building Plaques*, the Board of Regents (the Board) shall be authorized to name a Lamar Institute of Technology (LIT) building, to include rooms and classrooms, after donors who have made significant contributions to the College, or Lamar Institute of Technology Foundation, Inc. (the Foundation), for the benefit of LIT and its students. The determination of a donation significant in value to authorize the naming of an LIT building, room, or classroom shall be made upon the recommendation of the President and by a majority vote of the Board at a regular meeting. LIT facilities named under this policy shall not be changed, except as required by law; if there is demolition, significant renovation or destruction by force of nature; or if any legal impropriety or circumstances of the donor or distinguished designee reflect negatively on LIT. Such changes shall be made by a majority vote of the Board at a regular meeting.

This policy is established to provide consistency, fairness, appropriate recognition and value in exchange for the honor and privilege of name association with a facility or physical property of LIT. This policy is intended as a guide and allows the Board flexibility on a case- by- case basis.

The following guidelines for naming LIT facilities shall be followed. Exceptions may be made only by a majority vote of the Board at a regular meeting. Amounts for these naming opportunities shall be reviewed periodically by the Board.

1. Facilities may be named for someone in recognition of distinguished service who has made a significant positive impact on LIT over an extended period of years.
 - 1.1 A committee of no less than seven members, appointed by the President, to include LIT employees, Foundation Board Members and Directors, will determine the worthiness and the degree of internal and external support for the proposed naming, and will submit a recommendation to the President.
 - 1.2 The designee for this tribute must agree to the proposed naming prior to the President's recommendation to the Board.
2. Facilities may be named for a donor of a significant contribution of resources to the Foundation or LIT. Contributions are considered investments that enhance the college's ability to meet the higher education needs of the community, particularly toward a level of excellence that would not be possible with only state funding and tuition. Therefore, LIT seeks to provide appropriate recognition to major donors for their generosity. Any philanthropic commitments connected with the naming must either be realized or irrevocable, or there should be reasonable assurance that a pledge will be fulfilled. If the commitment is not realized in full at the agreed time, the naming shall be subject to reconsideration by the Board and any contributions provided by the donor will be retained by LIT or the Foundation.
 - 2.1 Donors to be honored with naming opportunities may include individuals, families, organizations, foundations and corporations.

Section 2: General Policies

- 2.2 Contribution levels for specific naming opportunities will be determined based on size, age, location and function of the facility. Minimum gift ranges, either monetary or property appraised with like values, are as follows:

Name Opportunities	Minimum Gift
Campus or Center	\$ 5 million
Building	\$ 1 million
Entrance hall, lobby, building wing	\$ 500,000
Outdoor plaza	\$ 250,000
Bookstore, cafeteria, office suite	\$ 100,000
Laboratory, classroom, miscellaneous rooms, gardens	\$ 50,000

- 2.3 Specific contribution levels may be established with either fixed or minimum dollar amounts for sponsorship of other physical property on campus. Such property ordinarily includes permanent fixtures and furnishings.
3. The LIT President, in collaboration with the donor and other appropriate parties, shall make decisions to:
- 3.1 Determine content, timing, location and frequency of public announcements associated with the gift.
 - 3.2 Approve physical markers or signs that provide information about the designee or donor and/or the nature of the gift or honor, in keeping with the design standards established by the Institute
 - 3.3 Carry out any ongoing care and maintenance of any named facility or property and physical markers, in keeping with the maintenance standards established by the Institute.

POLICY 2.40 REPEATED COURSE POLICY

SCOPE: FACULTY, STAFF AND STUDENTS

POLICY: Texas Administrative Code §13.108 allows institutions to charge a higher tuition rate to a student who (1) repeats a course more than twice or (2) enrolls for the second time in a completed course.

1. Tuition

Lamar Institute of Technology (LIT) will charge students a higher tuition for repeated courses that may not be submitted for formula funding. The tuition rate will be equal to three times the resident undergraduate tuition rate.

2. Exemptions

A student is exempted from payment of higher tuition for any course repeated in the final semester or term before graduation, if the course(s) is taken for the purpose of receiving a grade that will satisfy a degree requirement. This exemption applies for only one semester.

A student is exempted from the payment of the higher tuition rate if the payment of the higher tuition rate will result in an economic hardship for the student. An economic hardship may be demonstrated if the student has been approved to receive financial aid.

The following types of hours are exempt and not subject to a higher tuition rate under the Repeated Course Policy:

- 2.1. Hours for developmental courses;
- 2.2. Hours for special topics courses
- 2.3. Hours from developmental courses; workforce education courses, or other courses that would not generate academic credit that could be applied to a degree at the institution if the course work is within the 27-hour limit at two-year colleges and the 18-hour limit at general academic institutions;

POLICY 2.41 INCOMPLETE GRADE POLICY

SCOPE: FACULTY, STAFF, AND STUDENTS

A grade of Incomplete ('I') is a temporary grade which may be given to a student at the instructor's discretion. The decision to allow a student to receive an 'I' is the sole decision of the faculty member while adhering to established criteria.

An 'I' is recorded on the student academic record when illness, necessary absence, or other reasons beyond the control of the student prevent completion of course requirements by the end of the academic term.

A grade of 'I' must not be given as a:

1. Substitute for a failing grade
2. A means for raising a student's grade by allowing additional coursework after the academic term.

An 'I' should not be assigned when it is necessary for the student to attend additional class meetings to complete the course requirements. Students who receive an incomplete grade in a course must not re-register for the course in order to remove the 'I'. A failing grade and last date of attendance must be recorded for students who cease attending class without authorization.

An incomplete grade may not be considered passing for purposes of determining academic standing, federal financial aid eligibility, athletic eligibility, or other purposes.

Effective Date: The Incomplete Grade Policy will be effective on August 23, 2010. The policy will affect incomplete grades awarded in the Fall 2010 semester and all academic terms thereafter.

Criteria to Award a Grade of Incomplete: The following criteria must be used as a guideline to make the determination if a grade of 'I' may be awarded to a student:

1. The student's work, to date, is passing;
2. Attendance has been satisfactory through at least 70% of the term;
3. An illness or other extenuating circumstance legitimately prevents completion of required work by the published due date;
4. Required work may reasonably be completed in an agreed-upon time frame, generally six (6) weeks following the start of the next semester.

Procedure:

1. The Incomplete Grade Contract must be completed and signed by the student and the instructor.
2. The completed Incomplete Grade Contract must be approved by the department chair and appropriate Dean of Instruction.
3. A copy of the contract must be delivered to the student.
4. The final grade is submitted on the Incomplete Grade Contract. The form must be delivered to the department chair for submission to the Provost/Vice President of Instruction.
5. The Provost/Vice President of Instruction will review and forward approved Incomplete Grade Contracts to the Records Office.

Section 2: General Policies

Timeline: Incomplete grades must be replaced no later six (6) weeks following the start of the next semester. Only under the most extenuating circumstances may the timeline be extended and only with the approval of the Provost/Vice President of Instruction.

Transcripts and Grade Point Average:

1. The course work may be completed while the student is not enrolled.
2. Incomplete grades do not affect the grade point average.
3. Notation of the original incomplete status of the grade remains on the student's transcript along with the final grade.

POLICY 2.42 EMERGENCY SERVICES

SCOPE: FACULTY, STAFF AND STUDENTS

1. **Policy:** It is important to Lamar Institute of Technology (LIT) that emergency situations are addressed in an appropriate manner. The purpose of this policy is to clarify and give definitive directions to the LIT community in the event emergency services are needed. It is critical that appropriate actions are taken by individuals when presented with a situation that requires some level of support by either an emergency medical response team or campus security.

LIT is aware of three types of emergency situations, life threatening medical emergencies, non-life-threatening medical emergencies, and emergency situations that require immediate response from security or police.

2. Definitions / Actions

Life Threatening Medical Emergencies:

Individual experiencing a heart attack
Individual bleeding excessively
Individual experiencing a seizure
Critical accident on campus
If you feel the situation is life threatening

Non-Life-Threatening Emergencies:

Individual has fallen on campus
Non-critical accident on campus
If you feel the situation is non-life threatening

Non-Medical Emergencies requiring immediate response:

Bomb threat
Armed individual brandishing a weapon
Individual threatening the lives of others

In any of these situations, you need to be prepared to give an exact location. It is important to notify campus police when calling 911 so that they can assist in supporting the situation and/or directing emergency response teams to the correct location.

Campus Emergency Phone Pedestals are located in various locations outside buildings on campus. One is located outside the southeast side of T-5, another is located on the northeast corner of the Eagles' Nest, and another is located on the southeast side of the MPC. When activated, these phones call Lamar University (LU) police.

LU police numbers are emergency number (409) 880-7777 and non-emergency number (409) 880-8307.

POLICY 2.43 SUBSTANTIVE CHANGE

SCOPE: FACULTY AND STAFF

1. INTRODUCTION

Lamar Institute of Technology (LIT) is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award degrees at the associate level. The Code of Federal Regulations (34 CFR §602.22) requires that SACSCOC ensure that any substantive change does not adversely affect the capacity of the institution to meet standards, as established in the SACSCOC *Principles of Accreditation*. A substantive change is a significant modification or expansion of the nature and scope of an accredited institution. Substantive change includes high-impact, high-risk changes and changes that can impact the quality of educational programs and services. SACSCOC's Substantive Change Policy and Procedures, as well as additional information on substantive change, can be found at <https://sacscoc.org/accrediting-standards/substantive-changes/>.

2. PURPOSE

The purpose of this policy and the related procedures is to ensure all substantive changes are reported to SACSCOC in a timely fashion. Non-compliance to substantive change policy and procedures may subject the institution to monitoring, sanction, or removal from SACSCOC membership. Failure to secure approval, if required, of a substantive change involving programs or locations that qualify for title IV federal funding may place the institution in jeopardy with the U.S. Department of Education, including reimbursement of funds received related to an unreported substantive change.

3. POLICY

- 3.1. LIT will seek SACSCOC approval or make notification of changes in accordance with the SACSCOC Substantive Change Policy. LIT will develop and maintain Substantive Change Procedures to ensure timely and proper reporting to SACSCOC.
- 3.2. The Institute Accreditation Liaison (IAL) will monitor Institute activities and assess the possible need for notification of substantive change to SACSCOC.

4. PROCEDURE: Member institutions are required to notify SACSCOC of selected changes in accordance with the SACSCOC substantive change policy and, when required, seek approval prior to the initiation of identified changes. SACSCOC substantive change policy is published on the [SACSCOC website](#) and should be consulted for current requirements.

- 4.1. Adherence to substantive change requirements requires campus wide collaboration and commitment. Therefore:
 - 4.1.1. College committees and departments will remain aware of current SACSCOC substantive change policies and will notify the IAL of initiatives that may constitute a substantive change.
 - 4.1.2. The IAL will be a member of the Executive Team and an ex-officio member of the Curriculum Review and Distance Education committees to provide guidance on substantive change reporting requirements.

Section 2: General Policies

- 4.1.3.** The IAL will be responsible for coordinating substantive change reporting.
- 4.1.4.** The Executive Team will be made aware of recommended substantive changes.
- 4.1.5.** Substantive changes will be submitted to the Texas State University System Board of Regents, Texas Higher Education Coordinating Board, and SACSCOC according to their procedures.
- 4.1.6.** Documentation of substantive change initiatives, notifications, and statuses will be maintained by the IAL.

POLICY 2.44 DISTANCE EDUCATION

SCOPE: FACULTY, STAFF AND STUDENTS

1. Instructors

- 1.1. **Policy:** Lamar Institute of Technology (LIT) employees who teach an online section must comply with the Distance Learning Handbook Guidelines. Employees who do not comply with the guidelines will not be allowed to teach an online section.

2. Student Privacy in Distance Education

- 2.1. **Policy:** LIT protects the privacy of students enrolled in LIT distance courses and/or programs.

SACSCOC standard 10.6 requires that an institution that offers distance education have “a written procedure for protecting the privacy of students enrolled in distance and correspondence education courses or programs.” LIT complies with the Family Educational Rights and Privacy Act (FERPA) concerning the control of access to confidential student information.

All credit-bearing courses and programs offered through distance learning methods must not permit access to or release of any confidential student information to any third parties without written consent of the student other than to the following:

- LIT officials and staff who have legitimate educational interests.
- Officials of other schools to which a student has applied for admissions or plans to enroll.
- Federal, state, or local officials as defined by the law.
- Accrediting organizations when conducting accrediting functions.
- Parents of a dependent student (according to the Internal Revenue Service code).
- The courts, in compliance with a subpoena or judicial order, once the college has made a reasonable effort to contact the student.
- Appropriate emergency contacts as defined by the student if the requested information is necessary to protect the safety or health of the student or other individuals.
- Appropriate external parties, such as law enforcement agencies, in order to investigate and respond to suspected violations of law or LIT policy. Any such disclosures shall comply with all applicable laws and LIT policies.

2.2. FERPA and Distance Education

- 2.2.1. **Introduction:** Electronic student submissions should not be accessible to anyone other than the student and the LIT employee who needs the electronic submission to carry out his/her duties. This group of employees would usually include the instructor, administrators or staff approved by the Office of Instruction, and learning management system or e-learning administrators. For student work to become available to a third party, the student must give permission through a written, signed consent. The consent

Section 2: General Policies

is voluntary, and a student may decline. If a student declines to give consent, the student cannot be denied any academic opportunity or privilege, or suffer any adverse consequences as a result.

NOTE: If students are trading documents or projects for peer review, FERPA does not apply until the work is collected and recorded by the instructor.

- 2.2.2. **Third Party Hosting:** Personal information collected is not disclosed to third parties unless the third party is an institutionally-authorized provider of services. Users of these services are subject to the privacy policies established by the third-party provider. The contracted party and LIT will comply with all local and federal laws regarding privacy and security information. For example: LIT currently contracts the hosting of a campus-wide learning management system.
- 2.2.3. **Sites Outside of Institutional Systems:** If an instructor requests or requires students to post to websites or social networking sites outside of the institution (e.g., for interaction with the wider community), FERPA protections for that information as to third parties cannot be assured because the material is not on an LIT controlled website. However, instructors should communicate the issues, conditions, and risks associated with any postings that will be publicly available on the Internet at the beginning of the academic term, preferably in the syllabus. Instructors should never post student grades, schedules, student ID or Social Security numbers, or other personally identifiable information. Likewise, instructors should remind students to be careful about posting personal information (schedules, real names, etc.) about their classmates.
- 2.2.4. **Student Threaded Discussions or Forum Postings:**
Written consent to display student identity is not necessary for threaded discussions or forums if:
 - Students perform the posting (not instructors).
 - Electronic submissions do not contain grading or evaluative comments by a professor.
 - Students are notified in advance before or during enrollment that posting of their work is a course requirement.
 - Submitted work is not available to anyone outside of the class members and faculty.
- 2.2.5. **Plagiarism Detection Software:** LIT faculty may use or require the use of software intended to deter plagiarism or provide review by instructors or peers.
- 2.2.6. **Secure Credentials:** The T-number (student ID) is not a secure credential and may be displayed in some identity badges, software systems, etc. The password used to enter the system IS a secure credential. Access passwords may not be shared or given for any reason to anyone other than the user to whom they were assigned.

- 3. **Compliance:** In accordance with the responsibilities outlined above, LIT Leadership is expected to ensure that all faculty and staff within their units remain in compliance with this policy.

Section 2: General Policies

- 4. Frequency of Review and Update:** Technology and Distance Education regulations continue to progress and change. This policy will be reviewed annually by the Office of Instruction and the office of Online Learning for continued alignment with applicable federal and state laws, regulations and policies.

1. **Policy:** Lamar Institute of Technology (LIT) recognizes its commitment to the emotional and physical well-being of its, students, faculty, and staff. There is increasing concern, interest, and anxiety about active shooters on America's campuses. Members of LIT Campus Safety and Lamar University Police Department (LUPD) are trained and equipped to respond to an emergency incident of this nature. The police will evaluate the situation and determine the best course of action to take for the safety of the LIT community. LUPD will be responsible for all tactical operations and will call on area law enforcement agencies, fire-rescue, and EMS for assistance, as needed. The LIT President, or in his/her absence the next Vice President in the chain of command, i.e. Provost/ Vice President of Instruction, Executive Vice President of Finance & Operations, or Associate Vice President of Academic Affairs will coordinate with the Lamar University Police Department.
2. **Procedures:** The immediate response of the first officers on scene is to take aggressive action to find and stop the shooter or shooters. As they move into the affected area, rescue efforts will be delayed until the shooter is located and stopped or no longer a threat to life. If you are wounded or with someone who is wounded, these officers will bypass you to search for the shooter. Rescue teams will follow shortly to aid you and others.

*The following protocol is sound and generally applicable but must be adapted to the specific situation. Bottom line, if you hear shots fired on campus, or if you see or know that an armed person is shooting people, **protect yourself first – move to a safe location.***

2.1 IF THE SHOOTER IS OUTSIDE YOUR BUILDING:

- 2.2.1 Determine if the room you are in can be locked. If so, follow the directions above.
- 2.2.2 If your room cannot be locked, move to a room that can, or exit the building – **ONLY IF IT IS SAFE TO DO SO**
- 2.2.3 Notify anyone you may encounter to exit the building immediately.
- 2.2.4 As you exit the building, keep your hands above your head and listen for instructions that may be given by police officers. If an officer points a firearm at you, make no movements that may cause the officer to mistake your actions for a threat. Try to stay calm.
- 2.2.5 If you get out of the building and do not see a police officer, call 911 or 880-7777 and provide the dispatcher with the following information:

POLICY 2.46 PUBLIC ACCESS DEFIBRILLATION

SCOPE: FACULTY AND STAFF

1. **Purpose:** Lamar Institute of Technology (LIT) recognizes the potential for Sudden Cardiac Arrest (SCA) to faculty, staff, students and visitors on campus. SCA is usually caused by an electrical malfunction that makes the heart quiver ineffectively. As SCA can happen anywhere anytime, Cardio-Pulmonary Resuscitation (CPR) is critical, but just a temporary measure that helps maintain blood flow to the brain. A lifesaving pulse of electricity and defibrillation must be delivered quickly to restore the heart's normal rhythm; because time is critical when a SCA strikes, LIT is placing Automated External Defibrillators (AEDs) in key locations around campus. AEDs can be used by anyone.

2. **Roles and Responsibilities**

- 2.1. Director of Safety:

- 2.1.1. Coordinating order and placement of AEDs.
 - 2.1.2. Coordinating the training of LIT employees.
 - 2.1.3. Coordinating equipment and accessory maintenance.
 - 2.1.4. Monitoring the effectiveness of this program.
 - 2.1.5. Communication with Director of the EMS Program on issues related to the AED program (including post-event reviews).
 - 2.1.6. Revision of this program as required.
 - 2.1.7. Designate individual(s) for AED monthly safety check.

- 2.2. Medical Control

- 2.2.1. The Director of the EMS Program is responsible for:
 - 2.2.2.1. Providing medical direction for use of AEDs.
 - 2.2.2.2. Evaluation of post-event reviews.

- 2.3. Authorized AED Users:

- 2.3.1. Anyone can, at their discretion, provide voluntary assistance to victims of medical emergencies. The extent that these individuals respond shall be appropriate to their training and experience. Responders are encouraged to contribute to emergency response only to the extent that they are comfortable. The emergency medical response of these individuals may include CPR, AED, and medical first aid.

Section 2: General Policies

2.4. CPR/AED Trained LIT Employee Responsibilities:

- 2.4.1. LIT employees may complete required training to provide basic CPR/AED use. The Director of EMS Program must approve the CPR/AED training course.
- 2.4.2. Trained LIT employees should renew CPR/AED training every two years.
- 2.4.3. Activate the 911 emergency response system and provide prompt basic life support including AED and first aid according to training and experience.
- 2.4.4. Contact Director of Safety anytime an AED is used.
- 2.4.5. Understand and comply with the requirements of this program.

2.5. AED Equipment Use:

- 2.5.1. The AED should be brought to all cardiac and respiratory emergencies.
- 2.5.2. The AED should be used on any person who is 8 years of age or older, weighs over 55 pounds, and displays all the symptoms of cardiac arrest.

POLICY 2.47 TRANSFER POLICY

SCOPE: STUDENTS

Transfer students are considered for admission on the basis of their previous university and college records. Applicants must submit an Application for Admission and official transcripts from all universities and colleges attended. Students transferring to Lamar Institute of Technology (LIT) must be 'in good standing' at previous educational institutions. Students on scholastic suspension/probation from another institution must petition the Provost/Vice President of Instruction for acceptance. Likewise, students who wish to transfer from institutions where they are on disciplinary probation and/or suspension may enter LIT only with the approval of the Associate Vice President of Student Services.

Transfer students are subject to the Texas Success Initiative (TSI) requirements.

TRANSFER OF COURSEWORK

LIT accepts transfer coursework from regionally accredited colleges and universities, non-regionally accredited colleges and universities, military educational training facilities, foreign educational institutions, and limited non-collegiate training facilities.

1. Regionally accredited colleges and universities. Students must submit all official transcripts from all colleges attended.
2. Non-regionally accredited colleges and universities. Students must submit all official transcripts from all colleges attended. Official transcripts must be submitted. Additional documentation may be required prior to acceptance of credit. Coursework will be evaluated in terms of level, content, quality, comparability, and degree program relevance.⁸
3. Military educational training programs. Evaluation of military credit is based upon the evaluation recommendations outlined in the American Council on Education (ACE) Guide to Evaluation of Educational Experiences in the Armed Services manual. Students must submit either a Form DD214 or Form DD256, and a Military Transcript Summary.
4. Foreign educational institutions. Students wishing to transfer college level work to LIT from foreign educational institutions must have their official transcripts evaluated by an evaluation service approved by LIT. Credit for courses taken at foreign institutions will be awarded according to the policies outlined for transfer students.
5. Non-collegiate training facilities. Credit may be awarded for successful completion of learning acquired from participation in formal courses sponsored by associations, business, government, industry, and unions to the extent that the material is applicable and official certification and /or documentation of skills or competencies achieved is provided. Transfer credit for work accomplished in a non-collegiate setting may also be granted upon individual review and under the provisions expressed in the LIT Catalog. Many of the recommendations in the American Council on Education (ACE) publication

⁸ *Transfer of Academic Credit, A Position Statement, SACSCOC.*

Section 2: General Policies

'The National Guide to Educational Credit for Training Programs' and transfer credit practices of designated educational institutions are used to determine the award of credit.

PROCEDURE

Official transcripts from all colleges or universities must be submitted for evaluation of transfer coursework. Additional documents that demonstrate completion of learning from formal courses sponsored by associations, business, government, industry, and unions will be evaluated to determine transfer of credit. In some instances, students may be asked to supply additional information to assist in the evaluation of transfer coursework. Failure to provide transcripts from all colleges or universities attended and/or other documentation of formal courses may result in denial of the awarding of credit.

Students will be notified of acceptance of transfer work. The period of evaluation may be completed prior to enrollment but may occur at the end of the first academic term in which the student is enrolled. Acceptance of transfer course work by LIT does not guarantee credit for specific courses within particular programs of study or admission to all programs.

Students are encouraged to inform their advisors of any transfer courses at the time of the initial advisement.

GUIDELINES

The following guidelines may determine the extent of transfer courses, the impact of transfer coursework on grade point average, status at graduation (honors), and transcribed grades.

1. Grades of 'C' or better will be accepted as transfer credit for program specific course(s) within a degree plan.
2. Grades of 'D' will be accepted as transfer credit for general education courses (not program specific). Some programs have additional policies that will not allow the transfer of a 'D'. Students are advised to contact individual program advisors for policies about the transfer of a 'D'.
3. Courses transferred to a degree plan will be used in the calculation of the cumulative grade point average.
4. Grades of 'F' will not transfer to LIT.
5. Courses transferred to a degree plan will be used to determine 'honors' upon graduation.
6. At least 25 percent of the credit hours required for the degree must be earned through instruction offered by LIT.

Transfer Dispute

The following procedures shall be followed in the resolution of credit transfer disputes involving lower-division courses:

1. If Lamar Institute of Technology does not accept course credit earned by a student at another institution of higher education, LIT shall give written notice to the student and to the

Section 2: General Policies

sending institution that transfer of the course credit is denied. LIT shall provide written notice of the reasons for denying credit for a particular course or set of courses at the request of the sending institution.

2. A student who receives notices as specified in item (1) of this section may dispute the denial of credit by contacting a designated official at either the sending or the receiving institution.
3. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with The Texas Higher Education Coordinating Board rules and guidelines.
4. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the institution that denies the course credit for transfer shall notify the Commissioner of Higher Education of the student's education and its denial and the reasons for the denial.

POLICY 2.48 EXPERIENTIAL LEARNING POLICY

SCOPE: STUDENTS

Lamar Institute of Technology (LIT) believes rigorous professional and/or personal development occurs in settings outside the traditional classroom and grants credit to students who demonstrate the academic merit of such experiences. These contexts for experiential learning include both formal and informal learning resulting from work experiences, non-credit courses, seminar training, workshops, professional licenses and certifications, community volunteerism and unique life experiences.

Students enrolled in degree, certificate, or diploma programs are permitted to seek credit for experiential learning. Credit may not be awarded for a course previously taken at Lamar Institute of Technology. The course for which experiential learning is requested must be offered in the current Lamar Institute of Technology Catalog and be included in the student's program of study.

Credit is awarded based on an assessment of a student's prior knowledge and acquired skills. Evidence of the student's prior learning must be equivalent to what a student would have obtained in the college-level course.

Students seeking experiential learning must allow adequate time for evaluation and review of the prior learning; therefore, it is recommended that the student submit his/her application as soon as possible, but no later than two full semesters before the anticipated graduation date.

The fee for experiential learning will be assessed at the rate outlined in the Prior Learning Assessment Handbook.

Students must earn at least twenty-five percent of semester credit hours for a degree at LIT.

Prior Learning Assessment Procedure

1. The student must schedule and complete a meeting with the Department Chair to discuss applying for experiential learning. The Department Chair will provide the Prior Learning Application and determine the appropriate assessment pathway.
2. The student will submit the Prior Learning Application and appropriate documentation to the Department Chair. The documentation must demonstrate student learning outcome consistent with every course outcome. Documentation may include samples of work, non-credit transcripts, certifications, or other evidence of prior learning.
3. The documentation will be evaluated by an LIT faculty member with expertise in the discipline and reviewed by the Department Chair, Dean of Instruction and the Provost/Vice President of Instruction.
4. College credit is awarded if the evaluator determines the documentation provides sufficient evidence that the knowledge and skills a student has acquired outside the classroom are equivalent to what one would have acquired in the respective college course.
5. The Office of Instruction will notify the applicant in writing of the outcome of the

Section 2: General Policies

application for experiential learning.

6. College credit will be awarded by the Registrar upon approval by the appropriate Department Chair, Dean of Instruction, and the Provost/Vice President of Instruction. Experiential Learning will appear as transfer credit on a student's transcript; and thus, the maximum amount of credit that can be awarded is limited by a student's total transfer hours. Credit hours will be awarded for experiential learning; however, no quality points will be assigned.
7. In determining experiential learning for coursework completed in continuing education non-credit coursework, the college references the NCCCS Continuing Education Master Course Listing and Business and Industry Guidelines.

There is no guarantee of earning experiential learning credits. The number of credits earned depends on the individual student's experience and the extent to which that experience is deemed to be equivalent to comparable learning achieved in LIT coursework. The decision of the evaluator is final.

POLICY 2.52 ACCREDITATION

SCOPE: Faculty and Staff

Policy: Lamar Institute of Technology (LIT), as an accredited institution of higher education, will maintain accreditation with the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) and will comply with all criteria and requirements therein stipulated. Various programs may also have discipline- or program-specific accreditation.

Background: As stated by the Texas Higher Education Coordinating Board (THECB), “accreditation is the recognition that an institution maintains standards requisite for its graduates to gain admission to other reputable institutions of higher learning or to achieve credentials for professional practice. The goal of accreditation is to ensure that education provided by institutions of higher education meets acceptable levels of quality.”

THECB-recognized accreditation is required if an institution is offering degrees or courses leading to degrees in Texas. THECB identifies the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) as the accreditor for all Texas public institutions of higher education.

The U.S. Department of Education (USDOE) recognizes SACSCOC as an institutional accreditor. The USDOE also recognizes programmatic accreditors. As of last review of this policy, the following programmatic accreditors accredit programs at LIT:

- American Dental Association Commission on Dental Accreditation
- Joint Review Committee for Education in Radiologic Technology

Responsibilities:

1. The Institutional Accreditation Liaison (Liaison) - provides oversight for accreditation related activities and communication.
 - 1.1. The Liaison is responsible for ensuring that other accreditors are notified when a change in accreditation status occurs, including imposition of public sanctions or voluntary withdrawal from accreditation.
 - 1.2. The Liaison will monitor and track both institutional and programmatic activities, communications, and deadlines.
2. Programs

Classification of Positions: All positions in the classified service are assigned to a class of positions (or title) which reflect accurately and currently the duties, responsibilities, qualifications, and other work requirements of all positions within the class. Each class involves substantially the same kind and level of work in terms of complexity and responsibility as well as comparable educational and experience requirements. Titles assigned to each class of positions are descriptive of the nature of the work performed by the positions within that class.
 - 1.1. Each class or title is analyzed and evaluated in relation to all other classes and allocated to a salary level which ensures proper and equitable internal relationship to all other classes.
 - 1.2. Individual positions are allocated to appropriate classes or titles which in turn determines the salary range applicable to the position.
2. Job Description: Human Resources has prepared or will prepare as need arises, a written description for each class of positions. Job descriptions shall include a class title, typical duties and responsibilities representative of those performed by incumbents of the class; educational and experience qualifications required, type and extent of supervision received and given, and such other allocation factors which are pertinent to the class.

Job descriptions are specific to each class of positions and establish the essential functions and responsibilities of positions in each class.
 - 2.2. Job descriptions will not contain qualifications that would serve to bar the physically or mentally handicapped unless such restricting qualifications are demonstrably inherent in the class such as, the requirement for certain educational or training level, the need to walk, bend or lift in performance of the normal and typical duties, the necessity for working in confined spaces, on ladders or scaffolds, etc.
3. **Use of Class Titles:**
 - 3.1. No person shall be appointed to, or employed in, a position in the classification plan under a title not included in the current Human Resources Classification and Pay Plan.
 - 3.2. Official class titles must be used in all human resources, budget, accounting, and financial records. POLICY 3.4 POSITION CLASSIFICATION FOR CLASSIFIED POSITIONS

SCOPE: STAFF

1. Policy: All positions, except faculty and administrative (non-teaching) positions, will be evaluated, classified and compensated in accordance with an established Classification and Pay Plan to ensure, insofar as practicable, the concept of "equal pay for equal work" based upon the requirements of each position.

Final approval of classification and compensation will be with the President.
 - 1.2. Although the primary responsibility for the administration of the position classification program is vested in the Associate Vice President for Human Resources, it is also the responsibility of all levels of supervision and management to assist in the program's administration by recognizing the need for and initiating the necessary actions to effect (a) the establishment of new positions, (b) the abolishment of unneeded or outdated positions, and (c) the reclassification of existing positions because of significant or substantial changes in duties and responsibilities.
 - 1.3 All classified positions will be assigned a Salary Group based on such factors as the information developed in the Position Analysis Questionnaire, the position analysis, the relevant labor market, and current positions within the classified pay plan.
 - 1.4. Classification into Salary Group shall be based on such determinants as tasks and duties of the job, skills necessary to perform the job, level of responsibility, policy creation, interpretation, implementation, supervision received, supervision given, budget authority, necessary education and/or experience to perform the job. Determination shall not be made based upon the ability of the account manager to pay.
2. Establishment of New Positions:
 - 2.1. When the need to establish a new position has been determined, the appropriate Vice President should contact the Office of Human Resources concerning the classification and salary group of the new position. The requesting department will be provided the appropriate position analysis questionnaire.
 - 2.2. Upon receipt of a completed questionnaire and appropriate approvals, Human Resources may perform a position audit and assign a class job title and appropriate salary group using the applicable job evaluation standards.
 - 2.3. Should the proposed position require the establishment of a class title not in the current Human Resource Classification and Pay Plan, the Associate Vice President for Human Resources or designated representative will assign a title, establish salary group and prepare a class job description.

Section 3 Classification/Salary

3. Review of Existing Classified Positions:

- 3.1. The President shall appoint members of the Classification and Compensation Review Committee. This committee shall be responsible for reviewing the classification of existing classified positions. The Human Resource Manager shall chair the Committee. Other members of the Human Resource team will assist as necessary in an ex-officio capacity.
- 3.2. Position Analysis Description Questionnaires (PAQ) may be sent to selected incumbents in the classified positions to be reviewed by the Committee. Other analysis tools may be used as deemed necessary by the Committee. The questionnaires should be completed or revised by the position incumbent and reviewed for accuracy by the supervisor.
- 3.3. The Committee will recommend classification of the positions under review using any and all tools at their disposal. This review shall be timely to the preparation of the annual budget.
- 3.4. The President and the Vice Presidents may request a classification review of a position. It is recommended that these requests be reserved for positions which are currently vacant and the department has completed a restructuring which impacts the position in question.
- 3.5. Any budget request for position reclassification, title change, or equity salary increase must have the supporting documentation from the Office of Human Resources.
- 3.6. An incumbent whose position is reclassified to a class having increased responsibilities or complexity of duties and in a higher salary range, and who is eligible to remain in the position, is considered to have been promoted as a result of the reclassification. The incumbent's compensation will be recommended by Human Resources at the time of the reclassification.
- 3.7. The incumbent of a position reclassified to a class having decreased responsibilities and complexity of duties and in a lower salary range, is considered to have been demoted as a result of the reclassification. The incumbent's compensation upon such reclassification will be recommended by Human Resources at the time of reclassification. Such change is not a reflection of the incumbent's job performance and cannot be grieved unless the incumbent presents prima facie allegations that the reclassification is a violation of the constitution and laws of the United States or of the State of Texas.

4. Establishment of Trainee Positions:

- 4.1. A trainee position may be established when (a) diligent recruitment effort has determined the absence of qualified applicants for any entry level job which requires technical or specialized knowledge, techniques, and/or experience or (b) it is desired to provide opportunities to current employees under an employee development program.
- 4.2. The establishment of a trainee position requires a written agreement between the department head and the Associate Vice President for Human Resources. Such written agreement must include (a) length of the training program which must be for no

Section 3 Classification/Salary

more than six (6) months, (b) general content of the training program, (c) trainee pay rate, and (d) pay adjustment of the employee to the minimum of the salary range of the job upon successful completion of the training program.

- 4.3. Trainee Rate: A trainee rate of pay will be the equivalent of at least three (3) percent below the minimum of the salary range applicable to the position. Upon successful completion of the prescribed training period, the employee's salary will be adjusted to the minimum step of the salary applicable to the position, and such salary adjustment will become effective the first day of the next month following completion of the training program. It is the responsibility of the department head to initiate the necessary action to accomplish the salary adjustment of the employee following successful completion of the training period.

5. Assignment of Classified Staff:

- 5.1. To facilitate the work of the institution, any classified employee may, during emergencies or other special circumstances, be temporarily assigned to a position different from the classified position he/she was hired to perform. A temporary reassignment is normally for periods not to exceed six (6) months.
- 5.2. To facilitate the work of the institution or any work unit within the institution, classified staff may be reassigned work duties and responsibilities.
- 5.3. For salary impact, refer to Policy 3.6. Non-exempt employees assuming exempt positions must perform the duties of that exempt position more than 80% of the work time in order for the employee to be treated as exempt. Stipends to non-exempt positions increase the amount of base pay for the computation of overtime pay rates. Care should be taken when considering the assignment of exempt position duties to a non-exempt employee.

POLICY 3.5 SALARY ADMINISTRATION FOR CLASSIFIED POSITIONS ¹³

SCOPE: STAFF

Policy: It shall be the policy to maintain a salary plan that is fair and equitable to all employees; provide the Institute with qualified incumbents, and be within the Institute's fiscal means or constraints.

1. New Employee Salaries: It is the policy of Lamar Institute of Technology to hire new employees (new to the Institute) at a minimum of the position salary range. It is also the intent of the Institute to provide the opportunity for hiring departments to recognize the exceptional experience of some new hires while maintaining an equitable relationship to the incumbent employees in the same position classification.
 - 1.1. All new hires shall be brought in at the established minimum of the classified positions. "New Hire" is defined as new to Institute employment.
 - 1.1.1. New hires with exceptional experience (experience that greatly exceeds the minimum requirements) and promoted employees, whose present salary is higher than the entry level of the new position, will be eligible to receive additional compensation up to a maximum of 10% above the entry level for that position.
 - 1.1.2. An amount equal to 2% for every year of applicable experience beyond minimum, up to a maximum of 10% above the minimum pay by the hiring manager.
 - 1.1.3. The hiring department will prepare a memo of justification and request.
 - 1.1.3.1. The memo shall outline specific experience of the applicant/new hire and compare this to the job standard.
 - 1.1.3.2. The memo shall have places for approval or disapproval by the Dean/Director and the appropriate Vice President.
 - 1.1.3.3. The memo shall be accompanied by the job description and a copy of the applicant's resume and application.
 - 1.1.3.4. Approval of the request for entry above the minimum must be given by the appropriate Vice President and approved by the President before the hiring packet is forwarded to the Office of Human Resources.
 - 1.1.3.5. Before final approval, the Human Resources Office will review the hiring rate to determine the relationship to rates paid to similarly qualified or more experienced employees in the same job classification. The President will be contacted if there are any equity concerns.

Section 3 Classification/Salary

2. **Salary Limit:** The salary or wage rate of a classified employee will not exceed the maximum of the salary grade applicable to the employee's position except when a salary increase mandated by the State Legislature results in a salary or wage rate in excess of the maximum.
3. **Promotions:** For compensation purposes, a promotion occurs when a classified employee is selected to fill a job in a new grade with a salary range minimum at a higher level than the employee's current salary range minimum in job classes.
 - 3.1. To be considered for a promotion, the employee must meet the minimum qualifications or have clearly demonstrated the ability to perform the duties of that position.
 - 3.2. An employee who is promoted will be eligible to receive a promotional increase of 3% above their current rate of pay or above the minimum salary of the new position, whichever is higher.
 - 3.3. If the current salary of the employee is higher than the minimum of the salary range for the new position, the hiring department may request an exception. This request should be in the form of a memo delineating the employee's exceptional experience. The request must have the approval of the Dean/Director, the area Vice President and the President.
4. **Demotions:** When a classified employee is demoted to a position of decreased responsibility or less complexity of duties requiring a title change and having a lower salary range, the employee's salary must be adjusted to an appropriate level within the new salary range as agreed upon between the Associate Vice President for Human Resources and the department head concerned provided, however, that the employee's salary is not increased thereby.
5. **Transfers:** When a classified employee is transferred laterally to another position having the same or different title but the same salary range, the employee will continue with the current salary. An employee will not receive a salary increase as a result of a lateral transfer. Compensation for an employee who applies for and is hired in a position of a lesser salary grade shall not exceed 3% above the entry level of the new position entry level.
6. **Longevity Pay:** Each regular full-time, non-academic employee is entitled to longevity pay of \$20.00 per month for each two (2) years of service as a state employee, up to and including forty-two (42) years of service. An employee will receive longevity pay after two (2) years of service and will receive longevity increases after each additional two (2) years of service. Length of service for longevity pay is determined in the same manner as length of service for vacation. However, legislative service is included in determining an employee's lifetime service credit for longevity pay. An employee's status at the beginning of the month determines longevity pay.
7. **Salary Reduction for Disciplinary Reasons:** If a classified employee's performance so warrants, the President may approve reduction of the employee's salary for disciplinary reasons to a rate in the designated salary group no lower than the minimum salary rate. The employee's salary may be restored to any level in the range up to and including his prior rate as such employee's performance improves.

Section 3 Classification/Salary

8. **Salary Limitations for Retirees Resuming State Service:** The 77th Legislature repealed the salary limitations for retirees resuming state service.
9. **On-Call Salary:** Employees who are on-call must be compensated according to the Fair Labor Standards Act's definition of on-call with pay or on-call without pay. Institute practice gives called-in employees a minimum of 2 hours pay. On-call with pay or called-in hours will be added to the worker's total workweek. All hours in excess of 40 will be calculated at the FLSA overtime rate.
10. **Pay Schedule:** The office of Human Resources will assist the President in the development and maintenance of the pay schedule for classified positions at Lamar Institute of Technology. It shall be the goal of Lamar Institute of Technology to maintain a competitive stand in the labor market by reviewing the classified and unclassified salaries against the changing markets.
11. **Retention Bonuses:** To enhance the retention of staff employees necessary for operations, a bonus of up to \$5,000 may be paid to an individual employed in a staff position deemed essential to the operation of the Institute.
 - 11.1. The President of the Institute must approve the payment and affirm the necessity.
 - 11.2. The employee must remain with the Institute in a staff position for 12 months after the date of execution of a bonus contract.
 - 11.3. The contract may be executed only after 12 months of employment in a staff position.
 - 11.4. The lump-sum bonus amount may be included in the staff employee's paycheck the month after the end of the 12-month bonus period.
 - 11.5. Before a bonus contract may be executed, the need to retain the necessary staff employee must be adequately documented by letter from the President to the Chair of the Board of Regents and the Comptroller of Public Accounts.
 - 11.6. Retention Bonuses do not constitute compensation or salary and wages for purposes of determining the amount of the State's contribution for retirement.
12. **Merit Salary Increases:** It is the policy of Lamar Institute of Technology to annually review the performance of staff employees and recognize those who have rendered meritorious service the past year. This program will be administered in a manner to insure appropriate consideration of individuals throughout all sectors of the institution.
 - 12.1. The number and amount of merit salary adjustments will be dependent upon the institution's ability to provide continuing budgetary support. Specific guidelines regarding the awarding of merit will be announced by the President and the Executive Council.
 - 12.2. Recommendations for merit increases will be submitted by the department chairperson or administrative head to the appropriate Vice President for approval and inclusion in the budget development process. The department chair/director, dean, and Vice President will require adequate documentation to substantiate the merit pay action.

Section 3 Classification/Salary

12.3. Performance Evaluation:

- 12.3.1. Classified and Professional/Non-Classified Employees: Merit increase recommendations must include a copy of a performance review completed within the last six (6) months. Evaluations must have justifications for outstanding ratings and indicate meritorious service during the past year.
- 12.3.2. Administrative Employees: Merit increase recommendations must include a copy of a performance evaluation completed within the last six (6) months and that evaluation must indicate meritorious service during the past year.
- 12.3.3. Faculty: Procedures for performance evaluations are identified in this Policies and Procedures Manual.

12.4. To be eligible for a merit salary increase or one-time merit payment, a candidate must:

- 12.4.1. Have been an employee of the Institute for at least twelve (12) continuous months prior to the award, excluding any calendar month of leave without pay;
- 12.4.2. Have at least twelve (12) months elapsed since the last promotion, disciplinary action or merit increase or one-time merit payment; and
Note: An employee may receive only one (1) merit increase or one-time merit payment in a fiscal year.

12.5. Only employees at the maximum of their salary groups are eligible to receive one- time merit payments. These payments will not become part of the base salary in subsequent years.

12.6. Process for Awarding Merit Salary Increases:

- 12.6.1. Recommendations will be submitted by supervisors during the budget development process. All increases awarded will be effective September 1, and will be included in the institution's operating budget. No increase will be retroactive.
- 12.6.2. Each merit increase will be calculated only on base pay (i.e. without regard for longevity, hazardous duty pay). Merit is awarded without regard to any equity adjustment or other equity issues.
- 12.6.3. Any merit pay increase award will be in addition to State of Texas or institutional across the board raises, and will be applied before the across the board increase. A merit pay increase will become part of the employee's base pay. (Example: State 4% and merit 2% = 6% of the 8/31 base salary. State \$100 per month, merit of 2%: the merit will be calculated on the 8/31 base salary.)

12.7. In the event that due to budgetary constraints, a choice must be made between two or more comparable employees in the awarding of merit pay, the supervisor shall consider: special contributions; the attendance records; the length of service with the institution; the length of time in his/her position; and the individual's salary history.

Section 3 Classification/Salary

- 12.8. The appropriate Vice Presidents will review the recommendations and give final approval of merit salary adjustments.
- 12.9. If funds are not available for merit pay increases, the President and the President's Council may choose to award Administrative Leave with pay. Such leave should not exceed the 32 hours Outstanding Performance established in the Texas Government Code Ann., Section 661.911;
 - 12.9.1. Outstanding performance leave must be used within the 12 (twelve) months following the award.
 - 12.9.2. An employee who leaves the Institute prior to the exhaustion of the leave, the remaining balance will be forfeited.
- 12.10. Vice Presidents, Deans, and Directors should review the assignment of merit on an annual basis to ensure that deserving employees are given consideration by their supervisors. Each Vice President may form a Merit Review Committee to hear staff member appeals.

 - 3.2. Exempt and Nonexempt Assignments: When the additional temporary duties and responsibilities are for an exempt position, a review of the total workload of the individual must be done. If 80 per cent or more of the new total assignment is exempt work activity, then the employee will be eligible for the replacement compensation rather than overtime/compensatory leave.

When the additional temporary duties and responsibilities are nonexempt in nature, the employee performing those duties will only be eligible for both State and Federal compensatory time for all work in excess of 40 hours rather than replacement compensation.
 - 3.3. Changes in Excess of Eight (8) Months: Changes of assignments to more complex duties/responsibilities which shall exceed the eight (8) month definition of temporary are not addressed by this policy. See the policy addressing Position Classification.
 - 3.4. Primary Job Retention: The employee receiving remuneration or compensatory time under this policy shall retain the primary job assignment in addition to the temporary or interim assignment.

 - 4.2. The total remuneration (primary salary plus replacement compensation) shall not exceed the salary of the vacant position.
 - 4.3. POLICY 3.10 FACULTY TEACHING LOAD

SCOPE: FACULTY

Revised: February 24, 2014

Approved by President's Council: March 3, 2014

Each full-time member of the teaching faculty for Lamar Institute of Technology shall teach a minimum of 15 classroom contact hours, or its equivalence, per week. A classroom contact hour consists of a regularly scheduled one-hour period of classroom activity in a course of instruction which has been approved. For purposes of calculating the 15-hour teaching load for each full-time faculty member, the approved schedule for faculty workloads and supplemental payments policy will be used. Each lecture hour will be equated as one classroom instructional hour. Each laboratory or clinical hour will be equated as a portion of a classroom instructional hour. Therefore, a faculty member may teach more than the 15 classroom contact hours per week to meet the minimum teaching load requirements.

Faculty Work Loads During the Summer Term:

Regular full-time faculty members who are selected to teach during the Summer terms shall be paid according to the approved adjunct pay schedule.

POLICY 3.11 FACULTY WORKLOAD PAYMENTS

SCOPE: FACULTY

The following guidelines will apply to computing faculty teaching loads and determining when to pay full-time faculty members on a supplemental basis.

1. An instructional hour equivalent is an artificial unit of measure which does not necessarily correspond to credit hours, lecture hours, laboratory hours, clinical hours, or contact hours. An instructional hour equivalent is used for the purposes of calculating full-time loads and supplemental payments, except where indicated. The following will be used for the purpose of calculating instructional hour equivalents:
 - 1.1. One lecture hour equals 1.0000 instructional hour equivalent.
 - 1.2. One science, computer science laboratory hour equals 0.7500 instructional hour equivalent.
 - 1.3. One healthcare laboratory hour, clinical hour, or practicum, equals 0.8750 instructional hour equivalent.
 - 1.4. One hour of non-credit instruction (includes lecture, laboratory, and clinical) equals 0.8333 instructional hour equivalent.
 - 1.5. One laboratory or clinical hour, not included in 1.2 through 1.4 above, equals 0.5000 instructional hour equivalent.
2. A full-time load will be calculated as follows:
 - 2.1. Full-time faculty teaching load is 15 semester credit hours (SCH) each Fall and Spring term. Faculty teaching lecture/lab and/or Clinical Coordinators may satisfy their teaching load requirements with less than 15 SCH as long as the total instructional hour equivalents are within the range of 240-400 instructional hour equivalents. A recommendation from the Department Chair and Dean will be sent to the Provost/Vice President for instruction for any faculty member with less than the required 15 SCH but within the required instructional equivalent range.
 - 2.2. Once the full-time load has been achieved by an instructor, any additional course will be taught on a supplemental basis.

Overload/Supplemental for Full-time Faculty:

Regular full-time faculty may teach six (6) to eight (8) SCH in overload during each of the fall and spring terms. An additional three (3) SCH may be requested under extenuating circumstances and must be recommended for approval by the Department Chair and Dean to the Provost/Vice President for Instruction, who has final approval.

Adjunct Faculty Teaching Loads:

- Full-time faculty are considered adjunct faculty for any term outside their faculty appointment. Adjunct faculty may teach up to nine (9) Semester Credit Hours (SCH) during each fall and spring term. The adjunct faculty member may teach six (6) SCH during the Summer I Term and the Summer II Term or 12 SCH during any combination of the Summer I Term, Summer II Term, and Summer III Term. ISD adjuncts are excluded and subject to the work requirements of their school districts.
- Any additional SCH beyond the stated limits must be recommended by the Department Chair and Dean to the Provost/Vice President for Instruction, who has final approval.

The following guidelines will apply to computing overload and adjunct compensation for full-time faculty on a supplemental basis.

- Compensation will be made at a rate of \$50 per overload or adjunct Instructional Hour Equivalent.

Defined Minimum Section Seat Limits (As of First Day of Class)

- Face to face, online and hybrid minimum class size is 10 students.
- Specialized programs and clinicals minimum class size will be approved by Provost.

Defined Maximum Section Seats Limits (As of First Day of Class)

- Maximum seat limits defined by Office of Instruction depending on classroom, lab and clinical facility and safety requirements.

Proration based on Section Enrollment:

For courses taught in a cohort program in which enrollment falls below the defined minimum enrollment threshold on the first day of class, overload payment should be prorated to the respective percentage relative to number of students enrolled. Specifically, the proration rates, up to 10 students, should be as follows:

Number of Students	10-student minimum prorate	8-student minimum prorate	6-student minimum prorate	5-student minimum prorate
1	10%	13%	17%	20%
2	20%	25%	33%	40%
3	30%	38%	50%	60%
4	40%	50%	67%	80%
5	50%	63%	83%	N/A
6	60%	75%	N/A	N/A
7	70%	88%	N/A	N/A
8	80%	N/A	N/A	N/A
9	90%	N/A	N/A	N/A

Certain courses may have low enrollment caps that must be preapproved by the Provost. This includes first-time-offered courses, evening and Saturday courses, special enrollment programs, courses with graduating seniors, internships/co-ops, high-liability ratio requirement courses, courses with state-mandated enrollment caps, etc.

Compensation for Low Enrolled Classes:

Compensation for courses that have low enrollment but need to be offered in order to meet the needs of students pursuing graduation during the current semester will be considered on an individual basis with approval from Provost prior to the first day of classes.

Compensation for Sections that Exceed Enrollment Capacities

Compensation for sections (excluding those taught at the high school by embedded instructors) that have enrollment in excess the defined maximum seat limit as of the first day of class will be as follows:

1 additional student = \$100	4 additional students = \$400	7 additional students = \$700
2 additional students = \$200	5 additional students = \$500	8 additional students = \$800
3 additional students = \$300	6 additional students = \$600	9 additional students = \$900

Sections that exceed the enrollment capacity by 10 or more students will be developed and the assigned faculty will be paid at the equivalent rate of an un-prorated section.

SCOPE: STAFF

1. Policy: It shall be the policy of Lamar Institute of Technology to provide an orientation period for the development of all new staff employees.
 - 1.1. All newly appointed, non-faculty employees of Lamar Institute of Technology shall be subject to an orientation period of six (6) continuous months beginning on their initial date of employment with the Institute.
 - 1.1.1. This period shall be used for observation of a new employee's work performance by his/her supervisor and to permit the employee to adjust to the job and working conditions. Throughout this period, the immediate supervisor shall provide any assistance considered necessary to improve performance or facilitate adjustments.
 - 1.1.2. During this orientation period, management is free to discipline, lay off, or terminate the employment of any such employee who is judged not to be competent or otherwise qualified to continue employment without said employee being subject to the Grievance Procedure or the Discipline and Discharge Policy.

POLICY 4.22 REEMPLOYMENT AND REINSTATEMENT

SCOPE: STAFF

1. **Policy:** It is the policy of the Institute to favor reemployment of former employees who performed satisfactorily when previously employed and who are eligible for rehire, if doing so will benefit the employing department and the Institute.
2. **Reemployment:** Reemployment is the rehiring of a former employee, with the President's approval, who performed satisfactorily and is eligible for rehire to a vacant position within the Institute. Individuals may be reemployed if they have voluntarily resigned in good standing or have completed temporary employment in good standing. Individuals may be reemployed after discharged if, after consultation with the discharging department, it is the opinion of the Director of Human Resources that reemployment will not be detrimental to the Institute. The President has final approval.

Individuals discharged for cause must have successfully completed eighteen (18) months of documented outside employment before they will be allowed to seek employment at Lamar Institute of Technology.

3. **Reinstatement:** Under specified circumstances, former employees may be reinstated to fill vacancies in the same position, or one of like pay and status held immediately prior to their separation. Reinstatement restores any benefits and service credits accrued at the time of separation in accordance with sections of the General Appropriations Act and rulings of the State Auditor. Employees who may receive reinstatement privileges are:
 - 3.1. Those individuals who have been involved in a temporary or seasonal layoff without fault on their part;
 - 3.2. Those individuals who have been on an approved leave of absence without pay and are returning to work;
 - 3.3. Those individuals who have been discharged and the discharge is not upheld; or

Those individuals who have entered the Armed Forces of the United States by either Selective Service or enlistment and meet the requirements as outlined in the Reinstatement of Veterans provisions of the Military Selective Service Act and Article 62524a and 4b, Vernon's Annotated Civil Statutes and,
 - 3.5. Those individuals who have been removed from a regular position in accordance with the Retrenchment Policy.

POLICY 4.23 EMPLOYMENT OF NON-CITIZENS ³⁷

SCOPE: FACULTY AND STAFF

1. **Purpose:** To comply with the provisions of the United States Immigration Laws governing the employment of immigrant and non-immigrant aliens (non-citizens).
2. **Policy:** It is the policy of the Institute to employ immigrant and non-immigrant aliens within the provisions of applicable federal laws and regulations. Immigrants are those who have been granted permanent resident status, but who are not United States citizens. Non-immigrants or aliens are those individuals who are admitted temporarily for purposes and periods of time. Immigrants (permanent residents) can engage in all forms of employment.
3. **Non-immigrant or Alien Status:** Non-immigrants who wish to be employed by the Institute must provide documentation of current work eligibility issued by the United States Citizenship and Immigration Service (USCIS). The Institute will not be responsible for the Alien's application for work eligibility. Below are the most common types of work eligibility visas granted:
 - 3.1. International students with F-visas: International students are aliens temporarily admitted to this country under United States Citizenship and Immigration Service (USCIS) rules, to study at a recognized educational institution approved by the Attorney General of the United States. International students can be identified by the symbol F-1 which appears on their visas (F-2 for spouses and children).

International students who are taking a full course of study may be offered on campus employment pursuant to the terms of a scholarship, fellowship, or assistantship deemed to be part of their academic program if related to their course of study. International students do not require USCIS permission to accept this kind of on-campus employment; however, the student's employment must not displace a United States citizen or permanent resident.

International students on F-1 status may, upon completion of their studies, apply for permission for employment for purposes of "practical training." Students who have been granted "practical training" status by USCIS may be employed in any position related to their field of study and only for the period of authorization.

The F-1 visa normally limits the number of hours international students may work to twenty (20) hours per week on campus during academic sessions. During the summer or other vacation periods, international students may work up to forty (40) hours per week. In order to work on campus at this Institute, the student must be enrolled at the institute. Spouses or children with F-2 visas may NOT be employed by the Institute.

³⁷ Immigration and Nationality Act, as amended; The Mutual Educational and Cultural Exchange Act of 1961; IRS Publication 518, Foreign Scholars and Educational and Cultural Exchange Visitors; IRS Publication 519, United States Tax Guide for Aliens Immigration Reform and Control Act of 1986

Section 4 Employment Practices

- 3.2. **Non-immigrants with J-visas:** Non-immigrants with J-1 visas (J-2 for spouses or children) are students, scholars, trainees, teachers, professors, research assistants, specialists or similar persons temporarily admitted to this country under USCIS rules, to participate in a program designated by the Secretary of State.

Non-immigrants with J-1 visas may be employed by the Institute if permission to work is obtained from their sponsors.

Spouses or children with J-2 visas must have permission of USCIS to seek employment in the United States before they may be employed by the Institute.

- 3.3. **Non-immigrants with H1B visas:** Individuals with H1B visas are admitted to the United States as "workers of distinguished merit," "temporary workers," or "trainees." Their employment will terminate if their visa status changes such that they are no longer eligible to work under USCIS rules.

4. **Benefit Eligibility:** Non-citizens who are employed are eligible for the same benefits as are other employees of comparable positions.

Non-immigrants on F-1, who have been authorized to work MAY not be subject to social security withholding (FICA). All non-immigrants must pay income tax withholding.

Non-immigrants on H-visas are subject to social security taxes and income taxes.

5. **Form I-9:** To ensure that a prospective employee is a citizen of the United States or has authorization to work in the U.S., an agency must verify the identity and employment eligibility of, and complete Form I-9 for, all employees hired.

5.1. Verification is required for only those applicants who are hired.

5.2. Form I-9 must be completed within three business days of hire. If the individual is unable to present the required documentation within the three-day period, the individual must present a receipt(s) reflecting his or her application for acceptable documentation within three business days of hire and present the documents within 21 business days of hire.

5.3. Non-immigrants or aliens will not be hired until documentation has been submitted to the Office of Human Resources verifying their current work authorization.

6. **Institute Responsibility for Change of Status or Extension of Visa's:** The Institute will assist the international employee applying for a change of status or extension by providing the requested verification of employment or wage determination. The Institute will not be responsible for the completion of the application. This is the responsibility of the international employee.

POLICY 4.24 RETRENCHMENT

SCOPE: NON-FACULTY STAFF

1. **Policy:** The Institute endeavors to provide stable employment to all employees. Situations including, but not limited to, budgetary constraints, a lack of work, reorganization, reductions in legislative appropriations, legislatively mandated reductions in positions, significant loss of enrollment or a change in technologies may require a reduction in the work force or a reduction in hours worked to assure the continued quality and efficiency of the Institute.
2. **Retrenchment Procedures:** The President will designate the departments or functional areas of reductions. The department administrator and appropriate Vice President will determine the level at which reductions in staff will have the least detrimental effect on institutional operations and shall specify the reduction of personnel accordingly. All non-regular employees of the designated areas will be affected before any regular employees.

This decision is to be based on the operation of the job functions, not on the attributes or seniority of the incumbent. If there are several positions providing the same or similar function, the retrenchment shall be determined by performance rating.

3. **Notifications:** Staff members will receive notification of change in employment status not later than thirty (30) days prior to the date of the actual change.
4. **Employee Options:** A regular staff member who has received a notification of lay off may elect one of the following options. The displaced employee shall report within a week of notification to the Human Resources Office for counseling and assistance.
 - 4.1. The displaced employee may elect to seek employment in vacant positions for which he/she is qualified by submitting an application for that position.
 - 4.1.1. The Human Resource Manager may notify the hiring department of the availability of the displaced employee. If the hiring department wishes, the displaced employee may be interviewed prior to the advertising and recruitment.
 - 4.1.2. The receiving supervisor will determine if the displaced employee is to be offered the vacant position. The placement must be agreed upon by both the hiring supervisor and the displaced employee. Failure to accept an extended offer will negate further rights under this policy.
 - 4.2. Accept the laid off status as of the effective date.
 - 4.3. Submit a notice of resignation from employment to be effective no later than the layoff date (resignation will waive eligibility for layoff and notification rights).
 - 4.4. Elect retirement if eligible (retirement waives eligibility for layoff and notification of rights).

Section 4 Employment Practices

- 5. Benefits Eligibility:** The following rules concerning benefits will apply to regular staff members who have been laid off:
- 5.1. Payment for all accrued vacation leave will be made if the employee has not been rehired by the Institute or any other State agency.
 - 5.2. Sick leave balance at the time of layoff will be restored if the employee is rehired by the Institute (or any State agency) within twelve (12) months to a regular position.
 - 5.3. At the request of the employee, current group insurance coverage may be retained for eighteen (18) months under the Consolidated Omnibus Budget Reconciliation Act (COBRA). The employee must pay the total monthly premium for the coverage.
 - 5.4. Time spent in layoff status will not count toward total State service, longevity, seniority or retirement.
- 6. Recall:** The Office of Human Resources will maintain a list of the regular staff members who have been laid off. Regular employees will be eligible for recall should the eliminated position be reinstated for a period of three (3) months from the date they were laid off.
- 6.1. The Institute will attempt to notify the employee of the vacancy either by telephone or by mail sent to the employee's last known address. The employee shall respond in person or mail and submit an application for the vacancy not later than the fifth working day after receipt of the Institute notification. The employee is responsible for keeping the Institute informed of the employee's current address. If an employee cannot be located, does not respond to notice prior to the closing date of the vacancy, declines an interview for a position at the previous classification level held, declines a job offer, or becomes gainfully employed outside the Institute, the employee's name will be removed from the recall list and any remaining layoff benefits and recall rights will be forfeited.
 - 6.2. Recalled employees who are placed in positions for which they qualify will be paid at the rate budgeted for the position at that time.

POLICY 4.25 PERFORMANCE EVALUATION

SCOPE: FACULTY AND STAFF

1. Scope and Purpose

- 1.1. The employee performance evaluation is a tool of management and not an end in itself. Ratings can be a positive means in assisting staff personnel in improving job performance. It affords management an opportunity to make known to staff personnel the objectives and goals of the department and of the Institute.
- 1.2. The employee performance evaluation should be conducted on an annual basis or more frequently as appropriate. The employee performance evaluation should not reflect personal prejudice, bias, or favoritism on the part of those conducting the ratings or reviews. The results of such an evaluation procedure should be used to assist management in:
 - 1.2.1. Determining faculty/staff personnel deserving of merit pay increases.
 - 1.2.2. Providing constructive feedback to faculty/staff. This feedback should recognize exceptional performance, good performance, or performance deficiencies.
 - 1.2.3. Determining training opportunities and needs of the faculty/staff, where improvement is needed, and establishing remedial plans when needed.

2. Application of Policy

- 2.1. These rules and procedures are applicable to all faculty/staff personnel.
- 2.2. The Office of Human Resources is authorized to assist in the development and the preparation of department guidelines and forms utilized in the performance evaluation system.

3. Required Procedures

- 3.1. The Institute shall establish a system of employee performance evaluation that reflects an impartial rating of an employee's performance.
- 3.2. Each employee shall be evaluated by his/her immediate supervisor and the results must be reviewed with the employee by the supervisor. The supervisor doing the evaluating must have first-hand knowledge of the performance of the employee during a major portion of the rating period. The evaluation will be forwarded to the next level.
- 3.3. All new staff employees other than temporary appointees and/or student employees shall undergo a Performance Evaluation upon completion of six (6) months of service following a new appointment, and annually thereafter. All new full-time faculty employees shall undergo a Performance Evaluation upon the completion of their first teaching semester and at least annually at the completion of every Spring semester thereafter. At other times, special evaluations may be conducted for the purpose of improving or recognizing performance.

Section 4 Employment Practices

- 3.4. As an integral part of the probationary/annual Performance Evaluation, the immediate supervisor is to discuss the rating with the employee. If the employee receives the rating of "Needs Improvement" the supervisor and the employee shall establish an action plan designed to improve the performance. Such employees may be reevaluated within sixty (60) calendar days, and a new rating should be given at this time. The evaluation and the recommended sixty (60) calendar days are not disciplinary probation.

POLICY 4.29 EMPLOYMENT VISAS AND PERMANENT RESIDENCY

SCOPE: FACULTY AND STAFF

Issued: September 1, 2009

1. **Purpose:** The purpose of this policy is to provide information and guidelines related to filing petitions for Federal employment authorization of non-immigrants. Non-immigrants make a great contribution to the institutional mission of Lamar Institute of Technology. Therefore, departments and other Institute offices in which these individuals are employed or where proposed employment is identified must be aware of Institute procedures for processing these petitions. Provided below is a general overview of approved procedures for filing these petitions. Department heads should ensure that individuals in their areas who are involved in hiring employees or processing related paperwork are provided with this information.
 - 1.1. In order to comply with the provisions of the Immigration Reform and Control Act, Lamar Institute of Technology may not employ individuals who are not authorized to work in the United States.
 - 1.2. Petitions submitted on behalf of Non-immigrants must fully comply with Federal laws and regulations of the Department of Labor (DOL) and The Department of Homeland Security (DHS).
 - 1.3. Petitions for Federal employment authorization must serve to support the mission of the Institute.
 - 1.4. In good faith, Lamar Institute of Technology is committed to filing temporary and when appropriate permanent employment authorization petitions on behalf of all full-time faculty and staff.
 - 1.5. Requests for temporary and permanent employment authorization for other faculty positions and for staff positions shall be evaluated on a case-by-case basis. Part-time positions are not eligible for petition-based employment authorization.
 - 1.6. The Human Resources Office on behalf of Lamar Institute of Technology facilitates the preparation and filing of petitions for temporary employment authorization for non-immigrants or recommends cases for processing by board certified immigration attorneys. The office does not provide legal advice or assist in negotiations of salary, conditions of employment or payment of fees for filing petitions.
 - 1.7. Board-certified immigration attorney's working on behalf of Lamar Institute of Technology may facilitate the preparation and filing of petitions for permanent employment authorization for non-immigrants. These attorneys are board-certified to practice immigration law and have been authorized by the Texas State Attorney General's Office to assist in the filing of petitions on behalf of the Institute as the need arises. This authorization is maintained through the Texas State University System Office. Utilization of outside attorneys is based on the type, demand and complexity of petitions or the availability of resources.

Section 4 Employment Practices

2. Definitions:

- 2.1. **Petition:** The completed appropriate U. S. government form or forms and required supporting documentation, signatures, and associated fees submitted to the appropriate agency of the DHS for the purpose of employing a non-immigrant. Lamar Institute of Technology is considered the petitioner for all employment-based authorization petitions submitted by the Institute.
- 2.2. **Non-immigrant:** A person who has been lawfully admitted to the United States for a temporary period and for a specific purpose. Non-immigrants may be employed in the U.S. only if permission to work has been authorized by the DHS.
- 2.3. **Immigrant or Permanent Resident:** A person who has been lawfully admitted to the United States to reside and work unrestricted on a permanent basis; sometimes referred to as lawful permanent resident, resident alien, or green card holder.
- 2.4. **Beneficiary:** The employee or prospective employee of Lamar Institute of Technology for whom the Institute is filing a petition.
- 2.5. **Department Chair or Representative:** An employee of Lamar Institute of Technology who is appointed by his or her department and is responsible for completing forms and compiling the supporting documentation and any other required forms and documentation and forwarding them to the preparer.
- 2.6. **Preparer:** The Lamar Institute of Technology employee or immigration attorney assigned to the case that complies and submits petitions to the appropriate government offices.
- 2.7. **H-1B:** A non-immigrant category for the temporary employment of a non-immigrant who performs services in a "specialty occupation" by a specific employer. A specialty occupation requires the theoretical and practical application of a body of specialized knowledge and a bachelor's degree or the equivalent in the specific specialty. H-1B employment authorization is granted by petitioning the U.S. Citizenship and Immigration Services (USCIS), an agency of DHS, by submission of Form I-129.
- 2.8. **Prevailing Wage:** The prevailing wage rate is defined as the average wage paid to similarly employed workers in the requested occupation in the area of intended employment as determined by the Texas Workforce Agency.
- 2.9. **Labor Condition Application:** The Form ETA 9035E Labor Condition Application (LCA) is required by the Department of Labor for all H-1B petitions and includes attestations regarding hiring practice, employment notification and prevailing wage requirements.
- 2.10. **Legal Permanent Residency:** Legal Permanent Residency (LPR) is the process whereby a nonimmigrant becomes an immigrant and receives permanent resident status to live and work in the U.S. For employment-based LPR, A Form I-140 petition is submitted by the employer to request an immigrant visa on behalf of a beneficiary. Upon approval of the I-140 petition, the beneficiary submits a Form I-485 application to adjust their status from non- immigrant to immigrant.
- 2.11. **Permanent Employment Certification:** The Form ETA 9089 Permanent Employment Certification (PERM) is required by the Department of Labor as the first step for most

Section 4 Employment Practices

employment-based immigrant visa petitions. If the certification involves a job offer as a college or Institute professor, the employer shall submit documentation to show clearly that the employer selected the nonimmigrant for the job opportunity pursuant to a competitive recruitment and selection process, through which that person was found to be the most qualified candidate. Specific advertising and recruitment steps are necessary for PERM. The requirements for selection include minimum education, experience, specialized knowledge, etc., necessary for the job, and a salary that is considered at “prevailing wage” for the position.

- 2.12. Selection Date: For the purpose of filing an LCA for a prospective faculty member, the selection date is the date the candidate is approved for hire by the Texas State University System Board of Regents. PERM certifications must be submitted to the DOL within 18 months of selection date.
- 2.13. Lamar Institute of Technology does not submit petitions for part-time H1-B workers due to the complexity involved in monitoring requirements for part time H1B workers.
- 2.14. The H-1B status may not be used for the post-doctoral positions that will be employed part time. F-1 (post-doctoral student or J-1 (Exchange Visitor) status are used for these positions. Applications for changing from one status to another can take several months, so planning ahead is crucial if a change of status will be necessary in order to employ a part-time doctoral candidate. Contact the International Student Services office for assistance.

3. General Information Related to Petition Processing

- 3.1. Prior to making the request for the filing of a petition, the Department Chair should ensure that he/she understands Lamar Institute of Technology employment policies and procedures related to the prospective position that is to be filled. Failure to carefully follow Lamar Institute of Technology employment policies can jeopardize the process of filing a petition.
- 3.2. The department proposing to hire the non-immigrant should discuss the issue of work authorization with the prospective employee early in the process. For appropriate guidance to ensure the protection of a job applicant's rights, consultation with Human Resources is advised.
- 3.3. When a non-immigrant candidate has been selected for employment, the Department Chair unit should notify the Human Resources Office of their intent to hire a non-immigrant and have the finalist complete the Non-Immigrant Questionnaire and submit it to Human Resources.
- 3.4. Upon notice and receipt of the Non-Immigrant Questionnaire, Human Resources will forward information to the immigration attorney where it is determined if the prospective non-immigrant is employable in their current status or, if not, determines the appropriate employment authorization petition necessary for employment.
- 3.5. If an outside attorney is recommended by Human Resources, then the Human Resources Office will contact the attorney to initiate the process. Copies of all correspondence between the beneficiary and the attorney should be sent to Human Resources.

Section 4 Employment Practices

- 3.6. Upon notice and receipt of the required forms, the Department Chair completes and returns the forms to the preparer. Once the petition and required documents are complete, the preparer forwards them to Human Resources for review.
- 3.7. Filing a petition does not guarantee that the petition will be approved. After a petition is submitted, the approval of a petition and processing is solely determined by DHS. Hiring departments must be aware of expiring work authorization dates.
- 3.8. Human Resources will inform the beneficiary's department within 90, 60 and 30 days of the expiration of the beneficiary's work authorization so that steps can be taken to file an extension of the work authorization, if necessary.
- 3.9. The Department Chair will notify the Human Resources office upon the termination of any H-1B employees so that Human Resources can inform USCIS as required by law.

4. H-1B Temporary Worker Petitions for Employment of Non-Immigrants

- 4.1. This section of the policy regarding H1-B will be effective 9/1/09.
- 4.2. The preparer on behalf of the Institute files petitions related to H-1B Temporary Worker employment authorization using Form I-129, Form ETA-9035E Labor Condition Application, and other supporting documentation.
- 4.3. The beneficiary may not complete forms I-129 or ETA-9035E.
- 4.4. For H-1B petition, the hiring unit: 1) must pay the prevailing wage for the position; 2) must certify that funding is available for the period of employment requested and 3) is responsible for the return transportation if the non-immigrant is terminated for any reason.

5. Permanent Resident Petitions

- 5.1. The preparer on behalf of the beneficiary files petitions related to Legal Permanent Residency (LPR) using Form I-140 and the associated Form ETA-9089 Labor Certification Application and other associate's forms.
- 5.2. The beneficiary may not complete Form I-140.
- 5.3. The Institute, as the employer, may not seek or receive payment "of any kind for any activity relating to obtaining permanent labor certification, including payment of the employer's attorney's fees" per Chapter V, Title 20, Code of Federal Regulations—Part 656 Labor Certification Process for Permanent Employment of Aliens in the United States. §656.12 improper commerce and payment.
- 5.4. The appropriate offices must review job postings that are related to filing the petition. Human Resources should review and approve all faculty and staff position postings.
- 5.5. Following the submission of the I-140, the beneficiary may apply for adjustment of status using form I-485 and the beneficiary may also apply for a non-immigrant visa at a U. S. embassy or consulate. Lamar Institute of Technology is not responsible for processing the adjustment of status or immigrant visa applications. The beneficiary

Section 4 Employment Practices

may wish to seek assistance from a board-certified immigration attorney for these applications.

- 5.6. For LPR petitions, the hiring unit must pay, or be prepared to pay, the prevailing wage for the position.
- 5.7. The hiring department should make requests to LPR petitions after 12 months of progress toward tenure.

6. Payment of Fees Related to Filing Petitions

- 6.1. Lamar Institute of Technology pays fees related to filing petitions for the beneficiary as the cost of doing business. This includes the cost of premium processing (See 6.7), if premium processing is necessary. The Lamar Institute of Technology, department or office hiring the prospective employee is responsible for costs related to the filing of petitions.
- 6.2. The beneficiary pays fees related to filing petitions for the beneficiary's dependents.
- 6.3. The beneficiary pays fees related to filing Form I-485.
- 6.4. The Institute office or department responsible for paying for petition related fees must request the Accounting Office at Lamar Institute of Technology to create checks as required for payment of fees related to a petition. The office or department that is paying for fees related to filing the LCA or petition must forward the checks as instructed to Human Resources.
- 6.5. The hiring department should inform the prospective employee regarding the payment of fees.
- 6.6. The beneficiary pays attorney fees, except for those instances indicated in 6.1.
- 6.7. Because of processing backlogs and unpredictability of processing times at DHS service centers, DHS offers premium for expedited processing of H-1B petitions. The cost of this service, as of 2008, is an additional \$1000. Although DHS indicates that approval of the petition occurs within 15 days of receipt, the application process may take longer because of the complexity of the process and Department of Labor requirements.

7. Petition Recordkeeping

- 7.1. Files related to the filing of petitions are housed in the Human Resources Office.
- 7.2. Public access files are housed in the Human Resources Office.

8. Applicable Federal Rules and Regulations

- 8.1. Federal Register, Vol. 69, No. 247, Monday, December 27, 2004, Rules and Regulations, Page 77387, §656.1 and §656.2.
- 8.2. Federal Register, Vol. 72, No. 95, Thursday, May 17, 2007, Rules and Regulations, page 27945, §656.12.

Section 4 Employment Practices

President or the President's designee. That an employee is charged in a criminal case, or is found "not guilty" therein, shall not be construed as prohibiting administrative enforcement of the TSUS Rules and Regulations. If, in the judgment of the President or the Board of Regents, the best interests of the students or Lamar Institute of Technology, or the System so dictate, the employee may be immediately removed from contact with students and other employees, pending resolution of disciplinary proceedings; and,

- 1.7. Intentionally or knowingly violating any Board or administrative order, rule, or regulation, including the provisions of Chapter V, Section 2.144 of the TSUS Rules and Regulations. The employee is presumed to have knowledge of such Board or administrative order, rule, or regulation that is published in the TSUS Rules and Regulations, or is a published policy of Lamar Institute of Technology.
2. **Suspension:** The President may, for good cause, suspend an accused faculty member pending immediate investigation or speedy hearing as hereinafter provided when the continuing presence of the faculty member poses a danger to persons or property or an ongoing threat of disrupting the academic process. An employee who is suspended or discharged from a particular duty or job at Lamar Institute of Technology may be suspended or discharged from all other duties or jobs at Lamar Institute of Technology for the same or other good cause. The President shall, as soon as possible, notify both the Chancellor and the Vice Chancellor and General Counsel of any such actions.
3. **Summary Dismissal:** In cases of good cause where the facts are admitted by the faculty member, summary dismissal may follow.
4. **Hearing Tribunal:** In all cases where the facts are in dispute, the accused faculty member shall be informed in writing of the charges which, on reasonable notice, will be heard by a special hearing tribunal whose membership, including its chair, shall be appointed by the President from members of the faculty whose academic rank is equal to or higher than that of the accused faculty member. At such a hearing:
 - 4.1. The hearing tribunal shall not include any accuser of the faculty member. The faculty member may challenge the alleged lack of fairness or objectivity of any tribunal member, provided such challenge is made prior to the submission of any evidence to the tribunal. The faculty member shall have no right to disqualify such member from serving on the tribunal. Each such challenged member shall determine whether he or she can serve with fairness and objectivity in the matter. In the event the challenged member chooses not to serve, the President shall appoint a substitute.
 - 4.2. The faculty member shall have a right to attend the hearing; confront and cross-examine adverse witnesses; present relevant evidence on his or her own behalf; testify or choose not to testify; and, be assisted or represented by counsel. The hearing shall be closed although the faculty member may request that it be open to the public. Notwithstanding a faculty member's request, the tribunal may close all or a portion of a hearing to deliberate or if it appears likely that privacy interests of others are relevant and could be affected by an open hearing.

Section 4 Employment Practices

- 4.3. Lamar Institute of Technology, through a representative and/or through counsel, shall have the right to attend proceedings; present witnesses and evidence against the faculty member; and, cross-examine the faculty member (if the faculty member testifies) and his or her witnesses.
- 4.4. The hearing tribunal, by a majority of the total membership, shall make written findings on the material facts and a recommendation of the continuance or termination of the faculty member's tenure as well as any supplementary suggestions it may have concerning the case. The original of such findings, the recommendation, any supplementary suggestions, and the record of the hearing shall be delivered to the President and a copy thereof sent to the faculty member. Any minority findings, recommendations, or suggestions shall be distributed in the same manner.
- 4.5. Review by President. The President shall review the record, plus any additional written briefs the parties wish to submit, and render a decision, stating his or her reasons therefore in writing and communicating the same to the faculty member. The President may recommit the matter to the same tribunal to hear additional evidence and/or to reconsider its findings, recommendations, and suggestions if any. The original finding, recommendations, and suggestions of the hearing tribunal, a transcript of the hearing, any briefs submitted, and the decisions, recommendations, findings, and suggestions of the President shall be delivered to the Board.
- 4.6. Appeal to the Board. Upon written request by the faculty member, received in the TSUS System Administrative Office within thirty (30) calendar days of the faculty member's receipt of the President's decision, the Board shall review the record before it. Such request should specifically address any defects in procedure or substance which require reversal of the President's decision. The President may submit a written response to the request for review. By a majority of the total membership, the Board may approve, reject, or amend any decisions, findings, recommendations, and suggestions before it, or recommit the matter to the President for reconsideration or the hearing of additional evidence. The Board shall notify the faculty member in writing of the reasons for its decision.
5. **Termination of Faculty Employment Under Special Circumstances:** If, in the judgment and discretion of the Board, reductions in legislative appropriations for faculty salaries; governmentally mandated reductions in faculty positions; significant loss of enrollment; consolidation of departments or other reorganization; dropping of courses, programs, or activities for educational or financial reasons; or financial exigency make such action advisable, the employment of a faculty member who has been granted tenure or of any other faculty member before the expiration of the stated period of his or her employment, may be terminated in accordance with the provisions of this Section.
 - 5.1. A faculty member whose employment will be recommended for termination under this section shall be given:
 - 5.1.1. a statement of the basis for the decision to terminate the faculty member's employment, together with a description of the manner in which the recommendation of termination was made;
 - 5.1.2. access to the information and data upon which the recommendation was based; and,

Section 4 Employment Practices

- 5.1.3. an opportunity to respond consistent with the requirements of due process
- 5.2. In cases involving the termination of faculty employment under the provisions of this Section, the guidelines to be used to identify faculty members in a designated program whose employment will be recommended for termination shall include the following:
 - 5.2.1. Whenever possible, faculty reduction will be accomplished through attrition;
 - 5.2.2. Within a designated program, the termination of the employment of a faculty member with tenure may not be recommended in favor of retaining a faculty member without tenure unless:
 - 5.2.2.1. The removal of a non-tenured faculty member would eliminate an essential part of a program or render a program dysfunctional; or,
 - 5.2.2.2. The removal of a non-tenured faculty member who is deemed to be of equal or greater merit than a tenured faculty member would jeopardize the advances achieved by Lamar Institute of Technology under its strategic plan.
- 5.3. POLICY 4.32 GRIEVANCE POLICY

SCOPE: STAFF

Approved by President: December 2013

Every employee of Lamar Institute of Technology is entitled to present grievances concerning such individual's wages, hours of work, or conditions of work individually or through a representative that does not claim the right to strike.³⁸ Dismissals may not be grieved unless the employee can present factual allegations that the decision to dismiss constitutes violation of a right guaranteed by the laws or Constitution of the State of Texas or of the United States. Employees with work-related problems are encouraged to discuss the problem with their immediate supervisor. If the problem cannot be resolved through this informal process, the employee may file a formal grievance.

Except where otherwise stated in this grievance procedure, employees may represent themselves or be represented by a fellow employee or other representative, with the exception of an attorney, while exercising the rights provided in this grievance procedure.

All meetings and investigations related to grievance reviews shall be conducted during the staff employee's regular working hours insofar as possible.

The Institute will guarantee and insure that staff personnel subject to these rules shall be afforded fair, equitable, and expeditious hearing of matters of grievance without fear of coercion, discrimination, or reprisal because of exercising the right of request for redress from grievance.

SCOPE: FACULTY

A faculty member may present a grievance, in person, to the President or his/her designee on an issue related to wages, hours of employment, conditions of work, promotion denial, or the non-renewal or termination of the faculty member's employment.

The President may develop procedures for faculty grievances on these issues that include the following provisions:

1. The designee or hearing officer, presiding over the grievance, will make a recommendation to the President, who will make the final decision regarding the grievance;
2. The faculty member may present the grievance individually or through a representative that does not claim the right to strike;
3. A hearing officer may not recommend changing the administration's action regarding tenure, non-renewal, termination of employment, or denial of promotion unless the faculty member establishes, by a preponderance of evidence, he or she has been denied a right guaranteed by the constitution or laws of the United States or the State of Texas.
4. A faculty member may not recommend changes in disciplinary actions taken against a faculty member, unless the faculty member establishes, by a preponderance of evidence,

³⁸ Texas State University System Rules and Regulations Amended May 7, 2003.

Section 4 Employment Practices

that the disciplinary action was an abuse of discretion and authority of the person imposing the disciplinary action.

5. The administration need not state the reasons for the questioned decision or offer evidence in support thereof, unless the faculty member presents a prima facie case in support of his or her allegation, in which case, the officer shall determine whether the administration has stated in nondiscriminatory reason for its decision.

Formal Grievance Policy

3. If the matter is not satisfactorily resolved in the eyes of the grievant, he/she may continue to have the grievance heard and adjudicated by each level of supervision in the regular administrative channel until the level of the vice President is reached. At each level above the first supervisor, the request for a grievance hearing must be made by the grievant and should be submitted in writing within three (3) working days from the delivery of the decision of the lower supervisor. At each level of hearing, the supervisor shall review all the facts of the case and the decisions rendered by the lower supervisor, and then he/she should render a decision in writing to the grievant within three (3) working days after receipt of the grievance.
4. If the matter continues to be unresolved in the eyes of the grievant, he/she may then submit the grievance in writing to the President. This shall be done within five (5) working days after receipt of the decision of the Vice President.

The President may decide to appoint a Grievance Review Committee to help review the grievance, he may elect to review the grievance personally, or the grievant may request in writing that the President appoint a Grievance Review Committee.

The President or Committee shall conduct an investigation of all the events leading to the grievance, review all decisions rendered by lower supervisors, and render a decision in writing as soon as possible after the investigation is complete. The decision of the President shall be final in all cases of grievance.

5. At any step or level of the grievance procedure, the Human Resources Director may be requested by the grievant or the supervisor to serve as a consultant to the grievance. In such cases, the Human Resources Director shall serve in the capacity of an information gathering and advisory member only, and shall not have the power of making binding decisions.

For purposes of this policy, the term "intellectual property" refers to inventions, discoveries, patents, patent applications, scientific or technological developments, and copyrightable instructional materials, regardless of the mode of publication, such as books, articles, study-guides, artistic works, movies, and television programs.

Most published scholarly works written by members of the faculty or staff are the property of the author. In instances where LIT pays the full or a substantial part of the costs of production and/or publication, such as work produced as part of the employee's designated workload, arrangements concerning the ownership of the copyright and the division of any royalties must be submitted to the college president or the Vice President for Academic Affairs according to procedures established by this Intellectual Property Policy.

Intellectual property unrelated to an individual's employment, appointment or association with LIT that is conceived, created or developed on an individual's own time and without the college's support, funds provided by or through the college, use of college resources, facilities (excluding libraries), equipment, and/or materials shall be deemed the exclusive property of the creator(s)/inventor(s), and LIT shall have no interest in or claim to such property.

Intellectual property not considered instructional material that is conceived, created, or developed or that results from research supported by a grant or contract with an external agency or by private gift to Lamar Institute of Technology shall be deemed the property of LIT unless applicable laws or governmental regulations specifically provide otherwise.

A reasonably complete and detailed disclosure of intellectual property for assigning ownership rights to the college and/or requesting a fair and equitable arrangement for joint ownership for the mutual benefit of the faculty and the college, sharing of royalties or reimbursement to the college of its costs and support must be submitted to the college president or Vice President for Academic Affairs prior to beginning the work creating intellectual property. Disclosure of reimbursement figures will be made to all affected employees.

⁵³ Ibid, §559.003 (a)

POLICY 5.4 OUTSIDE OR DUAL EMPLOYMENT AND OTHER ACTIVITIES ⁵⁵

SCOPE: FACULTY AND STAFF

1. **Policy:** Lamar Institute of Technology recognizes the common practice of faculty and staff members to hold some form of outside employment or position due to needs, interest, or development. However, dual employment interests, and activities must not interfere or conflict with the faculty or staff member's position with the Institute.
2. **Approval:** Prior administrative approval from the Vice President generally is not required for staff employees but it is for faculty members. Outside employment, whether compensated or not, must be reported to the department official who has the responsibility for determining whether or not the outside employment interferes or conflicts with the faculty or staff member's position with the Institute (i.e., Department Chairperson, Director, or Dean, unless otherwise directed by the Vice President or the President). Should it be determined that a conflict exists, the faculty or staff member may not accept or continue the outside employment or position. In such cases, if the faculty or staff member accepts the other employment anyway or does not resign the other employment voluntarily, the department official may recommend other action, including discharge, to ensure that Institute duties are performed properly.

Faculty members must complete an authorization for outside employment and submit this through the chain of command to the Vice President.

Prior administrative approval is required for a faculty or staff member to hold elective or other non-elective offices or positions of honor, trust, or profit with any government entity (see sections 4.2 and 4.3 below).⁵⁶ In such cases, the President is authorized by the Board of Regents to find and determine whether such employment or position held or sought by any faculty or staff member would be in conflict with the individual's position with the Institute.

3. **Guidelines:** All dual employment by any faculty or staff member of Lamar Institute of Technology is prohibited unless it meets the following guidelines:
 - 3.1. That it does not interfere with the regular work of the employee;
 - 3.2. That it involves only a reasonable amount of time, involvement, and duration;
 - 3.3. That it avoids competition with legitimate private enterprises;
 - 3.4. That it does not bring the employee into antagonism with the interests of the State of Texas, or the goals of the Institute;

⁵⁵ Texas Government Code, §667.001 et seq.; Ibid, §659.041; Texas Government Code, §411.0077; Opinion, Texas Attorney General, No. JM-93(1983), No. 96-109 (1996) Texas Government Code §2252.901

⁵⁶ Texas Government Code, §667.001 et seq.

Section 5 Conditions of Employment

- 3.5. That the official capacity or connection of the employee is not used in connection with such outside employment;
- 3.6. That it does not conflict with any law or constitutional provision, nor possess a reasonable potential for such a conflict.

4. **General:**

Other employment and activities for a faculty and staff member that are directly related to the professional activities of the individual and contribute to the general welfare of the Institute are permissible provided such employment meets the guidelines in item 3 above. Such consulting, professional performance, and other outside employment and activities by a faculty member should contribute to his/her performance as a teacher and as a productive scholar, and should contribute to the individual's and the Institute's obligation of public service.

Faculty or staff members may hold other non-elective offices or positions of honor, trust, or profit with any government entity subject to prior administrative approval by the President.

Faculty or staff members may serve as members of the governing bodies of school districts, cities, towns, or other governmental districts; provided, however, that they receive no compensation for serving as members of such governing bodies, subject to prior administrative approval by the President.

The use of Institute equipment or facilities in connection with outside employment or any private activities, faculty or staff, is prohibited except in cases where such use is clearly justified and is approved in writing by the President through normal administrative channels.

5. **Dual Employment with the State:** The Texas Constitution places limits on persons holding more than one civil office of employment at the same time. A non-elected employee of the State of Texas may hold more than one position if the positions are of benefit to the state and there is no conflict. Employees seeking to hold more than one position must inform each agency of their dual employment status. The agencies must rule whether such dual employment is allowable. Dual employment within the Institute or with another State agency or institution must be reported through the chain of command to the appropriate Vice President for approval and to the Office of Human Resources by the faculty or staff member so that steps may be taken to maintain personnel and leave records in compliance with the following provisions.

Complete, separate leave records will be maintained for each employment;

State service credit will accrue as if the employee had a single position;

Leave balances do not transfer upon termination of one position;

An employee with two part-time jobs may quit both, transfer to a new full-time position with another employer, and take his or her existing leave balances to the new position;

The employee must notify the institution prior to accepting a second position;

Employees holding or applying for dual positions who fail to inform Lamar Institute of Technology of their status are subject to immediate termination.

Section 5 Conditions of Employment

- 6. Dual Employment with the Institute:** When it is beneficial to the Institute, qualified exempt staff employees may be assigned teaching duties in addition to their regular assignment. Should these additional duties be assigned during the regular workday (8:00 am to 5:00 pm) approval to adjust the regular work schedule must be obtained through the chain of command up through the area Vice President.

POLICY 5.6 ADMINISTRATIVE OFFICERS EMPLOYMENT/TERMINATION

SCOPE: ADMINISTRATIVE STAFF

1. **Policy:** The Texas State University System (TSUS) Board of Regents or the President of the Institute may remove an administrative officer of the component Institute when in the judgment of the Board or the President the interests of the System or the Institute require removal. An administrative officer shall not have a right to a hearing unless the officer alleges that the decision to terminate constitutes violation of a right guaranteed by the laws or constitution of the State of Texas or of the United States and requests an administrative hearing to review the allegations. In such case the administrative officer shall be afforded an opportunity to present allegations before a hearing committee consisting of three impartial administrative officers of the Institute appointed by the President. Any extension of the time limits must be approved by the Director of Human Resources.

POLICY 5.8 EMPLOYEE EDUCATION AND TRAINING PLAN

SCOPE: FACULTY AND STAFF

1. **Purpose:** The Employee Education and Training Plan ("the Plan") provides employees of Lamar Institute of Technology with assistance in obtaining additional college-level education and training to increase their value to the Institute. The Plan is intended to operate such that payments made under it qualify, in the case of undergraduate or graduate classes required in a degree plan, as qualified tuition reduction under Section 117 of the Internal Revenue Code; or, for all other courses, as business expenses for courses related to the employee's present position, under Section 162 and thus excluded from taxable income under Section 132(d). As such, the Plan represents an internal administrative procedure for the Lamar Institute of Technology. It is not intended to operate as a fringe benefit plan under Section 127 of the Internal Revenue Code.
2. **Definitions:**
 - 2.1. **Benefits-Eligible Employee:** Any employee defined as a regular full-time employee by the Teachers Retirement System of Texas is a Benefits-Eligible Employee. This includes all persons employed for a definite period of at least four and one-half months or one long semester at a workload not less than one-half of the standard workload, excluding those employees who are required as a condition of employment to be enrolled as students.
 - 2.2. **Course:** Any course offered by an accredited college or university for which academic or technical credit is awarded upon successful completion of the course. The term "course" shall include any associated laboratory or other practical instruction only if such instruction is an integral part of the course and is not separately numbered. The term course shall include "Developmental" and "Pre-Collegiate" courses and laboratories that are offered on a regular basis by an accredited college or university and published in its official undergraduate or graduate academic catalog
 - 2.3. **First Class Day:** For a class offered under any regularly published semester or term schedule, the official "first class day" established for that semester or term regardless of the actual date of the first meeting of the specific class. For any class for which an official "first class day" is not established or cannot be determined under the preceding definition, the date of the first scheduled meeting of the class.
 - 2.4. **Standard Workload:** The standard workload for an employee (100% FTE) shall be the workload defined in State law or regulation as the standard workload. If no such definition is available, the percent FTE reported for that employee to the Texas Higher Education Coordinating Board in accordance with Lamar Institute of Technology rules and procedures shall be used for purposes of the Plan.
3. **Eligibility:**
 - 3.1. **Benefits-Eligible Employee** is eligible to make application for payment under the plan for any course, the first-class day of which falls on or after the day that the employee

Section 5 Conditions of Employment

has been a Benefits-Eligible Employee for a continuous period of six (6) calendar months.

- 3.2. An employee whose application contains significantly incorrect information, who violates the provisions or procedures of the Plan, or who fails to complete his or her obligations under the Plan, may be declared ineligible for any subsequent participation in the Plan.

4. **Payments:**

- 4.1. Payments for an approved undergraduate or graduate course shall not exceed the current cost of assessed tuition and fees for Lamar University. Payments will be made, subject to the other provisions of the Plan, for any course which will maintain or improve the skills required for the employee's current job. The institution has determined that, since the primary business of the Institute is to provide courses leading to a degree, any undergraduate or graduate degree will improve the skills required of any employee. Payment will thus be made for any undergraduate course which is required on any degree plan that the employee may be pursuing.
- 4.2. Payments will be made, subject to the other provisions of the plan, for no more than two (2) courses in each of the Fall and Spring semesters, and one (1) course during the Summer term. Courses are non-transferable to future semesters should an employee enroll in less than the two allowable courses per semester.
- 4.3. Payments are applicable only to the course for which approval was granted. A new application must be fully approved as specified in Section V before a different course may be substituted under "drop and add" procedures for the originally approved course.
- 4.4. If an employee has previously been the beneficiary of payment under this plan for a course, payment will not be made a second time for the same or an equivalent course, except when the course was officially dropped (or the student officially withdrew) owing to documented medical causes or at the request of the employee's supervisor on account of workload considerations.
- 4.5. Payments will be made, subject to the other provisions of the Plan, for no more than five (5) courses per academic year (nominally September 1 through August 31) for any employee. Payments will be made during summer terms for eligible employees even though they are not employed during the summer months if such employees are benefits-eligible during the semester immediately preceding the summer, unless they have resigned, or their employment has been permanently or indefinitely terminated.
- 4.6. Mini-sessions may be approved for payment; however, they will not be approved for absences from work.
- 4.7. The maximum payment for any one course shall comprise tuition and all fees associated with the course. In the event that an employee is enrolling in more than two courses at an accredited college or university during the same fall or spring

Section 5 Conditions of Employment

semester (one during the summer), the employee shall pay the incremental charges for tuition and other fees resulting from the additional course(s). Payments will not be made for any deposits or other charges which are refundable at the end of the course or subsequently.

- 4.8. Payments for courses taken at a Lamar Component will be paid directly to the college or university. Payments for courses taken at another accredited college or university will be reimbursed upon successful completion at a rate not to exceed the current Lamar University required tuition and fee rate for an equal credit hour course.
- 4.9. Travel expenses will not be reimbursed under this Plan.
- 4.10. Refunds for dropped or withdrawn from accredited college or university courses will be refunded back to the account from which they were paid.
- 4.11. In order to conform to IRS regulations and guidance, payment will be made for Physical Activity Courses (PEGA or PHED prefixed courses) only to the extent that such courses are required for graduation.
5. **Availability of Funds for the Plan:** Payments under the Plan are subject to funds being available in the Lamar Institute of Technology budget. The Lamar Institute of Technology is not required to make any funds available in any given fiscal year. In the event that funds available in any given year are not sufficient to fund all applications for payments, approved applications shall be funded in order of receipt by the finance office of the employing component until available funds are exhausted.
6. **Applications for Payment:** An employee applying for payment under the Plan must complete the appropriate application form and submit it to his/her Account Manager and/or appropriate Dean/Director/Vice President (as indicated on the form) for approval of the course to be taken. The Account Manager or appropriate Dean/Director/Vice President may decline to approve payment for a course if the employee is not in good academic standing or is not making satisfactory academic progress as defined in the rules governing federal student financial aid. The application shall then be submitted to the Human Resources Office. Payment will be authorized only after completion by all administrative offices.
7. **Plan Administration/Release Time:**
 - 7.1. Nothing in the Plan shall in any way modify or waive any accredited college or university entrance or other academic requirements or course prerequisites.
 - 7.2. Approval of payment under the Plan does not constitute approval to be absent from assigned duties during normal working hours.
 - 7.3. With the employee's supervisor and those above the supervisor's approval, release time for one class may be granted. Release time is not to exceed the time required for one course. An employee may take only one course a semester during the employee's scheduled work day.

Section 5 Conditions of Employment

- 7.3.1. Permission to be absent from assigned duties will only be granted if the designated course is not available after work hours.
- 7.3.2. Variation in a work schedule or flex-scheduling is not permitted solely for an employee to take a course. Flex-scheduling is to be used only when it improves or benefits the operation of the department or office.
- 7.4. Permission to be absent from assigned duties is at the sole discretion of the employing institution. Nothing in this policy shall be construed as requiring any administrator or supervisor to approve release time during normal working hours. Supervisors and administrators may treat each application for release time based on the particular expertise, duties, and responsibilities of the individual employee involved, even though this may result in some employees being permitted release time and others not.
- 7.5. Release time under this plan shall not be used for prerequisite testing, advisement, or other non-instructional activities.
- 7.6. Nothing in the Plan shall be construed as prohibiting Lamar Institute of Technology from making payment outside this plan for any course or training for any employee when taking such course or training is initiated by a supervisor or administrator.
- 7.7. Completed applications must be in the Human Resources Office on or before the “first class day” of the semester as defined in subsection 2.3 of this policy.

SCOPE: FACULTY AND STAFF

1. **Official Work Week and Working Hours:** The Institute's normal work week begins at 12:01 A.M. Saturday and ends at midnight the following Friday. State law sets the minimum work week for regular full-time salaried employees at forty (40) hours.⁵⁸ Administrative and departmental offices will be open from 8:00 am to 5:00 pm Monday through Friday, except on designated holidays.⁵⁹ Offices shall remain open during the noon hour each working day with at least one person on duty to accept calls, receive visitors, or transact business.⁶⁰ Departments that are prevented from remaining open throughout the normal workday because of structure, size or function shall arrange telephone coverage during the periods that personnel are not available. Schedules may be shifted to provide for Saturday and Sunday needs in some departments; however, the time worked on such days counts toward the forty (40) hours per week required above.⁶¹ Exceptions will be made for legal holidays authorized by the current General Appropriations Bill and promulgated by the President.
2. **Service Departments:** Service department personnel will normally observe the forty (40) hour work week; however, because of service department operations, employees may have different work schedules and may be subject to call on a standby basis for emergencies, special events, and in unusual circumstances. The regular hours will, however, be compensated in accordance with state law.
3. **Lunch Periods:** Employees are entitled to a maximum of a 1-hour lunch period. Lunch periods are to be scheduled by supervisors to ensure that work requirements are effectively continued. If Lunches are taken on Institute property, employees are expected to adhere to Institute rules and standards.
4. **Rest Periods:** Work load permitting, a rest period of not more than fifteen (15) minutes during the first half of a regular workday and not more than fifteen (15) minutes during the second half of a regular workday is permitted for full time employees. Part-time employees who are scheduled to work four (4) hours or more but less than a full day will be afforded one fifteen (15) minute rest period. Breaks are dependent on work schedule and supervisory approval.

Rest periods cannot be accumulated for use at a later date nor used to shorten the regular workday or lengthen the lunch period. In all instances, the utilization of rest periods is subject to the work load demands of the organizational unit as determined by the supervisor. During break periods, the employee is on paid leave and all normal standards of conduct should apply.

Absence from duty must be accounted for under established leave policies on approved leave forms. In no case shall an employee be paid for unaccounted time. Failure to properly notify a supervisor concerning an absence and to receive necessary permission may result in disciplinary action up to and including termination. Any individual who is consistently late for work, or who does not return from rest periods or lunch periods promptly, is subject to disciplinary action up to and including termination. The staff member is responsible for notifying the supervisor close to the opening of the work day if he/she will be late or absent from work. When it is necessary to leave work early; the staff member is to make necessary arrangements with the supervisor prior to the time of departure.
6. **Place of Work:** Employees must, during normal working hours, conduct agency business only at their regular place of business or assigned duty points unless they are on travel status or have received prior written authorization from the administrator of the employing agency. An employee's personal residence may not be considered to be their regular place of business or duty point without the written authorization of the President of the Institute.⁶²

SCOPE: ADMINISTRATION AND STAFF

1. **Absence/Attendance:** A staff member is expected to report to work according to departmental work schedule. If unable to do so, the supervisor or designee must be notified at the opening of the work day or as soon as possible. Unless approved by the supervisor, Voice Mail should only be used in an emergency to give notice to the supervisor and followed up as soon as possible. Excessive absenteeism (including tardiness), unexcused absences, or failure to give proper notification of absences, shall be considered sufficient cause for disciplinary action or separation from Institute employment. An unauthorized absence of more than three (3) consecutive working days (with or without prior notification) may be considered job abandonment and may result in separation for cause.

In a situation of absence of more than three (3) consecutive days for illness, the employee must notify the supervisor of the reason for absence and upon return provide a doctor's statement releasing the employee to full duty or identifying any restrictions. A written statement acceptable to the supervisor may be substituted for the doctor's release to work. Patterns of absence or situations of possible abuse of sick leave will be addressed by the supervisor as a disciplinary matter and a doctor's statement may be required for absences of less than three (3) consecutive days.

Employees who are on sick leave for more than ten (10) consecutive working days must be put on leave with pay status and an appropriate F3.2 (Personnel Action Request) must be generated by the department. The employee will remain on leave with pay until all approved leave usage is expended, then a leave without pay adjustment must be made by the department.

2. **Leave Eligibility:** It is the policy of the Institute to provide leave benefits, subject to the standards within the Texas Government Codes, Interpretations by the Office of the State Auditor, and other state laws, for all eligible staff members of the Institute. All regular full-time (100% FTE) staff members, and regular part-time (50%-99% FTE) staff, are eligible for leave benefits. The accumulation of leave and pay for eligible regular part-time (50%-99% FTE) staff members will be on a prorated basis. Employees appointed for less than half time (50% FTE) or less than four and one-half months are not eligible for leave.
3. **Leave With Pay:** In order for a staff member to be eligible for pay when absent from work, he/she must qualify in accordance with the provisions of the appropriate policy, i.e., Compensatory Leave, Development Leave, Emergency Leave, Administrative Leave, Holidays, Jury Duty, Military Leave, Sick Leave or Vacation Leave.
4. **Leave Without Pay:** A regular staff member may be allowed a leave of absence without pay for a reasonable period of time. A leave without pay is for a reason not specifically referred to in one of the policies covering absences with pay. Any absence of this nature is considered to be a leave of absence without pay (LWOP) in accordance with the provisions of the appropriate policy, i.e., Leave Without Pay, Military Leave, or Family Medical Leave.
5. **Job Abandonment:** An employee is deemed to have abandoned his/her job when for a period of three consecutive days the employee has been absent without approval. This employee is subject to termination. Supervisors should implement the following procedure:

Section 6 Attendance/Leave

 - 5.1.2. Efforts expended to contact the employee.

 - 5.3.3. An F 3.2 Personnel Action Form must be prepared terminating the employee. The date of termination shall be the first day after the close of the third day of unauthorized absence.

POLICY 6.4 TIME AND ATTENDANCE/LEAVE RECORD ⁶³

SCOPE: FACULTY AND STAFF

1. **Time and Attendance Records:** Lamar Institute of Technology is under the jurisdiction of the State Government Code and must comply with all the rules and regulations promulgated there under, including the requirement to maintain attendance and leave records on each employee. Under the Government Code, the Institute is required "to keep a record of the vacation and sick leave accrual and absences of each employee, and the reasons therefore, whether from sickness, vacation, or leave of absences without pay. Such records shall be available for public inspection." Also, hours worked and absences from work by a staff member must be recorded to ensure the staff member's receiving proper payment for hours actually worked, or for leave entitlements. To this end, department officials are encouraged to appoint departmental time clerks who will be responsible for timekeeping records for a specific unit, department, or subdivision thereof.
2. **Time Reporting:** Each employee is responsible for accurately reporting the actual time worked or official absences on the departmental leave records. By affixing his/her signature to the F3.6, the supervisor certifies the accuracy of the report. Intentional reporting of absences as time worked is a major rule violation and will subject the staff member to discharge.
 - 2.1 **Leave Reporting:** Employees are to report their leave taken using the online leave reporting feature found on the Employee Dashboard in the employee section of the Self-Service Banner. Each employee is responsible for accurately reporting the actual time absent for work, using the appropriate earn code. By approving the leave report, the supervisor certifies the accuracy of the report.
 - 2.2 **Request for Leave** are to be submitted using the online leave request feature found on the Employee Dashboard in the employee section of Self-Service Banner. Employees will not be able to submit digital leave requests sooner than 90 days from their intended day off or request leave that will occur within the current month. Supervisors are responsible for communicating to their employees their preference for leave requests made outside of the digital leave request period. Once a digital request for leave has been approved, the leave will automatically be added to the employee's digital leave report for that month.
3. **Records Retention:** All leave records must be retained for official audit purposes. The Institute retention schedule requires time records be maintained for the current fiscal year plus the previous three fiscal years.

POLICY 6.5 HOLIDAYS/ENERGY CONSERVATION DAYS

SCOPE: FACULTY AND STAFF

1. **Holidays:** Current legislation authorizes the state legal holidays, but provides that educational institutions may adjust the actual observance of these holidays to permit efficient schedules. The President of Lamar Institute of Technology authorizes the specific holiday schedule to be observed each year, and this schedule is issued from the Office of the President. The Institute will not exceed the paid holidays granted to state agencies as part of the Appropriations Act for each year of the biennium, however, the holiday schedule will be arranged to best meet the needs of the Institute constituents. Only regular faculty and staff members of the Institute shall be eligible for paid holidays.⁶⁴
2. **General:** Following are the conditions of a paid holiday for employees of the Institute:
 - 2.1. Regular part-time faculty and staff are entitled to the same holidays with pay granted to regular full-time employees. However, the holiday pay for part-time employees shall be determined on a basis proportionate to the rate provided to full time employees.⁶⁵
 - 2.2. A staff member can be required to work on a holiday, but shall be given alternate time off within a twelve-month period following the holiday worked at a rate of one hour for each hour worked, to be taken on a date mutually agreed upon by the staff member and the supervisor. Library, Police, and service departments may adopt internal policies which allow the department official to designate an alternate holiday schedule.
 - 2.3. If a holiday occurs while a faculty or staff member is on sick leave or vacation leave, it will be counted as a holiday and not as leave.
 - 2.4. A faculty or staff member who is on leave without pay is not eligible for pay for a holiday.
 - 2.5. If a holiday falls in mid-month (other than the first or last workday of the month), the employee must be a state employee (legal definition is employed by the state and not on leave without pay) on the day before and the day after the holiday. If the holiday falls on the first workday of a month, the employee must be a state employee on the day immediately after the holiday. If the holiday falls on the last workday of the month, the employee must be a state employee on the day immediately before the holiday.⁶⁶
3. Holidays observed should be recorded on the monthly Vacation/Sick Leave form (F3.6). If a holiday is observed on the day scheduled by the Institute, an "H" is entered on that date. If the staff member works on the holiday, an "HW" for "holiday worked" and the number of hours is entered on that date. If the holiday is observed on a day other than the day scheduled by the Institute, an "HT" for "holiday taken" and the number of hours taken is entered on that date.
4. A staff member who wishes to take time off for religious purposes on a day that is not an official Institute holiday must charge such time as vacation leave, leave without pay, or must

make up such time if this is agreeable to the supervisor. Employees are entitled to observe the holidays of Rosh Hashanah, Yom Kippur, Good Friday, and Cesar Chavez in lieu of any holiday(s) on which the Institute is required to be open and staffed to conduct business. The employee may, with the supervisor's approval, work a holiday on which the Institute is closed and use the compensatory time for one of the above holidays.

5. The President may arrange work schedules to fit the academic calendar in order to provide efficient and economical operation.
6. A holiday is for the standard eight (8) hour day, employees working non-traditional schedules will only receive eight (8) hours of holiday time.

7. **Energy Conservation Days**

Energy conservation days may be a part of the College holiday schedule but are not paid holidays. Energy conservation days are used to increase the number of days the College is closed, which results in energy savings. Non-exempt employees will be required to use vacation or compensatory time for the energy conservation days. Since compensatory time cannot be advanced to employees, those without sufficient vacation time available will need to acquire the necessary compensatory time for the energy conservation days prior to those days. Non-exempt employees should be given the opportunity to work enough extra hours prior to the energy conservation days to accumulate enough compensatory time to offset the energy conservation days. Compensatory time earned must be approved in advance by the employee's supervisor. Exempt employees are expected to work the time necessary to accomplish the requirements of the job and while they do not accrue compensatory time, their additional time worked may be used to cover EC absences. Employees may also have the option to take Leave without Pay on energy conservations days if they choose to do so.

POLICY 6.6 FAMILY MEDICAL LEAVE ACT ⁶⁷

SCOPE: FACULTY AND STAFF

1. **Policy:** It shall be the policy of Lamar Institute of Technology to provide all eligible employees twelve (12) weeks leave time to care for their needs and those of their family members. This policy shall meet the requirements of the Family Medical Leave Act. Employees utilizing FMLA will be granted the rights preserved in that legislation and the regulation defined by the U.S. Department of Labor and the State Appropriations Act.
2. **Eligibility:** To be eligible for leave under the Family Medical Leave Act, an employee (Faculty or Staff) must have:
 - 2.1. Been an employee of the State of Texas at least twelve (12) months. In calculating the required twelve (12) months, all state employment will be counted and it need not be continuous.
 - 2.2. Worked at least 1250 hours during the preceding twelve (12) months. The 1250 hours refers to hours actually worked and does include paid time off.
3. **Qualifying Events:** Eligible employees are entitled to a total of twelve (12) weeks of unpaid leave during any twelve (12) month period for one (1) or more of the of the following:
 - 3.1. For incapacity due to pregnancy, prenatal medical care or child birth;
 - 3.2. To care for the employee's child after birth, or placement for adoption or foster care;
 - 3.3. To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
 - 3.4. For a serious health condition that makes the employee unable to perform the employee's job.
4. **Military Family Leave Entitlements:** Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12- week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending port deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has serious injury or illness incurred in the list of duty on active duty that may render the service member medically unfit to perform his or her

Section 6 Attendance/Leave

duties for which the service member is undergoing medical treatment, recuperation, therapy or is in outpatient status, or is on the temporary disability retired list.

5. **Administration:** Lamar Institute of Technology will calculate the twelve (12) month period of leave usage by a roll forward method.

- 5.1. Eligible employees must utilize all available applicable leave when taking family medical leave (FML). After all paid leave is utilized; the State will pay for the State paid portion of the employee's coverage under the group health plan for any remaining calendar months of leave without pay which may be taken under FML.

- 5.1.1. **FMLA is Unpaid:** FMLA is unpaid although the employee may be eligible for short- or long-term disability payments and/or workers' compensation benefits under those insurance plans. If the employee requests leave because of a birth, adoption or foster care placement of a child, any accrued paid vacation and compensatory leave or applicable sick leave first will be substituted for any unpaid FML. If the employee requests leave because of his/her own serious health condition, any accrued sick leave, paid vacation, or compensatory leave, will be substituted first for any unpaid FML. However, federal (FLSA) compensatory time cannot be used concurrently with FML. If an employee elects to use FLSA comp time while on FML, that time is not counted toward the 12- week FML entitlement.

- 5.1.2. **Medical and Other Benefits:** Health care coverage will cease if premium payment for dependent coverage is more than thirty (30) days late. If the employee elects not to return to work at the end of the leave period, he/she will be required to reimburse the State for the cost of the premiums paid to maintain coverage during leave, unless he/she cannot return to work because of a serious health condition or other circumstances beyond his/her control.

- 5.1.3. Sick leave may be used in conjunction with FML when a child under the age of three is adopted, regardless of whether the child is ill at the time of adoption. Conversely, a state employee who is the father of a child may use sick leave only if the child is ill due to childbirth or to care for his spouse while she is recovering from labor and delivery.

- 5.1.4. If FML is used in one continuous block, a business closing will count against the employee's entitlement. The exception to this is a closing of a week or more.

- 5.2. An employee on FML shall not earn state service credit, vacation leave, or sick leave for any full calendar months of leave without pay (LWOP). Further, any full calendar months of LWOP shall not be included in the calculation of six (6) continuous months of employment for vacation purposes.

- 5.3. **Notice of Leave:** If need for FML is foreseeable, employees must give Lamar Institute of Technology thirty (30) days prior written notice. If that is not possible, notice should be given at least as soon as practicable (within 1 to 2 business days of learning of that need for leave). Failure to provide such notice may be grounds for delay of leave. Where the need for leave is not foreseeable, notification must be given within 1 to 2 working days of learning of need for leave, except in extraordinary circumstances. Requests for FML shall be made by the employee through the Office of Human

Section 6 Attendance/Leave

Resources. Supervisors are responsible for notifying the Office of Human Resources of situations which may qualify an employee for FML coverage.

- 5.4. **Medical Certification:** If requesting leave because of an employee's or a covered relation's serious health condition or military caregiver's leave, the employee must provide appropriate medical certification. Medical certification forms are available from the Human Resources Department. Failure to provide requested medical certification in a timely manner may result in denial of leave
 - 5.5. **Reporting While on Leave:** The employee must contact the Human Resources Office regarding the status of his/her condition and intention to return to work.
 - 5.6. **Intermittent and Reduced Schedule Leave:** Leave because of a serious health condition, may be taken intermittently (in separate blocks of time due to a single health condition) or on a reduced leave schedule (reducing the usual number of hours worked per workweek or workday) if medically necessary. If leave is unpaid, Lamar Institute of Technology will reduce the employee's salary based on the amount of time actually worked. In addition, while he/she is on an intermittent or reduced schedule leave, Lamar Institute of Technology may temporarily transfer the employee to an alternative position which better accommodates the recurring leave and which has equivalent pay and benefits.
 - 5.6.1. Employees requesting intermittent leave to care for a child that is newborn, during adoption, or during foster care must get supervisor approval for the intermittent leave.
 - 5.7. **Returning from Leave:** If leave is taken because of employee's serious health condition, he/she will be required to provide medical certification to resume work. Return to work forms may be obtained from the Office of Human Resources Leave Coordinator. Employees failing to provide the return to work form or a doctor's release will not be permitted to resume work until it is provided. Employees must provide the Office of Human Resources and the supervisor a copy of the release form prior to returning to their work station.
 - 5.8. **Extended Leave for Serious Health Condition:** Leave taken because of an employee's own serious health condition may be extended additional weeks with approval (see Leave Without Pay Policy). If an employee does not return to work on the originally scheduled return date nor requests in advance an extension of the agreed upon leave with appropriate documentation, he/she will be deemed to have voluntarily terminated employment with Lamar Institute of Technology.
6. **Definitions:** For the purposes of this policy, the following definitions apply:
- 6.1. "Spouse" is defined in accordance with applicable State law.
 - 6.2. "Parent" includes biological parents and individuals who acted as parents, but does not include parents-in-law.

Section 6 Attendance/Leave

- 6.3. "Son" or "daughter" includes biological, adopted, foster children, stepchildren, legal wards, and other persons for whom the employee acts in the capacity of a parent and who is under 18 years of age, or over 18 years of age but incapable of caring for themselves.
- 6.4. "Serious health condition" means any illness, injury, impairment, or physical or mental condition that involves: (1) any incapacity or treatment in connection with inpatient care; (2) an incapacity requiring absence of more than three calendar days and continuing treatment by a health care provider; or (3) continuing treatment by a health care provider of a chronic or long-term condition that is incurable or will likely result in incapacity of more than three (3) days if not treated.
- 6.5. "Continuing treatment" means: (1) two or more treatments by a health care provider; (2) two or more treatments by a provider of health care services (e.g., physical therapist) on referral by or under orders of a health care provider; (3) at least one treatment by a health care provider which results in a regimen of continuing treatment under the supervision of the health care provider (e.g., a program of medication or therapy); or (4) under the supervision of, although not actively treated by, a health care provider for a serious long-term or chronic condition or disability which cannot be cured (e.g., Alzheimer's or severe stroke).
- 6.6. "Health Care Provider" includes: licensed MD's and OD's, podiatrists, dentists, clinical psychologist, optometrist, chiropractors authorized to practice in the State, nurse practitioners and nurse-midwives authorized under the State law, and Christian Science practitioners.
- 6.7. "Needed to care for" a family member encompasses: (1) physical and psychological care, and (2) where the employee is needed to fill in for others providing care or to arrange for third party to care for the family member.
- 6.8. The phrase "unable to perform the functions of his/her job" means an employee is: (1) unable to work at all; or (2) unable to perform any of the essential functions of his/her position. The term "essential functions" is borrowed from the Americans with Disabilities Act ("ADA") to mean "the fundamental job duties of the employment

POLICY 6.7 PARENTAL LEAVE ⁶⁸

SCOPE: FACULTY AND STAFF

1. **Policy:** Regular faculty and staff employees not eligible for Family Medical Leave (FMLA) are entitled to a parental leave of absence, not to exceed 12 weeks (480 hrs.), for the birth of a natural child or the adoption or foster care placement of a child under three (3) years of age. This leave shall be deemed to have met the provisions of the Family Medical Leave Act for those employees covered under FMLA.
2. **Parental Leave:** Parental leave eligibility begins with the birth of a child or the first day of formal placement. Parental leave must be taken during the 12 weeks beginning on the date of the birth of a natural child by the employee or the adoption or foster care placement with the employee. Employees must use all available applicable paid leaves (sick leave, within the restrictions of the Sick Leave Policy, vacation leave, and compensatory time off) with the remainder of the leave unpaid.
 - 2.1. Sick leave usage must be limited to those situations falling within the definition of sick leave as contained in the Sick Leave Policy. Sick leave may be used prior to the birth of the child if there is a medical necessity for the absence. After the birth sick leave is available only for the postpartum recovery period defined by the physician or any illness or medical needs of the child.
 - 2.2. Requests for parental leave must be recorded on the Request for Leave Form (F3.6A) as parental leave and appropriate paid leave.
 - 2.3. Availability of parental leave will conclude within 12 months of the birth or adoption of a child.
 - 2.4. An extension for a reasonable period of time may be granted under the provisions of the Leave Without Pay Policy.
 - 2.5. A pregnant woman, without regard to marital status, shall be entitled to the same rights given other employees absent from work due to disability. The adoption of a child less than three (3) years of age shall be treated as any other temporary disability.
 - 2.6. Sick leave may be used when a child under the age of three is adopted regardless of whether the child is actually sick at the time of adoption.
3. **Combining Family Medical and Parental Leave:** Family Medical Leave is only available to employees with more than 12 months of state service and may be used for reasons inclusive of parental leave. Since eligibility time requirements for the two types of leave are different, an employee would meet the requirements of either parental leave (less than 12 months of state service) or family medical leave (12 months [1,250 hours] or more of state service), not both, so the two types of leave could not be taken back to back for the same event.

⁶⁸ Texas Government Code §661.909; State Auditor's Leave Interpretation Letter No. 97-01; Texas Human Resources Management Statutes Inventory (2006-2007 Biennium); Family Medical Leave Act, 1993, 29CFR825

Section 6 Attendance/Leave

4. **Use of Sick Leave:** The State Auditor's Office has advised that sick leave may be used in conjunction with FMLA leave when a child under the age of three is adopted regardless of whether the child is actually sick at the time of adoption. The Auditor's Office also advised that an employee who is the father of a child may use sick leave in conjunction with the child's birth only if the child is ill or to care for his spouse if she is recovering from labor and delivery.

POLICY 6.8 OVERTIME/COMPENSATORY LEAVE ⁶⁹

SCOPE: FACULTY AND STAFF

1. Policy: It is the policy of Lamar Institute of Technology that work activities will be completed within the standard work week. If need should cause for non-exempt employees to work in excess of the standard work week, the employees will receive compensatory time in accordance with the Fair Labor Standards Act (FLSA) or the General Appropriations Act.
2. Approval: All overtime worked must be approved in advance by the department official who has the authority to approve overtime. Administrative officials may arrange schedules in order to prevent overtime.
3. FLSA Overtime/Compensatory Leave: Non-Exempt Employees
 - 3.1. A non-exempt employee who is required to work in excess of forty (40) hours in a work week is entitled to compensation for the excess hours either by compensatory time off at the rate of one and one-half (1 1/2) hours off for each hour of overtime; or at the discretion of the supervisor, in cases when granting compensatory time off is impractical, the employee will receive pay for overtime at the rate equal to one and one-half (1 1/2) times the employee's regular rate of pay.

Note: To convert straight-time hours to overtime hours, multiply the total number of straight-time hours by 1.5. To convert overtime hours to straight-time hours, divide the total number of overtime hours by 1.5.
 - 3.2. Any paid leave or holidays taken are not counted as hours worked in determining overtime hours.
 - 3.3. Each non-exempt employee may accumulate no more than 240 hours of overtime credit except for employees engaged in public safety, emergency response, or a seasonal activity who may accumulate no more than 480 hours of overtime credit.

Employees must be paid for overtime in excess of the limit on accumulation, at the rate of one and one-half (1 1/2) times the employees' regular rate of pay. The hourly rate shall be calculated as 2080 hours divided into the total annual salary.
 - 3.4. The employee is paid for any accrued FLSA time upon leaving Institute employment. The compensatory rate will be calculated at the employee's current rate of pay, regardless of when the hours were earned. The estate of any non-exempt employee will be paid for the accrued FLSA time.
 - 3.5. Non-exempt part-time employees must be paid at their regular rate of pay for hours worked over their designated hours; they may not accrue state compensatory time. Non-exempt part-time employees must be paid FLSA overtime for all hours worked in excess of 40 in the work week.

Section 6 Attendance/Leave

- 3.6. A full-time employee of an institution of higher education who has appointments to more than one position within the same institution may receive pay for working more than 40 hours a week if the institution determines that pay in lieu of compensatory time is in the best interest of the institution. (77th State Legislature)

4. **State Overtime/Compensatory Leave:**

- 4.1. In the event an employee **has not** worked more than forty (40) hours in a work week, but the total hours worked and paid leave or paid holidays exceed forty (40) hours, the employee shall be allowed compensatory time off equal to the number of hours in excess of forty (40).
- 4.2. In the event an employee **has worked** more than forty (40) hours in a work week and the total hours worked and hours of paid leave or paid holidays exceed forty (40) hours the employee shall be allowed both FLSA and State Compensatory time.
- 4.3. The employee leaving Institute employment (resignation, termination, or retirement) or transferring to another State agency will not be paid for any earned State Compensatory time nor allowed to transfer any unused State Compensatory time. The estate of a deceased employee may not be paid for any unused State Compensatory time.
- 4.4. Employees of institutions of higher education or employees engaged in a public safety activity may be paid for State Compensatory time hours (non- FLSA overtime) on a straight time basis when taking the compensatory time off would be disruptive to normal teaching research, or other critical functions.

5. **Employees Exempt from Overtime Provisions:**

- 5.1. Executive, administrative and professional jobs are exempt from the wage and hour provisions of the FLSA and do not accrue compensatory time or overtime pay.
- 5.2. At the discretion of the agency, exempt employees may be allowed compensatory time off for hours in excess of forty (40) hours in a work week, if there is an institutional policy which grants such compensatory leave.
- 5.3. An employee who is exempt “ shall receive a full salary for any week in which work is performed without regard to the number of days or hours worked” (FLSA, Section 213(a)(1). This is subject to the general rule that an employee need not be paid for any workweek in which the employee performs no work. The following exceptions also apply:
 - 5.3.1. Deductions may be made for full day absences for personal reasons other than sickness or accident, jury duty, attendance as a witness at a judicial action, or temporary military leave.
 - 5.3.2. Deductions may also be made for full day absences for sickness or disability if the deduction is made after exhaustion of paid sick leave or workers' compensation benefits.
 - 5.3.3. Deductions may be made for absences of less than one day for personal reasons or because of injury or illness when accrued leave is not used by the

Section 6 Attendance/Leave

employee for one of the following reasons: Permission to use accrued leave was not sought or was denied; accrued leave has been exhausted, or the employee chose to use leave without pay.

5.3.4. Deductions may also be made for penalties imposed due to infractions of significant safety rules relating to the prevention of serious danger in the work place or to other employees.

5.3.5. Deductions may be made to pay for weeks in which an exempt employee takes unpaid leave under the Family Medical Leave Act (FMLA).

6. **Prohibition on Compensatory Time for Telecommuting:** Additional information can be found in Policy 6.1, Section 6, Place of Work

6.1. No employee may accrue state compensatory time for work performed at any location other than the employee's regular place of employment or duty point.

6.2. For State compensatory time purposes, the employee's personal residence may not be considered to be their regular place of employment or duty point.

7. **Use of Compensatory Time Before Lapsing:**

7.1. Both FLSA and State Compensatory time should be taken within sixty (60) days when possible. State Compensatory time must be taken during the twelve (12) month period following the workweek earned or it will be lapsed. Unused FLSA compensatory time does not lapse and is paid to the retiring or exiting worker.

7.2. Department heads should encourage their staff to take their compensatory time as soon after it is earned whenever possible. The use of all compensatory time must be scheduled so as not to disrupt work in the department. The employing supervisor is encouraged to reasonably accommodate the employee's use of accrued compensatory time.

7.3. If an employee submits a written request to use accrued compensatory time not later than the 90th day before the date on which the accrued compensatory time will lapse, the employer shall approve in writing the employee's request or provide an alternate date on which the employee may use the leave time.

7.4. Supervisors may require non-exempt employees who have requested leave to exhaust their FLSA compensatory time balances before using annual (Vacation) leave. Employees should be allowed to manage their own State compensatory time and annual leave (determine which to use).

8. **Negative compensatory balances:**

8.1. Per an interpretation by the State Auditor's Office an employee cannot carry a negative compensatory time balance.

POLICY 6.9 VACATION LEAVE

SCOPE: FACULTY AND STAFF

1. **Policy and Eligibility:** Regular staff members and faculty who work the staff work schedule of Lamar Institute of Technology are entitled to a vacation leave allowance within the standards of the Texas Government Code. The purpose of vacation leave is to provide income protection to the employee while allowing for a period of recreational leave or other absences from work not covered by other leaves. Employees are encouraged to use the majority of their earned vacation leave each year. It is important that employees have time to rest and relax each year in order to maintain maximum productivity. Vacation leave also allows employees to take care of a variety of personal matters when it is not possible to do so outside normal working hours.
2. **Rate of Accrual and Accrual Computations:** Vacation entitlement accrues as follows:
 - 2.1. Vacation leave entitlement accrues from the first day of employment and terminates on the last day of employment.
 - 2.2. Vacation with pay may not be taken until the staff member has been continuously employed with the state for six months.⁷⁰ Continuous employment means that no leave without pay (i.e., for a full calendar month which does not count as state service credit) has been taken.* The six-month eligibility requirement means that once an employee has completed six months or more of continuous state employment and then leaves state employment, that person is eligible to take vacation leave as it is earned upon reemployment, or be paid for it on termination following such reemployment.² An employee who separates from one state agency will not be paid for his or her unused vacation time if they are reemployed by another state agency that grants vacation time within 30 days of leaving his or her previous job.⁷¹
 - 2.3. Full time employees will accrue vacation leave in accordance with the following schedule.⁷²

Length of State Employment:	Hours Accrued Per Month	Max Hours to Carry Forward Year to Year
Less than 2 years	8	180
2 but less than 5 years	9	244
5 but less than 10 years	10	268
10 but less than 15 years	11	292
15 but less than 20 years	13	340
20 but less than 25 years	15	388
25 but less than 30 years	17	436
30 but less than 35 years	19	484
35 years or more	21	532

⁷⁰ Texas Government Code §661.152

⁷¹ Ibid §661.062

⁷² Ibid §661.152

Section 6 Attendance/Leave

- 2.4. Part-time employees accrue vacation leave on a proportionate basis⁷³ For example; a fifty (50) percent staff member with less than two (2) years of total State employment will earn four hours monthly ($.50 \times 8 = 4$).
- 2.5. Vacation leave entitlement will continue to accrue during periods when the employee is on an approved leave with pay; however, this leave accrual will not be credited until the date of the employee's return to duty.⁷⁴ Vacation leave entitlement will be credited to an individual for time in a leave without pay status if he/she has any fraction of paid employment in that month.⁷⁵
- 2.6. State service is defined to include all eligible service to the State of Texas including part-time, faculty, or legislative service. Time need not be continuous. All previous State service must be verified by Human Resources. Credit for the higher rate of accrual as shown on the chart shall be given if the anniversary date falls on the first calendar day of the month; otherwise the increase will occur on the first calendar day of the following month. If an employee begins working in a position that accrues vacation leave on the first work day of the month, the employee is deemed to have begun working on the first calendar day of the month for the purpose of this subsection.⁷⁶

Service in a public independent school system of Texas or a Community College is not considered State service.⁷⁷

Employees who return to State employment following an extended military leave of absence without pay are entitled to have their time on active duty credited toward total State employment for vacation leave earning purposes.

3. **Vacation Leave Utilized:** Vacation leave taken must be recorded in hours. When charging for time less than an hour, vacation leave taken must be rounded off to quarter hours, i.e., fifteen (15) minutes = 0.25 hrs., thirty (30) minutes = 0.5 hrs., forty-five (45) minutes = .75 hrs., etc.

In computing vacation time taken, holidays falling during an individual's vacation period will not be charged against vacation leave. Illness occurring during a vacation period will be charged against sick leave and will not be charged against vacation leave if the staff member presents a physician's statement or other acceptable verification.

4. **Maximum Accrual:** Normally, supervisors should encourage staff members to take vacation leave during the fiscal year in which it is earned. An employee may carry forward from one fiscal year to the next fiscal year an amount not to exceed the applicable maximum rate as cited in Section 2.3 of this policy. The maximum carry over for part-time employees will be proportional to the number of hours of their regular schedule. For example, a fifty percent staff member could carry over half the amount that a full-time employee can carry over. Any

vacation leave balance which exceeds the maximum carryover will be rolled into the employee's sick leave.⁷⁸ Maximum allowable carry-over is indicated in the accrual chart.

5. **Scheduling of Leave:** Directors, Deans, Department Chairs, and Supervisors shall schedule vacations in accordance with department needs and to insure the presence of an effective work force at all times. Employee preferences should be given as much consideration as possible.
6. **Vacation Leave Approval:** Vacation leave must be requested in advance and approved by the designated department official. Prior to taking vacation leave, the employee must complete a Request for Leave Form (F3.6A) and submit it to the department official with the designated authority to approve leave. The department official who has the authority to approve leave will be the head of the department unless otherwise directed by the President. The employee is responsible for recording vacation leave taken on the Departmental Vacation/Sick Leave Record (F3.6) and the Department shall verify its accuracy. All vacation leave taken by an employee during the month must be reported on the Vacation/Sick Leave Record (F3.6) and the record must be forwarded to the Office of Human Resources.
7. **Transfers:** An employee who transfers to Lamar Institute of Technology from another agency of the State of Texas will be given credit by the Institute for any unused balance of accumulated vacation leave, provided there is no interruption in service, i.e., the individual is placed on the payroll of the Institute on the first working day succeeding the day separated from the previous agency or department.⁷⁹ This provision also applies to individuals transferring to and from grant accounts. Request for verification of past employment shall be presented to the Office of Human Resources immediately upon employment.
8. **Vacation Leave on Separation:** An employee who resigns, is dismissed, or is separated from the Institute after six (6) months of continuous state employment, is entitled to be paid for all vacation time. However, when an employee is a direct transfer to another state agency or institution without a break in service, vacation leave transfers to the new employer.⁸⁰
 - 8.1. Payment for all vacation time duly accrued as of the separation will be made by a "lump sum payment". Any questions concerning "lump sum payment" procedures should be directed to Payroll Services. A lump sum payment to an individual for accrued vacation time constitutes wages and is subject to Social Security and Federal Withholding Tax. A terminating or retiring employee is not entitled to receive longevity or hazardous duty pay when he/she is compensated for his accrued vacation leave in a lump sum.
 - 8.2. Upon the recommendation of the department and approval of the Director of Human Resources, the terminating employee may be paid for accrued vacation leave by allowing the employee to remain on the payroll while drawing the terminal vacation time. Sick leave may not be used when the employee has been allowed to use vacation time in this manner, but the employee may continue to receive longevity

⁷⁹ Texas Government Code §661.153

⁸⁰ Texas Government Code §661.062

and/or hazardous duty pay while remaining on the payroll. The employee on terminal leave will not accrue further vacation or sick leave.⁸¹

- 8.3. Employees separated during their first six (6) months of state service will not be paid for any accrued vacation time.
9. **Status Change:** An eligible employee whose status changes to a position not eligible for vacation leave entitlement shall expend accrued vacation entitlement or receive payment for that leave prior to changing status, or the President may grant an individual permission to freeze the accrued balance at the time of status change. For example, such an exception might be made if the change of status is expected to be temporary and it is planned that the individual will return to an eligible status within a reasonable period of time. However, if the individual separates from the Institute instead of returning to an eligible status, the lump sum payment will be based on the rate of pay the individual was earning at the time of freezing.
 - 9.1. Vacation leave time which is not expended prior to the assumption of the non- vacation accruing position will be frozen for the duration of the employment in a non-accruing position. Lump sum payment for the frozen leave will only be made at the time of separation from the Institute, provided that the employee is not transferring to a vacation accruing position in another State agency or institution. Should the employee return to a vacation accruing position within the Institute, the employee will be eligible to use the accrued vacation as well as accrue in the future.
 - 9.2. Advanced Vacation: Advanced vacation leave in excess of an employee's actual total accrued (unused) vacation balance is not permissible. For example, an individual cannot take a week (40 hours) off for vacation until he/she has actually accrued 40 hours of vacation leave entitlement. Exceptions shall be made only by the President.

⁸¹ Texas Government Code §661.067

POLICY 6.10 SICK LEAVE

SCOPE: FACULTY AND STAFF

1. **Policy and Eligibility:** Regular faculty and staff members of Lamar Institute of Technology are entitled to sick leave allowance within the provisions of the Texas Government Code. Sick leave provides each regular faculty or staff member with a leave allowance to cover periods of actual personal illness or injury, or illness or injury of immediate family member which require the employee to be absent from work. It is also designed to protect other employees from being exposed to contagious diseases. All employees are expected to work if their health permits or to remain at home or in a medical facility if it does not.
2. **Rate of Accrual and Accrual Computations:** Sick leave entitlement accrues as follows:
 - 2.1. Sick leave entitlement accrues from the first day of employment and terminates on the last duty day.⁸²
 - 2.1.1. Sick leave accruals are posted on the first day of the month only when an employee is physically on duty.
 - 2.2. Regular full-time faculty or staff shall earn sick leave entitlement at the rate of eight (8) hours for each month or fraction of a month of paid employment.⁸³ Regular part-time faculty or staff members shall earn sick leave entitlement at their percentage of time employed times eight (8) hours for each month or fraction of a month of paid employment.⁸⁴ For example, an individual employment for seventy-five (75) percent time will accrue six (6) hours monthly ($.75 \times 8 = 6$).
 - 2.3. Sick leave entitlement will continue to accrue during periods when the staff member is on approved leave with pay. This will not be credited to the employee until his/her return to duty.⁸⁵ Sick leave entitlement will be credited to an employee for time in a leave without pay status only if the individual has any fraction of paid employment in that month.⁴ There will be no accrual during months with only leave without pay status.
3. **Sick Leave Utilized:** Sick leave taken must be recorded in hours or quarter hours. When charging for time less than an hour, sick leave taken must be rounded off to a fraction of an hour, i.e., fifteen (15) minutes = 0.25 hrs., thirty (30) minutes = 0.50 hrs., forty-five (45) minutes = 0.75 hrs.
4. **Maximum Accrual:** Effective September 1, 1973, accruals of sick leave may be carried forward from one fiscal year to another with no limit to the number of sick days that may be accrued.
5. **Use of Accrued Leave:** An employee is entitled to use sick leave with pay for the following reasons:

⁸³ Ibid

⁸⁴ Attorney General Opinion No. H684, (9/8/75)

⁸⁵ State Auditor's Office Leave Interpretation No. 91-02 (5/8/91)

Section 6 Attendance/Leave

- 5.1. Sick leave with pay may be taken when sickness, injury, pregnancy or confinement prevents the employee from performing his/her duties, or when the Institute employee is needed to care for and assist a member of the employee's immediate family who is ill. For purposes relating to the use of sick leave, the immediate family is defined as those individuals who reside in the same household and are related by kinship, adoption, marriage, as well as a foster child certified by the Department of Protective and Regulatory Services. Minor children of the employee, whether or not living in the same household, will be considered immediate family for the purposes of regular sick leave. (Section 661.202, Texas Government Code).
 - 5.1.1. If a family member does not live within the employee's household, an employee's use of sick leave is strictly limited to the time necessary to provide care and assistance to a spouse, child or parent of the employee who needs such care and assistance as a direct result of a documented medical condition. (Section 661.202, Texas Government Code.)
 - 5.1.2. This provision for taking sick leave does not extend to an employee's parent-in-law if they do not live in the same household. (SAO Leave Interpretation No. 97-04 {10/29/96}).
- 5.2. In exceptional cases involving close family members who do not meet the above criteria, the President may grant sick leave based on the merits of each case.
- 5.3. For maternity leave or for complications relating to pregnancy and or delivery. ⁸⁶
- 5.4. For medical and dental appointments, examinations or treatments by medically recognized care givers when these appointments cannot be scheduled outside normal working hours.
- 5.5. Sick leave may not be used when an employee has chosen to use terminal vacation leave rather than being paid in lump sum for accrued vacation.
- 5.6. Faculty members must submit prescribed leave forms for requesting and reporting all sick leave. Sick leave use must reflect the normal workday for regular employees not the class hours missed. Sick leave must be utilized even though no classes were missed if the absence occurred during a normal workday for regular employees.
- 5.7. Faculty members may use sick leave for qualifying events only during instructional days for which they are under appointment. During summer semesters the faculty member must be under appointment to use accrued sick leave. (SAO Leave Interpretation No. 97-08 {6/16/97}).
- 5.8. Absences of more than three days are to be reported to the Leave Coordinator in the Office of Human Resources for review of application of Family Medical Leave. If approved, FML will run concurrent with accrued sick leave.

⁸⁶ Attorney General Opinion No. M1222 (9/21/72)

6. **Supervisor Notification and Sick Leave Approval:** To be eligible for sick leave with pay, a staff member must promptly notify the supervisor or department official of the reason for the absence. If unable to personally notify the supervisor, the employee may cause a responsible party to notify the supervisor. The staff member must also keep the supervisor or department official informed of his condition if the absence continues for more than one (1) day. The frequency of the reports is to be determined by the departmental supervisor. Employees must provide supervisors with an anticipated return date if possible, and notify the supervisor of any variation.⁸⁷

Upon return to duty the faculty or staff member must, without delay, complete a Request for Leave Form (F3.6A) and submit it to the department official with the designated authority to approve leave. The department official who has the authority to approve leave will be the head of the department unless otherwise directed by the President. The employee is responsible for recording sick leave taken on the monthly Vacation/Sick Leave Form (F3.6) and for recording it accurately. The supervisor is responsible for the verification of the accuracy of the report.

7. **Physician's Statement:** To be eligible for accumulated sick leave with pay during a continuous period of more than three (3) working days, an employee who has been absent must provide a physician's statement showing the cause or nature of the illness, or some written statement of the facts concerning the illness, which is acceptable to the department official.⁸⁸
8. **Sick Leave Extended:** When an employee has exhausted all sick leave, further absence will be charged against accrued vacation leave. When accrued sick leave and vacation leave have been exhausted, the employee may be eligible for benefits from the sick leave pool, or leave without pay (see Leave Without Pay Policy, Sick Leave Pool Policy, and Family Medical Leave Policy).

When all leave entitlements have been exhausted and if a leave without pay is not granted, the department official may terminate the staff member from the Institute. When the individual is capable of returning to working status, the individual may request re-employment with the Institute through the Office of Human Resources.

9. **Extended Sick Leave With Pay:** In exceptional cases, when a faculty or staff member has exhausted all accrued sick leave, vacation leave, compensatory leave, Sick Pool Leave, and Family Medical Leave, the individual may be granted extended sick leave with pay on approval by the President. Such extensions will be authorized on an individual basis after a review of the particular case. Extreme diligence should be used in granting such leave privileges.⁸⁹
- 9.1. A copy of the statement authorizing extended sick leave for an individual must be attached to the Institute's duplicate payroll voucher for the payroll period affected, and must be maintained by the institution in the personnel files.⁹⁰ An F3.2 and documentation must be submitted to the Human Resources office.
- 9.2. Vacation and sick eligibility leave will continue to accrue during extended sick leave.

10. **Transfers:** An employee who transfers to Lamar Institute of Technology from another State agency, will be given credit by the Institute for any unused balance of accumulated sick leave, provided there is no interruption of service, i.e., the individual is placed on the payroll of the Institute on the first working day succeeding the day separated from the old agency.⁹¹ It is the individual's responsibility to report prior credits from his/her former employers. Such information shall be presented to Human Resources immediately upon employment.
11. **Abuse of Sick Leave Privileges:** Malingering and abuse of sick leave privileges may be grounds for discipline up to and including termination. Sick leave should be held as a privilege to be used only in appropriate situations as defined within this policy.
12. **Sick Leave Payment to Estate of Deceased Employee:** The estate of a deceased employee will be paid one half of the individual's accumulated sick leave, or 336 hours of sick leave, whichever is less, provided that such employee had continuing employment for at least six months at the time of death.⁹² The payment made to the estate of the deceased employee for unused sick leave is not wages and is not subject to Social Security deductions.
 - 12.1. The amount paid to the estate will be the state employee's compensation rate at the time of his/her death.⁹³
 - 12.2. Any employment in-lieu of base pay must be included in the compensation rate if the employee was eligible for the enrollment on the last day of employment.⁹⁴
 - 12.3. Neither longevity pay nor hazardous duty pay may be included in the compensation rate.⁹⁵
13. **Sick Leave and Workers' Compensation:** An employee may elect to utilize sick leave until it is exhausted before receiving Workers' Compensation. However, an employee may not receive both Workers' Compensation and sick leave.
14. **Sick Leave at Termination:** Sick leave provides a leave allowance to cover only periods of actual personal illness which affects the employee's ability to perform his/her duty. Thus, unused sick leave at termination is forfeited.
 - 14.1. A terminating employee may, with the agreement of the Institute, be allowed to remain on the payroll after the last day worked to utilize vacation leave in-lieu of being paid in a lump sum, but that employee will not be eligible to use paid sick leave prior to final separation from employment.
 - 14.2. An employee separated from employment with the State under a formal reduction in force policy shall have his/her sick leave balance restored if reemployed the State within twelve (12) months of termination. The Institute must honor and restore sick leave of employees from this or other State agencies or institutions who meet the criteria discussed in this section.⁹⁶

- 14.3. Employees who are separated from State service for reasons other than reduction in force must have their sick leave restored if they are reemployed by the Institute within twelve (12) months of their termination, provided these employees have had a break in service of at least one month since their date of termination,⁹⁷ or an or an employee who is reemployed by a different state agency or institution of higher education within 12 months after the end of the month in which the employee separates from state employment is entitled to have their sick leave balance restored.⁹⁸
- 14.4. Employees Retirement System retirees who return to state employment will not have their sick leave balances restored.⁹⁹
15. **Return from Military Service:** An employee who is restored to employment following active military service under the veteran's employment restoration provision is generally considered to be on furlough or leave of absence, and as such entitled to crediting of sick leave accrued, but unused, prior to such military service.¹⁰⁰
16. **Negative Sick Leave Time Balances Prohibited:** The State Auditor's Office has advised that a state agency or institution of higher education must not allow an employee to carry a negative sick leave balance.¹⁰¹

POLICY 6.11 MILITARY LEAVE OF ABSENCE/EMPLOYMENT RESTORATION

SCOPE: FACULTY AND STAFF

1. **Policy:** It shall be the policy of Lamar Institute of Technology to honor commitments of its employees to the fulfillment of military duty as provided by the Legislature of the State of Texas.
2. **Military Leave of Absence:** A leave of absence shall be granted to regular staff personnel and faculty for fulfillment of the following duties: (1) authorized training or duties for members of the state military forces and members of any reserve components of the United States Armed Forces; (2) call to National Guard active duty by the Governor; and (3) national emergency active duty for a member of a reserve branch of United States armed forces.
3. **Authorized Training or Duty:** State employees who are members of the state military forces or members of any of the reserve components of the United States armed forces engaged in authorized training or duty are entitled to leaves of absence from their respective duties without loss of time, efficiency rating, vacation time, or salary for all days on which they are engaged in authorized training or duty not to exceed fifteen (15) days in a federal fiscal year (October 1 –September 30).¹⁰²
 - 3.1. The fifteen (15) days need not be consecutive and members of the state military forces or members of reserve components of the armed forces who are ordered to duty by proper authority on nonconsecutive days are entitled to 15 days total. This same opinion also held the fifteen (15) days refers to working days, and not calendar days.¹⁰³
 - 3.2. After exhausting the fifteen (15) days of military leave, the employee may use accrued vacation leave to the extent available or be placed in a leave without pay status (or a combination of the two) for the remainder of the active duty period.¹⁰⁴
4. **Call to National Guard Active Duty by the Governor :** A state employee who is a member of the National Guard called to active duty by the governor because of a state emergency is entitled to receive emergency leave without loss of military or annual leave.¹⁰⁵ Such leave shall be provided with full pay.¹⁰⁶
5. **Call to National Emergency Duty, U.S. Armed Forces Reserve Branch:** An employee called to active duty during a national emergency by a reserve branch of the U.S. Armed Forces is entitled to an unpaid leave of absence. balances on return to state employment from military duty. Leave earned while on unpaid leave of absence during military duty described in this section will be credited to the employee's balance when the employee returns to active state employment.

6. **Extended Leave/Office Procedures:** If an employee is expected to be on military leave for an extended or indefinite period of time the employee must meet with his/her supervisor and the Office of Human Resources personnel to make arrangements for personal items to remain at the Institute, Institute property assigned to the employee, and the possible need for continued health insurance coverage.
7. **Differential Pay:** This applies only to state employees called to active duty in support of the Homeland Security mission under United States Code Title 10 or Title 32. Employees shall be granted emergency leave to provide a pay differential if an employee's military pay is less than the employee's state gross pay. The combination of military pay and emergency leave may not exceed the employee's actual state gross pay. Pay received while assigned to a combat zone, hardship duty pay, and family separation pay is excluded when computing military differential pay.
8. **Restoration of Employment:** An employee restored to a position upon returning from military service is considered to have been on furlough. The employee is entitled to participate in all benefits to which State employees are entitled. To be eligible for restoration the returning employee must have been honorably discharged no later than the fifth year of the date of induction, enlistment, or call to active military service and be physically and mentally capable of performing the duties of the job.

POLICY 6.15 SICK LEAVE POOL

SCOPE: FACULTY AND STAFF

1. **Policy:** Lamar Institute of Technology has established a Sick Leave Pool to help regular employees and their immediate families who face catastrophic illness or injury. This policy also allows for voluntary contributions to the Sick Leave Pool.

2. **Definitions:**

- 2.1. A regular employee is defined as one who is employed to work at least twenty (20) hours per week for a period of at least four and one-half (4 1/2) months. Excluded are students employed in situations which require student status as a condition for employment, elected officers, and appointed officers.

- 2.2. A catastrophic injury or illness is defined by the Employees Retirement System of Texas as:

"A severe condition or combination of conditions affecting the mental or physical health of the employee or the employee's immediate family that requires the services of a licensed practitioner for a prolonged period of time and that forces the employee to exhaust all leave time earned by that employee and to lose compensation from the State for the employee.

Licensed practitioner means a practitioner, as defined in the Texas Insurance Code, who is practicing within the scope of his/her license.

Immediate family is defined as those individuals related by kinship, adoption, marriage or foster children who are so certified by the Texas Department of Human Services who are living in the same household or if not in the same household are totally dependent upon the employee for personal care or services on a continuing basis."

- 2.3. A prolonged period of time is defined as 160 hours.

3. **Eligibility:**

- 3.1. All regular employees as defined may apply to use sick leave from the Pool.
- 3.2. Employees may use sick leave from the Pool for their own or their immediate family member's catastrophic illness or injury, as defined.
- 3.3. Only those employees who have been employed as a regular employee for one year are eligible to apply for leave from the Pool.

Section 6 Attendance/Leave

3.4. Employees must be absent from work for a period of at least 160 hours due to a catastrophic illness or injury before using leave from the Pool. Part time employees must be absent from work for a period that is proportional to full- time employees. For example, a fifty (50) percent employee would have an eighty (80) hour waiting period.

3.4.1. If the combination of sick leave, vacation, and compensatory time does not cover the 160-hour requirement, then the employee will be placed on leave without pay until the balance of the 160-hour requirement is met.

3.4.2. Once the eligible employee has satisfied the 160-hour requirement and all vacation, sick leave, and compensatory time is exhausted, the employee may receive hours from the pool.

3.5. Employees who are off work due to a job-related illness or injury are not eligible.

3.6. Sick leave pool hours are not intended to extend employment when it is determined that the employee will be unable to return. Employees who are approved for disability insurance payments or who are approved for regular or disability retirement are not eligible.

4. **Contributions to the Pool:**

4.1. Contributions are strictly voluntary. Employees contributing to the Pool may not stipulate who is to receive the contribution.

4.2. An employee with accrued sick leave may contribute one (1) to three (3) days (8 to 24 hours) of sick leave in eight (8) hour increments each fiscal year.

4.3. The Pool will be credited with the amount of time contributed by that employee and a corresponding amount of time will be deducted from that employee's sick leave balance, as if that employee had used the time personally.

4.5. Retiring employees are encouraged to donate the remainder of available sick leave after consideration for TRS buy back has been deducted.

4.6. Employees who contribute to the Pool and then exhaust their sick leave in the same fiscal year may reclaim the same number of hours they contributed even though they do not suffer a catastrophic illness or injury.

5. **Withdrawal from the Pool:**

5.1. If granted, Pool leave requests will not exceed the lesser of ninety (90) days/720 hours or one-third (1/3) of the Pool balance.

5.2. An employee may receive up to 720 hours per forward rolling calendar year. Part time employees are eligible to receive pool leave on a proportionate basis. For example, a fifty (50) percent employee is eligible for a total of 360 sick leave pool hours.

Section 6 Attendance/Leave

- 5.3. Employees who use leave from the Pool are not required to reimburse the Pool.
- 5.4. Employees with catastrophic illnesses or injuries are not required to contribute to the Pool before requesting Pool leave.
- 5.5. Any unused Pool leave granted to an employee will be returned to the Pool.
- 5.6. The Estate of a deceased employee is not entitled to payment for unused Pool leave granted from the Pool.
- 5.7. Employees on sick leave pool will accrue paid leave for that month provided they return to work following the leave.

6. **Administration:**

- 6.1. The Pool Administrator will be the Director of Human Resources.
- 6.2. The Pool Administrator is responsible for developing and implementing a system of management of Sick Leave Pool activity and certifying eligibility for use of leave from the Pool.
- 6.3. One Sick Leave Pool will be administered for all regular faculty and staff employees of Lamar Institute of Technology.

7. **Procedures:**

7.1. **For Contribution to the Pool:**

- 7.1.1. Employees contributing to the Pool must complete a Contribution to Sick Leave Pool form and submit it to the Pool Administrator.

7.2. **For Withdrawal from the Pool:**

- 7.2.1. Employees requesting leave from the Pool must complete a Sick Leave Pool Withdrawal Request Form and submit to the Human Resources Leave Coordinator. Written confirmation from a licensed practitioner providing a description of the condition, prognosis and expected date of return must be attached to the Sick Leave Withdrawal Request form.
- 7.2.2. Requests for leave from the Pool must be made as soon as possible before the leave is to take effect. If, because of the catastrophic illness or injury, the employee is unable to make a request for withdrawal from the Pool, the employee's immediate supervisor may initiate the request.
- 7.2.3. Requests will be considered in the order in which they are received.

Section 6 Attendance/Leave

- 7.2.4. The Pool Administrator will forward the request to a three or more member committee appointed by the President of Lamar Institute of Technology. The Committee will meet monthly to review requests. The committee will make a recommendation to approve or deny requests based on a review of:
- receipt of Sick Leave Pool Withdrawal Request
 - receipt of a doctor's statement
 - verification of the employee's depletion of all available leave
 - verification of eligibility
 - availability of hours in the Pool
 - verification that the illness or injury is classified as catastrophic.
(Defined by the trustee of the State Employee Uniform Group Insurance Benefits Program established under the Texas Employees Uniform Group Insurance Benefits Act (Article 3.50- 2, Vernon's Texas Insurance Code as set forth in SB 357.)
- 7.2.5. The administrator will notify the employee of the Committee's decision. If approved for pool leave, the department will be notified and instructed to prepare an F3.2 placing the employee on leave with pay and, if qualified, on family medical leave.
- 7.2.6. A denied request may be appealed in writing to the Associate Vice President for Human Resources. The Associate Vice President's decision is final and not subject to appeal.

POLICY 6.16 LEAVE WITHOUT PAY (LWOP)

SCOPE: ADMINISTRATION, FACULTY AND STAFF

1. Leave Without Pay: Leave without pay (LWOP) can only be granted according to the following provisions:

- 1.1. Must be approved by the supervisor and the appropriate Vice President.
- 1.2. Except for disciplinary and worker's compensation situations, all accumulated paid leave entitlement must be exhausted before such LWOP can be granted. Sick leave must be exhausted only in those allowable cases as provided in the sick leave provisions. All such leave will be limited to twelve (12) months.

Although approval of such leaves constitutes a guarantee of employment for a specified period of time, such a guarantee is subject to fiscal constraints. The Institute does not assure that the employee returning from Extended LWOP will be returned to the same position but only that he/she will be returned to a similar position for which his/her qualifications are accepted by the supervisor of an available vacant position.

The President may waive these limitations for such reasons as interagency agreements or for educational purposes.

- 1.3. Except in the case of an employee returning to State employment from military LWOP, any full calendar month in which an employee is on LWOP will not be counted in the calculation of total State service for the purpose of vacation or longevity pay entitlement. Any such full calendar month of LWOP shall not constitute a break in the continuity of State employment, but shall not be considered in the calculation of six (6) months continuous service under vacation leave provisions.
- 1.4. When an employee is placed on LWOP, compensation for that particular pay period shall be reduced at the equivalent hourly rate of pay times the number of work hours of LWOP.
- 1.5. Placing an employee on LWOP involves additional administrative expenses and creates an additional workload for co-workers and therefore, frequent or lengthy LWOP status may subject the employee to corrective actions up to and including termination.
- 1.6. A full-time employee or regular or part-time employee who is subject to FLSA and is on leave without pay will have his or her compensation reduced for that particular pay period at the equivalent hourly rate of pay times the number of work hours lost by leave without pay. FLSA exempt employees may also be subject to salary reduction in the same manner, in accordance with provisions set forth in the overtime provisions of 29 C.F.R. Section 541.188 and Policy No. 6.7. FLSA exempt employees who are absent from work for less than one day for personal reasons or sickness or disability under certain conditions may be subject to a salary reduction.

POLICY 6.17 EXTENDED LEAVE WITHOUT PAY

SCOPE: FACULTY AND STAFF

1. **Policy:** To the extent reasonably possible, Lamar Institute of Technology will assist employees temporarily restricted from performing their regularly assigned duties by modifying work assignments or duties for a set time; after which it is hoped that the employee will be able to resume regular duties. In addition, whenever feasible, Lamar Institute of Technology will assist employees unable to resume their regular duties in transferring to positions at Lamar Institute of Technology better suited to their capabilities.
2. **Scope:** This policy applies to all Lamar Institute of Technology employees. This modified duty program can be utilized only by an employee during his/her tenure of employment with Lamar Institute of Technology. After the end of three months of light duty, the employee will not be eligible for light duty until the completion of 12 months of service.
3. **Purpose:** This policy establishes guidelines by which Lamar Institute of Technology provides modified work duties for employees with injuries or illness, in order that the employee may return to work before receiving a full release from the attending physician.
4. **Procedure:**
 - 4.1. Duration: a period not to exceed three (3) months.
 - 4.2. Documentation by Employee's Physician: The employee's physician shall determine and document in writing to Lamar Institute of Technology temporary restrictions to the employee's work duties and prognosis of return to full duty.
 - 4.3. Coordination with Employee's Physician: Upon receipt of written documentation from the employee's physician requiring temporary work restrictions, the Worker's Compensation Coordinator or the Safety Officer may contact the employee's physician regarding Lamar Institute of Technology's commitment to rehabilitation and will provide information regarding Lamar Institute of Technology's return-to- work procedures and the employee's job description.
 - 4.4. Lamar Institute of Technology Evaluation of Employee and Placement Opportunities:
 - 4.4.1. When the physician notifies the Worker's Compensation Coordinator that the employee is able to return to work in a modified capacity, the Worker's Compensation Coordinator will work with the supervisor in the home department to attempt to establish a light duty assignment, if possible.
 - 4.4.2. If the employee's home department is unable to accommodate the work limitations or the employee performing modified duties on a temporary basis, the Worker's Compensation Coordinator will notify the Safety Officer and request exploration outside the home department. The Safety Officer, to the

Section 6 Attendance/Leave

extent feasible, will attempt to place the employee in another Lamar Institute of Technology department in a position consistent with the employee's capabilities and qualifications.

- 4.4.3. Whenever the home department cannot accommodate the employee performing modified duties and the Human Resources Office places the employee in another department, the employee's wages will either be paid from the vacant line in the acquiring department or the Safety Officer will work with Human Resources on funding.

5. **Work Document:**

- 5.1 Once alternative duty has been established by the employee's department (either home or new) the department offering this work must create a Work Document specifying the following:
 - 5.1.1. A short description of the job.
 - 5.1.2. A description of the physical requirements to perform the required tasks (e.g., lifting weight (pounds), amount of sitting, walking, bending, stooping, etc.)
- 5.2 Before the employee can return to work, the employee, the employee's supervisor, and the Lamar Safety Officer must agree in writing to the requirements of the temporary modified work assignment. The employee's physician may be asked to review and initial the work document before the employee may return to work. The Work Document is valid for the stated period not to exceed three (3) months.

6. **Employee Responsibilities:**

- 6.1 The employee must be briefed regarding the kind of work which he/she will be required to perform.
- 6.2 After receiving such a briefing, the employee must be willing to give the alternative duty full attention and best effort.

Any employee who exhibits unsatisfactory work habits (see paragraphs 3 and 4, Policy Number 5.5) will be treated identically to any other employee. The supervisor will follow the guidelines as established in Policy Number 5.5 to discipline the employee on the Return-to-Work program. The employee may be terminated from employment should she/he fail to respond to the corrective disciplinary actions as outlined in paragraph 6, Policy Number 5.5.

- 7. **Return to Work:** When released by the attending physician to return to regular duties, the employee will return to his/her regular position in the home department.

8. Extended/Permanent Disability:

- 8.1. If the modified duty assignment ends and the employee is not released by the attending physician to return to his/her regular duties, the employee may request Extended Leave Without Pay while other options such as Long-Term Disability or Disability Retirement are explored. The Office of Human Resources will assist the employee with these options.
- 8.2. If the employee's disability is determined to be permanent, where possible the Institute will provide reasonable accommodation to that disability consistent with the Americans with Disabilities Act.

POLICY 6.18 RETURN TO WORK ¹²²

SCOPE: FACULTY AND STAFF

1. Return to Work Policy Statement:

It is the policy of Lamar Institute of Technology to provide a return to work program as the means to return employees to meaningful, productive employment following injury or illness.

The return to work program provides opportunities for any employee of Lamar Institute of Technology who sustains a compensable injury during the course and scope of employment, a disability as defined by the American with Disabilities Act (ADA), and/or a serious health condition as defined by the Family Medical Leave Act (FML) to return to work at full duty. If the employee is not physically capable of returning to full duty, the return to work program provides opportunities when available for the employee to perform a temporary assignment in which the employee's regular position is modified to accommodate the employee's physical capacities, or to perform an alternate duty position.

This return to work program shall not be construed as recognition by Lamar Institute of Technology, its management, or its employees that any employee who participates in the program has a disability as defined by the Americans with Disabilities Act of 1990. If an employee sustains an injury or illness that results in a disability under the ADA, it is the employee's responsibility to inform his or her supervisor and Lamar Institute of Technology's Office of Human Resources and the Safety Officer when a disability under the ADA exists and that a reasonable accommodation is necessary to perform the essential functions of his or her job.

2. Return to Work Procedures:

Definitions: The following definitions apply to this procedure:

- 2.1. Serious Health Condition: An illness, injury, impairment, or physical or mental condition that involves:
 - inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or
 - continued treatment by a health care provider, including a period of incapacity.
- 2.2. FML Leave: Federal leave entitlement of up to 12 weeks of unpaid leave when an eligible employee is unable to work because of a serious health condition. The absence from work must be a period of incapacity of more than three consecutive calendar days. The leave is normally continuous, but may be taken intermittently or on a reduced leave schedule.

¹²² Risk Management for Texas State Agencies, Volume III, Section One

Section 6 Attendance/Leave

- 2.3. Lost Time: Time spent away from work at the direction of the treating doctor as a result of compensable injury sustained in the course and scope of employment. The term does not include time worked in a temporary assignment.
 - 2.4. Full Duty: Performance of all duties and tasks of the position for which the employee is employed. Full duty entails performing all essential and non-essential functions of the employee's regular job.
 - 2.5. Temporary Assignment: Performance of a temporary job assignment that is intended to return an injured employee to work at less than his or her full duties when a compensable injury or serious medical condition prevents the employee from working full duty. Two types of temporary assignments are modified duty and alternate duty.
 - 2.6. Modified Duty: Performance of all of the essential functions, but only a portion of the non-essential functions and tasks of the regular job duties for which the employee is employed. Modified duty allows the employee to return to current employment in his or her regular job, and perform those duties and tasks that are within the capabilities of the employee, given the restrictions to duty imposed by the treating physician. Modified duty is a temporary arrangement until the injured employee can resume full duty. If the employee is a qualified individual with a disability as defined under the Americans with Disabilities Act, then modified duty may become a permanent arrangement as a reasonable accommodation, if the accommodation does not create an undue hardship on Lamar Institute of Technology.

6. **AUTHORITY AND RESPONSIBILITY**

Questions related to this policy should be addressed to the IRM at irm@lit.edu.

POLICY 7.6 ACCOUNT MANAGEMENT

SCOPE: FACULTY, STAFF, STUDENTS, AND GUESTS

1. POLICY STATEMENTS

- 1.1. Information resources residing at or administered by LIT are strategic and vital assets belonging to the people of Texas. Title 1, Part 10, Chapter 202, Texas Administrative Code, commonly known as TAC 202, requires LIT to appropriately manage access to these information resources.
- 1.2. LIT shall afford an individual access to these resources in a manner consistent with the individual's institutional affiliations and roles. Individuals shall access these resources only as necessary to fulfill their institutional roles and always in compliance with established laws, regulations, policies, and controls.

2. USER RESPONSIBILITIES

- 2.1. Users are responsible for the security of any computer account issued to them and are accountable for any activity that takes place in their account.
- 2.2. Users who discover or suspect that the security of their account has been compromised must immediately change their password and report the incident to LIT Information Technology. LIT Information Technology shall escalate the incident to the ISO if the compromise may increase the risk to other institutional information resources. Any suspected or attempted violation of system security should be reported immediately to the ISO or LIT Information Technology.

3. GENERAL

- 3.1. Each information system that uses login credentials shall have a designated account manager. Unless specifically indicated via contract, software license agreement, or other formal assignment, LIT Information Technology shall serve as the account manager.
- 3.2. Identification and Authentication
 - 3.2.1. The identity of authorized users shall be authenticated before access to LIT information resources is granted. To facilitate authentication, each authorized user will be assigned an account with a unique logon ID (e.g., UserID, Banner ID number).
 - 3.2.2. Initial authentication shall be performed as part of the account creation process. Authorized users will be prompted to authenticate prior to each subsequent access to LIT information resources unless pass-through authentication from authorized systems has been implemented (e.g., Single Sign On).

Section 7: Security of Information Resources

3.2.3. Shared User Accounts

- 3.2.3.1. Shared user accounts are to be used in very limited situations and must provide individual accountability when used to access mission critical or confidential information.
- 3.2.3.2. Shared user accounts must be approved by the ISO.

3.3. Authorization and Access

- 3.3.1. Access shall not be granted to information resources without authorization from appropriate information owners. Authorization shall be based on mission/business functions and intended system use.
- 3.3.2. Where possible and practical, group and role membership shall be utilized to assign privileges to users.
- 3.3.3. For business functions in which separation of duties are required, access authorizations shall support this requirement. This may require the creation of additional groups or roles.
- 3.3.4. LIT access control is based on the principle of least privilege, in which access is authorized only as necessary to accomplish assigned tasks in accordance with LIT's mission and business functions.
- 3.3.5. Access controls shall be modified appropriately as a user's employment or job responsibilities change. Information owners shall notify account managers under the following conditions:
 - 3.3.5.1. An account is no longer necessary.
 - 3.3.5.2. A user's employment status or affiliation changes.
 - 3.3.5.3. A user's job responsibilities or need-to-know changes.
- 3.3.6. A user's account shall be deactivated whenever their affiliation with LIT no longer qualifies them to possess an active account.
 - 3.3.6.1. Staff and full-time faculty accounts are deactivated as part of the HR exit process.
 - 3.3.6.2. Student accounts will remain active for two long semesters after their last semester of enrollment to facilitate communication and re-enrollment. After two long semesters, accounts shall be deactivated and removed.
 - 3.3.6.3. Adjunct faculty accounts are deactivated during semesters in which the faculty are not teaching classes and shall be removed after being deactivated for two long semesters.
- 3.3.7. Where possible and practical, logon IDs associated with deactivated accounts shall be prevented from being reused for no less than 180 days.

Section 7: Security of Information Resources

3.3.8. Computing accounts will be reviewed for compliance with this policy and business requirements by the information owner on an annual basis each fall semester and periodically thereafter based on risk assessment. As part of this review,

3.3.8.1. Information owners shall notify account managers of any changes in a timely manner. These notifications shall be documented.

3.3.8.2. Information owners shall document the annual review and maintain the documentation as per record retention requirements.

3.4. System Administrator, Special Access, and Service Accounts

3.4.1. Under circumstance in which it is necessary for authorized custodians or system administrators to share an administrator or special access account to perform their duties, there shall be a process to provide individual accountability when accessing confidential information or critical systems. Access to administrator or special access accounts shall be documented and reviewed at least annually.

3.4.2. Access to service accounts used for interaction between devices, applications, or services shall be documented and reviewed at least annually.

3.4.3. In cases in which a system has only one administrator, there shall be a password escrow procedure in place to allow an appropriate individual other than that system administrator to gain access to the administrator account in an emergency situation.

3.4.4. Passwords for shared system administrator/special access and service accounts shall change when an individual knowing the password is no longer employed with LIT or no longer performs functions requiring access to those accounts.

- 4.2. Notification of access changes must be submitted to account managers through approved electronic means.
- 4.3. Annual account reviews must be documented.
- 4.4. Documentation shall be retained as per appropriate records retention requirements.

5. EXCEPTIONS

- 5.1. Information resources designed for use by the general public in which only public information is disseminated do not require unique identification and authorization. This includes, but may not be limited to, LIT's public web site and the guest wireless network.
- 5.2. Temporary passwords that are transmitted for the sole purpose of establishing a new password or changing a password can be excepted from the requirement to encrypt provided it is a one-time transmission and the user must also change the password upon first logon.

6. AUTHORITY AND RESPONSIBILITY

Questions related to this policy should be addressed to the IRM at irm@lit.edu.

Departmental servers, as described in Section 4, may be excepted from this requirement when used for academic purposes.
- 2.5. Backup and Recovery
 - 2.5.1. Backups shall be completed regularly based on a risk assessment of the data and services provided. Restoration of software and data from backups should be tested on a regular basis to assure viability in the event of a service disruption. If backup media contains confidential data, the data on the backup media or the media itself must be encrypted.
 - 2.5.2. Physical access to the server and backup media shall be restricted to persons with a legitimate need for such access.

3. SERVERS MAINTAINED BY DEPARTMENTS

- 3.1. Departments may be authorized to maintain servers, provided they are used solely for teaching purposes. To be considered as a server used for teaching purposes, it must meet one or more of the following criteria:

- 9.3.2. Maintain audit trails to establish accountability for updates to mission critical information, hardware and software, and automated security or access rules.
- 9.3.3. Maintain a sufficiently complete history of transactions to permit an audit of the server by logging and tracing the activities of individuals through the system.

POLICY 7.10 CHANGE MANAGEMENT

SCOPE: FACULTY AND STAFF

1. POLICY STATEMENTS

- 1.1. Change management is used to minimize any negative impact to information resources users as a result of changes and minimize unwanted reductions in security.
- 1.2. This policy provides the requirements for the appropriate management of changes to information resources.

2. CHANGE MANAGEMENT

- 2.1. A consistent process shall be used for the implementation of changes to information resources. The degree to which change management activities and processes are employed is dependent upon the projected inherent risk of the change and the complexity of the information systems involved.

Documentation shall include, at a minimum, the date and time of the change, the nature of the change, an indication of successful or unsuccessful completion of the change, and any relevant documentation from the review and approval process.

3. AUTHORITY AND RESPONSIBILITY

Questions related to this policy should be addressed to the IRM at irm@lit.edu.

Appendix A – Change Management Standards and Guidelines

Change Preparation

Change Preparation consists of steps that are conducted prior to all but Emergency Changes. With regard to Standard Changes, this occurs as part of the pre-approval for types or categories of low-risk changes. This process includes the following elements, where appropriate (based on factors such as risk level) or specifically required by LIT policy.

1. Identification of hardware, applications, and business processes that are affected.
2. Identification of technical and business personnel that will be involved in implementation.
3. Description of the change, including the reason for the change.
4. Development or confirmation of change procedures (e.g., installation process), to include pre-implementation backups where appropriate.
5. A review of prior changes.
6. Analysis of any potential security issues during and after implementation.
7. Determination of Risk Level and/or in-depth risk assessment/impact analysis.
8. Concurrence of the information resource owner that the change should occur.
9. Development of a backout plan and identification of the backout window.
10. Determination of when the change should occur based on urgency and assessment of potential conflicts with business needs. Questions to ask include:
 - a. Can the change wait until the next scheduled maintenance window?
 - b. Can the change take place during normal business hours, such as during a low-utilization period?
 - c. How much staffing is required to implement the change?
 - d. Does the change need to be scheduled with a vendor's technical support staff, possibly in a different time zone?
11. How much time will be needed to review and test the change?
12. Determination of the length of time required to implement the change.
13. Identification of training needs for technical staff and end users.

Change Review/Approval

Change Review begins with a request for change and ends with a final approval or rejection. The level of controls involved in the change review process depends upon factors such as the

Section 7: Security of Information Resources

information resource's levels of risk and complexity and the results of the risk assessment. Although types or categories of Standard Changes should be approved through this process initially, each individual Standard Change should follow a Standard Change Implementation Process.

The Change Review Process includes the following elements, where appropriate or specifically required by relevant LIT policies.

All Levels of Risk

1. For code revision changes developed in-house, a review of the code shall be performed by someone other than the developer.
2. Code revision changes must be approved by someone other than the developer(s).
3. Review of documentation for previous changes.

Elements Based on Risk Level

Low, Non-Standard Change

1. Custodian submits a request for change to the IRM.
2. The IRM identifies relevant stakeholders and data owners and determines the appropriate level of approval required.
3. Code review, if necessary, as specified above.
4. Approval or rejection.

Moderate

1. Custodian submits a request for change to the IRM.
2. The IRM identifies relevant stakeholders and data owners and determines the appropriate level of approval required.
3. Code review, if necessary, as specified above.
4. Implementation in a test environment, if available.
5. Analysis of test implementation.
6. Approval or rejection.

High

1. Custodian submits a request for change to the IRM.

Section 7: Security of Information Resources

2. The IRM identifies relevant stakeholders and data owners and determines the appropriate level of approval required.
3. Code review, if necessary, as specified above.
4. Consultation with additional subject matter experts, if possible and practical.
5. Walkthroughs and tabletop testing.
6. Implementation in a test environment, if available.
7. Analysis of test implementation, including tabletop testing.
8. Approval or rejection.

Notification

Prior to implementation, notification must be given to users in a timely manner, including relevant details that would not negatively impact the security of the information resource. Notification should be given far enough in advance that there is time to reschedule. The best time to implement the change should have already been determined in the Preparation stage.

The methods of notification used should be appropriate to the environment and the user base. Methods include:

- Email notification.
- Announcement posted on internal web sites.
- Announcement posted on the public web site.

Implementation

Prior to implementation, changes must be approved. After approval, the changes should be implemented as stated in the request for change, in accordance with any restrictions or limitations set forth as part of the approval process, and with adequate separation of duties for tasks that are susceptible to fraudulent activity. Any deviations, along with the reason, should be identified in the Post-Implementation Review and documented.

EXCEPTIONS:

There are only two instances in which changes to information resources may be made without a per-change approval:

1. Standard Change - A pre-approved change that is well known, low-risk, follows established procedures and is an accepted response to particular requirements or events. Examples may include: hardware failure fixed by vendor, download and installation of virus DAT files, installation of approved software, replacement of a desktop computer based on approved replacement cycle, or application of tested operating system patches.

NOTE: Changes requiring code revision should NOT be considered Standard Changes.

Section 7: Security of Information Resources

2. Emergency Change - A change that requires immediate unscheduled implementation to correct an existing or prevent an imminent service outage or disruption.

Emergency Change Implementation

This process must be flexible, as emergency changes are typically time sensitive, and should contain the following elements, where appropriate:

1. Notification of appropriate personnel.
2. Immediate approval, if possible, or prior approval to make emergency changes.
3. Disaster recovery plan implementation.
4. A backout plan.
5. Ensuring adequate technical staff is available for an appropriate time period following the change in the event of problems.
6. In a timely manner (within 48 hours is recommended), submit all appropriate documentation to the appropriate personnel for review. The level of documentation should be appropriate to the level of risk and should include everything that would normally have been submitted with the request for change.

Standard Change Implementation

All standard change implementation processes should have the following elements:

1. A backout plan.
2. Scheduling, either during pre-approved time periods or after consulting with the appropriate personnel.
3. Notification of appropriate personnel. Notification should be given far enough in advance that there is time to reschedule.
4. Ensuring adequate technical staff is available for an appropriate time period following the change in the event of problems.

Post-Implementation Review

This process is conducted after implementation in order to test and verify the change, identify and resolve any issues, and determine whether to initiate the backout plan. The following elements are included where appropriate or specifically required by relevant LIT policies:

1. Verification that the change occurred.

Section 7: Security of Information Resources

2. Testing of the system post-change.
3. Resolution of any problems, if possible.
4. Decision on whether to initiate backout plan.
5. Analysis and "lessons learned" (corrective or preventative actions) from any issues or complications.

Documentation

1. Post-implementation, change details are documented in order to provide a record of the change (audit trail) that can be used in preparation for future changes or in future problem or incident handling. The specific manner in which changes are logged (e.g., spreadsheet, database, paper files, problem/helpdesk software, etc.) can be decided upon by the information resource owners or custodians; however, the following elements should be included where appropriate or specifically required by relevant LIT policies:
 - a. Date/time of change implementation.
 - b. Any relevant Post-Implementation Review details, such as complications, changes to testing procedures, or problem resolution.
 - c. Issues that arose during implementation.
 - d. Individuals that performed the implementation.
 - e. An indication of successful or unsuccessful completion of the change.
 - f. Updates to documentation such as disaster recovery plans, operational documentation, or change management databases.
 - g. Archiving of request for change documentation.
 - h. Submission of additional documentation or reports (e.g., post-implementation analysis) to appropriate personnel.
2. Updates to relevant operational documentation shall be made in a timely manner.
3. Analysis and corrective/preventative actions shall be documented for changes that deviated from the plan unexpectedly, resulted in an unplanned disruption in services, or unexpectedly reduced the security of the information resources.

POLICY 7.11 PHYSICAL AND ENVIRONMENTAL SECURITY

SCOPE: FACULTY, STAFF, STUDENTS, AND GUESTS

1. POLICY STATEMENT

- 1.1. This policy establishes physical security requirements for mission critical information resources facilities and facilities containing critical telecommunications infrastructure, regardless of location.
- 1.2. This policy also establishes general physical security requirements for information resources.

2. GENERAL

- 2.1. The responsibility for securing departmentally administered computer facilities or equipment from unauthorized physical access ultimately rests with the designated owner and designated custodian of the facility or equipment.
- 2.2. Computers, workstations, mobile devices (e.g., tablets, portable storage devices, smart phones, etc.), communication switches, network components, and other devices outside the LIT data center shall receive the level of protection necessary to ensure the integrity and confidentiality of the institutional information accessible through them. The required protection may be achieved by physical or logical controls, or a combination thereof.
- 2.3. The creator of an authenticated work session (i.e., a session in which the user's identity has been authenticated and authorization has been granted) is responsible for any activity that occurs while logged in under his or her account.
- 2.4. No authenticated work session shall be left unattended on any devices unless appropriate measures have been taken to prevent unauthorized use. Examples of appropriate measures include: activation of password-protected keyboard or device locking; automatic activation of a password-protected screensaver after a brief inactivity period (15 minutes or less, based upon risk assessment); or, location or placement of the device in a locked enclosure preventing access to the device by unauthorized parties.
- 2.5. Employees and information resources shall be protected from the environmental hazards posed by information resources facilities. Emergency procedures shall be developed, documented, and regularly tested in collaboration with the Facilities department.

3. MISSION CRITICAL INFORMATION RESOURCES FACILITIES

- 3.1. Physical access to mission critical information resources facilities shall be managed and documented by the facility's custodian. The facilities must be protected by physical and environmental controls appropriate for the size and complexity of the operations and the criticality or sensitivity of the systems operated within those facilities.
- 3.2. Physical security measures must be reviewed annually in conjunction with each facility's risk assessment and whenever facilities or security procedures are significantly modified.
- 3.3. Physical access to mission critical information resources facilities administered by LIT Information Technology is restricted to individuals having prior authorization from the IRM or ISO.
- 3.4. Physical access to facilities containing critical telecommunications infrastructure is restricted to individuals having prior authorization from the IRM, ISO, or Facilities Director.

1. POLICY STATEMENTS

- 1.1. Title 1, Part 10, Chapter 202, Texas Administrative Code, commonly known as TAC 202, requires the chief executive of each Texas state agency and public institution of higher education to protect their institution's information resources by establishing an Information Security Program consistent with the TAC 202 standards. In compliance with TAC 202, this policy statement reflects the policies, procedures, standards and guidelines comprising the Information Security Program of Lamar Institute of Technology (LIT). The terms and phrases in this policy statement shall have the meanings ascribed to them in TAC 202.1 unless otherwise provided herein.

2. INFORMATION SYSTEMS ACQUISITION, DEVELOPMENT, AND MAINTENANCE

- 2.1. Test functions shall be kept either physically or logically separate from production functions. Copies of production data shall not be used for testing unless all personnel involved in testing are authorized access to the production data or all confidential information has been removed from the test copy.[TAC 202.75(6)(A)]
- 2.2. Appropriate information security and audit controls shall be incorporated into new systems. Each phase of systems acquisition or development shall incorporate corresponding development or assurances of security controls. The movement of system components through various lifecycle phases shall be tracked and more specifically, the movement of any software component into production shall be logged. [TAC 202.75(6)(B)]
- 2.3. After a new system has been placed into production, all program changes shall be authorized and accepted by the system owner (or the owner's designee) prior to implementation.[TAC 202.75(6)(C)]
- 2.4. To the extent practicable, the principle of separation of duties shall be applied to the system development and acquisition lifecycle. The developer/maintainer of a component should not also have the ability to place the component into production.
- 2.5. Modifications to production data by custodians or developers shall be authorized in advance by the data owner. If advance authorization is not possible in a real or perceived emergency, the owner shall be notified as soon as possible after the fact and the notification logged. The notification log entry shall contain the notification date and time, a description of the data modified the justification for the modification, and the identities of the owner and the custodian.

3. BUSINESS CONTINUITY MANAGEMENT

- 3.1. Administrative supervisors responsible for delivering mission critical LIT services should maintain written Business Continuity Plans (BCP) that provide for continuation or restoration of such services following a disruption in critical information systems, communication systems, utility systems, or similar required support systems.
- 3.2. The BCP should incorporate:
 - 3.2.1. A Business Impact Analysis that addresses the maximum possible downtime for components of electronic information and communication systems (e.g., voice and data network, hardware, and software), and vital electronic and hard copy records and materials;
 - 3.2.2. To the extent practicable, alternate methods and procedures for accomplishing its program objectives in the absence of one or more of the critical service delivery components;
 - 3.2.3. A Security Risk Assessment to weigh the cost of implementing preventive measures against the risk of loss from not taking preventive action;
 - 3.2.4. A Recovery Strategy Assessment that documents realistic recovery alternatives and their estimated costs; and
 - 3.2.5. Reference to a Disaster Recovery Plan that provides for the continuation or restoration of electronic information and communication systems as described later in this section.
 - 3.2.6. Key aspects of the BCP should be tested or exercised at least annually and updated as necessary to assure the plan's continued viability. [TAC 202.74]
- 3.3. LIT Information Technology shall prepare and maintain a written and cost- effective Disaster Recovery Plan that addresses key infrastructure components in its custody. The plan should provide for the prompt and effective continuation or restoration of critical LIT information systems and processes if a disaster were to occur that might otherwise severely disrupt these systems and processes. The plan should provide for the scheduled backup of mission critical information and for the off-site storage of that backup in a secure, environmentally safe, and locked facility accessible only to authorized LIT Information Technology staff. The plan should also identify other key continuation and recovery strategies, required resources, alternate sources of required resources, as well as measures employed to minimize harmful impacts. LIT Information Technology shall exercise or test key aspects of the Disaster Recovery Plan and make periodic updates as necessary to assure its viability.[TAC 202.74(a)(5)]

POLICY 8.3 STUDENT CODE OF CONDUCT AND DISCIPLINARY POLICY

SCOPE: STUDENTS

1. The Student Code of Conduct applies to every student enrolled at Lamar Institute of Technology. The Code is adopted according to authority granted by the Board of Regents of The Texas State University System. Each student is expected to be fully acquainted with this policy.

- 1.1. **Applicability:** This Code of Student Conduct, hereafter also referred to as this code, is applicable to any student currently enrolled; enrolled in the previous semester/session and eligible to enroll in the next consecutive semester/ session; or newly or re-admitted and eligible to enroll in the next semester/session. A student who withdraws from school is subject to disciplinary action for any conduct that occurred while the student met the aforementioned criteria. Students involved in misconduct that would subject them to disciplinary action while not enrolled may be required to appear before the Associate Vice President of Student Services or designee before being readmitted to the college.

This code is adopted pursuant to authority granted by The Texas State University System Board of Regents. This code is printed annually in the LIT Catalog and Student Handbook. The catalog/handbook is also available online at www.lit.edu. When this code is updated between printed editions, the most updated version, generally the online version, shall prevail.

- 1.2. **Definitions:**

- 1.2.1. "Disciplinary action" means proceedings under section III of this code.

- 1.2.2. "Hazing" means those activities defined in sections 37.151-37.157 of the Texas Education Code.

- 1.2.3. "Hearing Officer" means that person appointed by the Associate Vice President of Student Services to conduct hearings under 3.5.1.

The college will hold each student responsible for compliance with these published policies. A violation occurring off campus while participating in a college-sponsored program may be treated as if the violation occurred on campus. Students also are expected to comply with all federal, state and local laws. Any student who violates any provision of those laws is subject to disciplinary action, notwithstanding any action taken by civil authorities. This principle extends to conduct off campus that is likely to have an adverse effect on the college or the educational process.

3.1. Authorization to Adjudicate Conduct Violations

Under the direction of the Provost/Vice President for Instruction, the Associate Vice President of Student Services or designee, shall be primarily responsible for the administration of the Student Justice system.

3.2. Disciplinary Procedures

- 3.2.1. Investigation - The AVP of Student Services or designee will investigate information that a student may have violated a college policy. During the investigation, the AVP of Student Services or designee will give the student an opportunity to explain the incident, unless the student is unavailable.

Section 8: Student and Academic Affairs

The AVP of Student Services or designee may conduct an investigation and make an administrative determination in the absence of a student if the student does not respond within the time period specified in any notice to the student.

The AVP of Student Services or designee may place a registration hold, preventing a student from registering for additional courses, until the student responds to a summons or a decision is finalized.

- 3.2.2. Administrative Review - If the AVP of Student Services or designee concludes, based on the preponderance of evidence, that the student has violated the Code of Student Conduct, the AVP of Student Services or designee will determine an appropriate disciplinary penalty.

- 3.2.2.1. The AVP of Student Services or designee will discuss the findings and determination of an appropriate penalty with the student, if the student is available. In cases where the AVP of Student Services or designee determines that the allegations against the accused student are true but the only sanction assessed is a warning, the student may not request a hearing. For sanctions other than warnings, the AVP of Student Services or designee will give the student an opportunity to either accept or reject the AVP of Student Services or designee's decision.

- 3.2.2.2. If the student accepts the AVP of Student Services or designee's decision, the student shall so indicate in writing and waive his or her rights to a hearing. The AVP of Student Services or designee may then assess the disciplinary penalty.

- 3.2.2.3. If the student does not accept the AVP of Student Services or designee's decision, the AVP of Student Services or designee will initiate the hearing procedure.

- 3.2.3. Investigation of Alleged Title IX (Sexual Misconduct Policy) Violations

3.3. Disciplinary Penalties:

- 3.3.1. Penalties - Mitigating or aggravating factors in assessing the proper level of discipline may include, but not be limited to, the student's motive for engaging in the behavior; disciplinary history; effect of the behavior on safety and security of the college community; and the likelihood that the behavior will recur. The following penalties comprise the range of official college actions

Section 8: Student and Academic Affairs

that may be taken when, based on the preponderance of the evidence, a student is determined to have engaged in prohibited conduct. These penalties are not exclusive and may be imposed with other sanctions.

- 3.3.1.1. Warning - A written notice to the student that a violation of a published college policy has occurred and that the continuation of such conduct or actions could result in further disciplinary action.
- 3.3.1.2. Restricted privileges - Denial or restriction of one or more college privileges granted to students. These may be, but are not limited to: parking privileges; dining facility privileges; visitation privileges; use of college computers, computer facilities or systems; and participation in extracurricular activities. - 3.3.1.4. Restitution - Paying for physical or property damage, losses or misappropriation, either monetarily or by the performance of specific duties.

- 3.3.1.10. Suspension - Separation from the college for a definite term during which the student shall not be permitted to: earn college credit at LIT, be on college-owned property nor participate in any college activity. A student who has been suspended from any Texas State University System component shall be ineligible to enroll at any other system component during the period of suspension.
- 3.3.1.12. Deferred Expulsion - Like disciplinary probation, an indication that the student is not in good standing and that their continued enrollment is conditioned upon adherence to published college policies. In addition to the restrictions of disciplinary probation, it is understood that a subsequent violation shall result in expulsion.

Section 8: Student and Academic Affairs

- 3.3.1.13. Expulsion - Permanent separation from the college. A student who has been expelled from any Texas State University System component shall be ineligible to enroll at any other system component during the period of expulsion.
- 3.3.2. Recording of Penalties - The registrar of each component is authorized to make an appropriate notation on the student's transcript to accomplish a sanctions objective and to remove the notation when the student's disciplinary record has been cleared. In addition to LIT, the Texas State University System includes Lamar University, Lamar State Colleges, Sam Houston State University, Texas State University and Sul Ross State University campuses. The penalties provided in subsections 3.3.1.8, 3.3.1.9, 3.3.1.12, and 3.3.1.13 may be noted on the student's permanent transcript. Any record of penalty, except for expulsion, not noted on the transcript shall be expunged no later than seven years after the penalty is assessed.
- 3.3.3. Finality of Penalties - No penalty shall take effect until disciplinary action becomes final. Disciplinary action becomes final when:
 - 3.3.3.1. During administrative disposition
 - 3.3.3.1.1. upon acceptance by the student of the AVP of Student Services or designee's decision;
 - 3.3.3.1.2. if the only sanction is a warning; or
 - 3.3.3.1.3. upon notification to the student of the decision of the AVP of Student Services or designee and the expiration of the time in which to file a notice of appeal to the hearing board.
 - 3.3.3.2. In the event of a hearing:
 - 3.3.3.2.1. the sanction assessed is a warning or probation; or

- 3.4.1. The President or Provost/Vice President of Instruction or their designee may take immediate interim disciplinary action, including suspension, pending a hearing, against a student for allegedly violating a college policy when the student's continuing presence is reasonably believed to pose:
 - 3.4.1.1. A danger to persons or property; or
 - 3.4.1.2. An ongoing threat of disrupting the academic process.

Section 8: Student and Academic Affairs

- 3.4.2. The college official involved shall notify the student of the interim disciplinary action by the most expeditious means available. Thereafter, the AVP of Student Services or designee may offer the student an opportunity to have an administrative review or to immediately initiate the hearing procedures provided in this code. If the latter option is chosen, a hearing shall be held no later than 12 class days after the temporary disciplinary action was taken.

3.5. Hearings

- 3.5.1. Hearing Board - At the beginning of each fall semester, the AVP of Student Services will appoint an at-large hearing board composed of student members and hearing officers. The hearing officers will be full-time faculty or staff members. Student members must be in good academic and disciplinary standing. One hearing officer and two student members, hereafter collectively referred to as the hearing panel, shall be scheduled to hear each hearing based on availability and scheduling constraints. When available, alternate board members may sit in the panel to ensure that hearings may proceed in cases where an appointed member is unable to serve through the end of the hearing and deliberations. If one hearing officer and two student members are not able or willing to hear a case, the AVP of Student Services may appoint new members to the board so that every case may be heard within a reasonable time period. During hearings, new appointments, whether appointed for one hearing or the remainder of the current academic year, shall have all the qualifications, authority and responsibilities of a board member appointed at the beginning of the fall semester. The hearing officer shall preside over the disciplinary hearing.
- 3.5.2. Students' Rights - Each student who requests a hearing or who is given an interim disciplinary sanction shall be afforded:

- 3.5.2.3. Representative - This is an opportunity for the student to have an advisor or counsel present at meetings with the AVP of Student Services or designee and during hearings. The student will provide the representative at his or her expense. The college is not obligated to arrange for or provide a representative. In addition, the student may also have parents or a legal guardian present.
- 3.5.2.3.1. To the extent that the AVP of Student Services or designee uses legal counsel for other than advisory purposes during the hearing, the student shall be afforded the same opportunity. This challenge must be made at any time before the introduction of testimony or other evidence. The person challenged will be the sole judge as to whether he or she can serve with fairness and objectivity. If the person challenged chooses not to serve and an alternate is not readily available, the AVP of Student Services may appoint a special replacement for that case.
- 3.5.3. Notification of Evidence - At least 48 hours before the hearing, both the AVP of Student Services or designee and the student will provide the other party with the names of witnesses, summaries of testimony, documents and other evidence to be presented at the hearing.
- 3.5.4. Burden of Proof - The AVP of Student Services or designee has the burden of going forward with the evidence and the burden of substantiating the violation by the preponderance of the evidence.
- 3.5.5. Questioning Witnesses - The AVP of Student Services or designee, the student, and members of the hearing panel may question witnesses regarding relevant matters.
- 3.5.6. Recording - The hearing, with the exception of the panel's deliberation, will be recorded. After testifying, a witness may not remain in the hearing room unless both the student and the AVP of Student Services or designee consent. All persons present at the hearing shall treat matters discussed with confidence
- 3.5.11. Relevant Evidence - Legal rules of evidence shall not apply to hearings. Any relevant evidence shall be admitted, if it is credible and is the sort that reasonable people would rely upon in the conduct of their affairs.
- 3.5.12. Not Compelled to Testify - The student may not be compelled to testify against himself or herself.
- 3.5.13. Procedural Rules

 - 3.5.13.7. The parties may present rebuttal evidence.
 - 3.5.13.8. The parties may present brief summations.
 - 3.5.13.9. The hearing officer will dismiss the parties and the hearing committee will deliberate and determine by a majority vote whether the student has violated a college policy. If the committee finds that the student did violate a college policy, it will assess the penalty. The hearing officer shall report in writing the committee's findings and the penalty, if any, to be assessed.
 - 3.5.13.10. The hearing officer will send the committee's decision to the Provost/Vice President of Instruction, with copies to the student(s)

and to the AVP of Student Services or designee. If the student is found to have violated a college policy, and if a disciplinary penalty has been assessed, the hearing officer will inform the student of his or her right to appeal to the VP-SAS.

4. Appeals

4.1. **Provost/Vice President of Instruction** in cases in which the sanction assessed is a verbal or written warning or probation, the decision of the hearing panel is final. In cases in which the sanction assessed is beyond a warning or probation, either party may appeal to the Provost/Vice President of Instruction based on:

- 4.1.1. whether or not a fair hearing was afforded (A fair hearing includes notice of the alleged misconduct, and an opportunity to present evidence.)
- 4.1.2. whether or not the sanctions levied were appropriate to the offense
- 4.1.3. whether or not the finding was supported by the evidence
- 4.1.4. whether or not new evidence is introduced that was not available at the time of the hearing. An appeal is not a rehearing of the original case; the Provost/Vice President of Instruction's review will focus on arguments addressing the basis, listed above, of the appeal.

4.2. Notice

Either party appealing to the Provost/Vice President of Instruction must give written notice to the Provost/Vice President of Instruction no later than five business days after the hearing panel's decision. All supporting documentation, including written arguments, when appropriate or requested, shall be filed with the Provost/Vice President of Instruction no later than five business days after notice of appeal is given. The parties, at the discretion of the Provost/Vice President of Instruction, may submit oral or written arguments to support their positions.

4.3. Action

Upon appeal, the Provost/Vice President of Instruction will review the materials presented at the hearing and may require the parties to submit written material or oral statements. The Provost/Vice President of Instruction shall respond to the appeal within 10 business days after all the documentation is received and all testimony is heard. The Provost/Vice President of Instruction may postpone a decision for good cause.

- 4.3.1. If the student is required to appear in person before the Provost/Vice President of Instruction, the student may have a representative present, as provided in section 3.5.2.3.
- 4.3.2. The Provost/Vice President of Instruction may approve, reject, or modify the decision of the hearing committee or may require that the committee reopen the hearing to hear additional evidence or to reconsider the decision.
- 4.3.3. The Provost/Vice President of Instruction will inform the student, the AVP of Student Services or designee, and the hearing officer of his or her decision in

Section 8: Student and Academic Affairs

- 4.3.4. writing. The Provost/Vice President for Instruction's decision is final except for the discretionary review described below.

4.4. **Discretionary Review**

The Provost/Vice President of Instruction, the President or the Board of Regents may, on their initiative, review any disciplinary case, and upon such review may approve, reject or modify the lower decision, or may remand the decision to the hearing officer or hearing panel for presentation of additional evidence and reconsideration of the decision.

3. The grade of I may be given when illness, necessary absence, or other reason beyond the control of the student prevent completion of course requirements, including the final examination, by the end of the academic term.
 - 3.1. Arrangements to complete deficiencies in a course should be made with the instructor.
 - 3.2. Incomplete work must be finished during the next long semester, or the Office of Records will change the I grade to the grade of F. The course must then be repeated if credit is desired.
 - 3.3. An I grade also automatically becomes an F if the student re-registers for the course before removing the deficiencies and receiving a grade change.
4. The instructor may record the grade of F for a student who is absent from the final examinations and is not passing the course.

Section 8: Student and Academic Affairs

5. Semester grades are filed with the Office of Records.

7. Grade Point Average Computation: The grade point average is a measure of the student's overall academic performance and is used in the determination of academic standing, rank in class, eligibility for graduation, etc. Grade point averages are computed separately for Institute and academic records, except for honors and certain special degree requirements.
 - 7.1. Grade points are assigned to letter grades as follows: to the grade "A", 4 points; to "B", 3 points; to "C", 2 points; to "D", 1 point, and to "F", "I", "S", "U", "NG", "W", 0 points. The number of grade points earned in a course is obtained by multiplying the number of semester hours credit by the number of points assigned to the grade made in the course.
 - 7.2. The Grade Point Average (GPA) is calculated by dividing the total number of grade points earned by the total number of semester hours attempted in courses for which the grades "A", "B", "C", "D", "F", and "I" are assigned.
 - 7.2.1. For grades "S", "U", "NG", "W", and "Q", neither semester hours nor grade points are used in the computation of the grade point average.
 - 7.2.2. Hours attempted include all work taken whether passed, failed or repeated.
 - 7.2.3. Courses in which a grade of "S" or "U" is assigned are used in calculating a student's semester hour load.

- 8.2.1.4.3. A student may appeal an academic suspension by following the Appeal for Academic Suspension Guidelines.

8.2.2. Students who do not maintain a minimum GPA of 2.0 will be placed on academic warning, academic probation, or academic suspension.

Section 8: Student and Academic Affairs

- 3.1.4. "Expressive activities" means any speech or expressive conduct protected by the First Amendment to the United States Constitution or by Section 8, Article I of the Texas Constitution, and includes assemblies, protests, speeches, the distribution of written material, the carrying of signs, and the circulation of petitions. The term does not include commercial speech.
 - 3.1.5. "Limited public forum" means Institution property, both indoors and outdoors, including the outside surfaces of an Institute building, surfaces associated with or connected to an Institute building or an Institute structure, that is not part of the common outdoor area and has limited open access for public expression or may be limited to particular groups or to particular topics. The Institute will maintain its obligation to place reasonable time, place, and manner limits on how its limited public forums may be used by any particular individual or group.
 - 3.1.6. "Non-public forum" means a place that is not a traditional public forum or designated public forum. This includes areas that are not by tradition or designation forums for public communication. These forums will be restricted to use for their intended purpose and are not available for public expressive activity. Examples include, but are not limited to, classrooms, faculty and staff offices, academic buildings, administration buildings, library, research and computer laboratories, and research facilities. The Institute will maintain its obligation to place reasonable time, place, and manner limits on how its non-public forums may be used by any particular individual or group.
- 3.2. Off-Campus Speakers in Institute Facilities. Students, faculty, staff, and student organizations may present off-campus speakers in Institute facilities as follows:
- 3.2.1. A student or student organization may request permission to host an off-campus speaker in one of the Institute's limited public forums by submitting a written request to the Associate Vice President of Student Services (AVPSS). Such written request must be made at least fourteen (14) business days in advance of the proposed date of the event, and the written request must contain the name of the student or student organization making the request; the proposed date, time and location of the event; the expected size of the audience; and the topic of speech. No invitation shall be issued to an outside speaker without prior written approval by the AVPSS. In reviewing such requests, the AVPSS will consider only content-neutral and viewpoint-neutral criteria related to the needs of the event, including, for example, the proposed venue and expected size of audience; any anticipated need for campus security; and any necessary accommodations. The AVPSS will not consider any anticipated controversy related to the event.
 - 3.2.2. Staff or faculty may request permission to host an off-campus speaker in one of the Institute's limited public forums by forwarding such written request to Associate Vice President of Student Success (AVPSS). Such written request must be made at least fourteen (14) business days in advance of the proposed date of the event, and the written request must contain the name of the faculty or staff member making the request; the proposed date, time and location of the event; the expected size of the audience; and the topic of speech. No invitation shall be issued to an outside speaker without prior written approval by the AVPSS. In reviewing such requests, the AVPSS will

Section 8: Student and Academic Affairs

consider only content-neutral and viewpoint-neutral criteria related to the needs of the event, including, for example, the proposed venue and expected size of audience; any anticipated need for campus security; and any necessary accommodations. The AVPSS will not consider any anticipated controversy related to the event.

- 3.2.3. If the request for an outside speaker is approved and the speaker accepts the invitation, the sponsoring faculty, staff, student, or student organization must inform the AVPSS immediately, in writing, of such acceptance. The student, staff, faculty member, or student organization must make clear at the beginning of the speaking event that the student, staff, faculty member, or student organization, and not LIT, is extending the invitation to speak and that any views the speaker may express are the speaker's own and not necessarily those of the Institute.
- 3.2.4. A request by a student, student organization, faculty, or staff to host an off-campus speaker in one of the Institute's limited public forums may be denied if the AVPSS determines that the proposed speech will constitute a clear and present danger to the Institute's orderly operation(s). In the event a request is denied, the sponsor may appeal the decision to the Provost/Vice President of Instruction, whose decision shall be final. Such appeal must be in writing and must be made within three (3) business days of the denial.
- 3.2.5. Speakers asked to speak on campus and who are to be paid from State funds shall speak in a facility that is open to the public. In reviewing such speaker requests, the Institute will consider only content-neutral and viewpoint-neutral criteria related to the needs of the event, including, for example, the proposed venue and expected size of the audience; any anticipated need for campus security; and any necessary accommodations. The Institute will not consider any anticipated controversy related to the event. No person may obstruct or lessen in any way the opportunity for the audience to see and/or hear the speaker. Students, student organizations, staff, or faculty who unduly interfere with the expressive activity of others on campus may be subject to disciplinary action. This subsection does not apply to classes, seminars, symposia and conferences intended for the use and benefit of students, faculty, staff and invited guests.
- 3.2.6. Off-campus speakers who have not been sponsored or invited by a student organization, faculty or staff organization or by the college administration shall be prohibited from speaking in the campus's designated limited public forums unless the speaker is speaking to an off-campus organization that has been authorized to meet on campus.
- 3.2.7. The Institute may, in its sole discretion, lease or rent space in the Student Center or other space for political rallies and similar events. In arriving at its decision, the Institute will consider only content-neutral and viewpoint-neutral criteria related to the needs of the event, including, for example, the proposed venue and expected size of the audience; any anticipated need for campus security; and any necessary accommodation. The Institute will not consider any anticipated controversy related to the event.

Section 8: Student and Academic Affairs

- 3.2.8. Subject to the reasonable time, place, and manner restrictions outlined in this Chapter, students, student organizations, faculty, staff, and members of the public may assemble and/or present speakers in the Institute's common outdoor areas without prior notice to or approval from the Institute.
- 3.3. Time, Place and Manner Restrictions. While freedom of speech and the right to assemble are valued and encouraged, the law recognizes that there is no absolute right to freedom of speech or right to assemble, or to make or hear a speech at any time or place regardless of the circumstances, content of speech, purpose of assembly, or probable consequences of such meeting or speech.
 - 3.3.1. Assembly on College Grounds. Any group or person, whether or not a student or employee of the Institute, may assemble and engage in expressive activities in the Institute's common outdoor areas subject to the Institute's reasonable time, place, and manner restrictions. The Institute may prohibit individuals' expressive activity if the Institute determines, after reasonable inquiry, that the expressive activity materially disrupts the functioning of the Institute; or constitutes a clear and present danger to the Institute's orderly operation; or violates other Institute policies or State or federal law.
 - 3.3.2. Clear and Present Danger. Expressive conduct that constitutes a clear and present danger to the Institute's orderly operation by the speaker's advocacy (e.g., preparing the group addressed and steeling it to imminent action as opposed to the abstract espousal of the propriety of resort to force) is prohibited. In determining the existence of a clear and present danger, there must be not only advocacy to action but also reasonable apprehension of imminent danger to the essential functions and purposes of the Institute. In determining whether expressive activity constitutes a clear and present danger, the Institute may consider all relevant factors, including, for example, whether within the past five (5) years such speaker has incited violence resulting in the destruction of property at any public institution or has willfully caused the forcible disruption of regularly scheduled classes or other educational functions at any such institution. Such review will be exercised without regard to the viewpoint of any speaker.
- 3.4. Publications and Posters. No group or person, whether or not a student or employee, shall publicly display, distribute, or disseminate on Institute grounds any petition, handbill, or piece of literature, work, or material (collectively "Literature") that is obscene, vulgar, libelous, constitutes commercial speech, or advocates for the deliberate violation of any federal, State, or local law. Literature may not be distributed where the manner or form of distribution constitutes disorderly conduct, impedes the maintenance of public order, or constitutes a danger to the person distributing or disseminating the material or to any group or individual. Subject to these reasonable time, place and manner restrictions, students, student organizations, faculty, staff, and members of the public may distribute or display Literature in the Institute's common outdoor areas without prior notice to or approval from the Institute.
 - 3.4.1. "Advocacy" means addressing the group for imminent action and steeling, bolstering, or bracing it to such action as opposed to the abstract espousal of the moral propriety of a course of action.

Section 8: Student and Academic Affairs

3.4.2. Any group or person, whether or not a student or employee, demonstrating on campus shall adhere to the provisions of Section 4.30 of the Texas Education Code and Section 3.4 of Chapter VI of the TSUS Rules and Regulations.

3.5. Disruptive Activities. Disruptive activities are prohibited on the campus. The president shall promptly utilize all lawful measures to halt and eliminate any and all such disruptive activities occurring on Institute premises. The president's review of the alleged disruptive activities will be exercised without regard to the viewpoint of any group or individual.

4. Parades, Demonstrations, and Rallies

4.1. Parades, demonstrations, and rallies must not result in a breach of peace or violation of any law; or interfere with the free and unrestricted flow of pedestrian and vehicular traffic on campus or the entry or the exit to any campus building, structure or facility; or materially disrupt or interfere with the normal activities of the Institute.

4.2. No person or group conducting or participating in a parade, demonstration, or rally at the Institute may advocate for the deliberate violation of the law.

4.3. No parade, demonstration, or rally may take place inside any of the Institute's limited public forums or non-public forums.

4.4. Students, student organizations, faculty, staff, and members of the public may conduct or participate in a parade, demonstration, or rally in the Institute's common outdoor areas.

5. Alleged Violations of this Chapter

5.1. Individuals wishing to file a grievance regarding an alleged violation of Texas Education Code Section 51.9315 may make an online report via email at studentserv@lit.edu.

5.2. A student or student organization who violates a prohibition in this Chapter may be disciplined as provided in the Institute's Code of Conduct and Disciplinary Policy.

POLICY 8.24 ACADEMIC DISHONESTY

SCOPE: STUDENTS

1. In an attempt to clarify possible misunderstandings, Institute faculty and staff have developed some definitions and examples of two types of academic dishonesty: cheating and plagiarism.
 - 1.1. Cheating is defined as the giving or taking of information or material with the purpose of wrongfully aiding oneself or another person in academic work that is to be considered in determining a grade.
 - 1.2. Plagiarism, or literary theft, is defined as appropriating the literary composition of another person, including the parts, passages, or language of that writing, and passing off the appropriate material as one's own. Plagiarism is the failure to give proper credit or citation to one's source(s) of information. It includes the failure to use conventional methods of documentation for material quoted or paraphrased. Additionally, plagiarism includes allowing someone else to compose or rewrite an assignment for a student.
2. Some examples of cheating and/or plagiarism include, but are not limited to, the following items:
 - 2.1. Asking for or giving another student information during a test;
 - 2.2. Copying answers from another student's paper or intentionally allowing someone to copy from one's own paper during a test;
 - 2.3. Using materials prohibited by the instructor during a test;
 - 2.4. Either impersonating another student during a test or having another person assume one's identity during a test.
 - 2.5. Changing answers on a previously graded test in order to have a grade revised;
 - 2.6. Stealing examination materials.
 - 2.7. Copying material, either exactly or in essence, and not providing appropriate documentation;
 - 2.8. Copying or falsifying a laboratory or clinical project/assignment, including computer programs, in either disk or hard copy form;
 - 2.9. Allowing someone else to compose or rewrite a student's assignment;
 - 2.10. Stealing, buying, selling, or otherwise providing research papers.
3. As with other violations of student conduct, cheating and/or plagiarism may result in disciplinary action.

POLICY 8.25 STUDENT GRIEVANCE PROCEDURE

SCOPE: STUDENTS

1. Students should first attempt to resolve grievances locally and informally through discussion with campus officials. Students should first discuss grievances with the campus individuals with whom they have an unresolved issue. If the issue remains unresolved, the student should discuss the unresolved issue with the immediate supervisor.
 - 1.1. For Academic issues: The student should first discuss the issue with the instructor, then the department chair, Dean of Instruction and finally the Provost/Vice President of Instruction.
 - 1.2. For Non-academic issues: The student should first discuss the issue with the campus individual they have an issue, then their immediate supervisor, Associate Vice President of Student Services and finally Provost/Vice President of Instruction.
2. Each official, upon receipt of an issue or concern, shall investigate the circumstances (to include interviews with the individuals involved where necessary) and shall attempt to resolve the problem. If unable to do so, the official will refer the matter to the next higher level of responsibility.
3. If the issue or concern is not settled at the departmental level within 10 working days, then the issue shall be referred in writing to the Provost/Vice President of Instruction regardless whether the unresolved issue is academic or non-academic in nature.
4. The Provost/Vice President of Instruction will review the issue. If the issue remains unresolved, the vice president may recommend to the President the appointment of a Special Board to conduct a formal administrative hearing as the basis for final action by the President.
5. The basis on which a grade was awarded may not be challenged under this grievance procedure. The accuracy of recording the grade may, however, be challenged.

Results of the background check are posted on the Castlebranch.com website in a secure, tamper-proof environment, where the student, as well as LIT can view the background check. The committee will access the records online; therefore, students are not required to submit a paper copy of the background check.

The clinical agencies used by LIT are required by The Joint Commission to ensure that personnel having contact with patients be free of any past or present criminal behavior that might jeopardize the welfare of the patient or personnel.

The following criminal histories *will prohibit* a student from enrolling in any of our healthcare professions clinical courses.

- a. Misdemeanor conviction/deferred adjudication or felony conviction/deferred adjudication involving crimes against persons (physical or sexual abuse).
- b. Misdemeanor convictions/deferred adjudication related to normal turpitude (prostitution, public lewdness/exposures, etc.).
- c. Felony convictions/deferred adjudication for the sale, possession, distribution, or transfer of narcotics or controlled substances.
- d. Registered sex offenders.
- e. Healthcare professions programs also adhere to State Legislation that may hinder someone from working in the Healthcare industry.

Note: Students not accepted into one of the programs must submit a new application for consideration for admission the following year. If the student has taken additional courses, they will also need to submit new transcripts with the new application.

Below are links to each individual program's additional requirements and a letter from the Program Director. Please review these for each of the programs you are interested in before filling out the application.

POLICY 8.38 PROTECTION FOR PREGNANT AND PARENTING STUDENTS

LIT is committed to providing a welcoming learning environment for pregnant and parenting students through policies that protect academic rights guaranteed under federal and state law.

PURPOSE AND SCOPE

This policy applies to students who are pregnant and parenting students. "Parenting student" is defined as a student who is the parent or legal guardian of a child under 18 years of age.

PROTECTIONS FOR PREGNANT AND PARENTING STUDENTS

LIT and its faculty and staff may not require a pregnant or parenting student, solely because of the student's status as a pregnant or parenting student or due to issues related to the student's pregnancy or parenting, to:

- take a leave of absence or withdraw from the student's degree or certificate program;
- limit the student's studies;
- participate in an alternative program;
- change the student's major, degree, or certificate program; or
- refrain from joining or cease participating in any course, activity, or program at LIT.

LIT allows pregnant or parenting students to:

- take a leave of absence for a period not less than the minimum period established by the Texas Higher Education Coordinating Board rule; and
- if in good academic standing at the time the student takes a leave of absence, return to the student's degree or certificate program in good academic standing without being required to reapply for admission.

PARENTING STUDENT LIAISON

The Special Populations Coordinator is the designated liaison for current and incoming LIT students who are the parent or guardian of a child younger than 18 years of age. The liaison provides students with information regarding support services and other resources available to parenting students, including:

- resources to access medial and behavioral health coverage and services and public benefits programs;
- parenting and childcare resources;
- employment assistance;
- transportation assistance;
- student academic success strategies; and
- such other resources developed by LIT to assist parenting students.

Students seeking a leave of absence due to parenting shall make a request for such leave to the Special Populations Coordinator.

ACCOMMODATIONS FOR PREGNANT STUDENTS

LIT will, for reasons related to a student's pregnancy, childbirth, or any resulting medical status or condition:

- excuse the student's absence;
- allow the student to make up missed assignments or assessments;
- allow the student additional time to complete assignments in the same manner as LIT allows for a student with a temporary medical condition; and
- provide the student with access to instructional materials and video recordings of lectures for classes for which the student has an excused absence under this section to the same extent that instructional materials and video recordings of lectures are made available to any other student with an excused absence.

Students may also be entitled to other reasonable accommodations for limitations related to pregnancy, childbirth, and related conditions. This includes, but is not limited to, accommodations related to the health and safety of the student and the student's unborn child, such as allowing the student to maintain a safe distance from substances, areas, and activities known to be hazardous to pregnant women or unborn children.

Students seeking information about pregnancy-related resources, requesting a pregnancy-related accommodation, or who believe they have experienced any discrimination due to pregnancy or parenting should contact the Special Populations Coordinator.

The office of the Special Populations Coordinator is located in the Eagles' Nest for Student Success. They may also be contacted by email at specialpopulations@lit.edu, or by phone at 409-951-5708.

SECTION 9: COMMUNICATIONS AND MARKETING

POLICY 9.1 MEDIA PROCEDURES

SCOPE: FACULTY and STAFF

Spokesperson

The Director of Communications and Marketing serves as the college's official spokesperson and Public Information Officer. The President also serves as a primary spokesperson for the college.

News Media Interviews and Photography

In order to film, interview, video and photograph students or employees on campus property, a formal request must be initiated through the Department of Communications and Marketing by phone or e-mail. Once the request has been approved, the requestor will be notified with the date, time, location and other details for their visit. Requests for interviews will be granted only if the individual from whom the interview is being sought agrees to participate. Media coverage is not guaranteed; however, the department seeks to fulfill requests and be a valuable partner to the local and regional media outlets.

Employee Procedures

Inquiries from the media should be referred to the Department of Communications and Marketing. Should a representative of the media contact your campus or department asking questions or requesting an interview, immediately refer them to the Department of Communications and Marketing at 409-245-8283.

The President or Director of Marketing and Communications may designate an employee or student to serve as the spokesperson on a particular topic. Employees should not perform an interview or speak on behalf of the college without permission from the Department of Communications and Marketing. Requests for news coverage and news conferences must be coordinated through and by the Department of Communications and Marketing. Once approved, it is recommended that a member of the department be present during any media interview or at any time that media representatives visit the campus. Issues that should not be discussed with reporters are 1) legal issues, 2) personnel issues, 3) questions that involve ethics or issues that may result in harm to others, 4) issues involving specific students or 5) a campus crisis or emergency.

Remember that in responding to the media, including in-person conversations, texts, social media comments, and more, you can be attributed as representing and speaking for the college. All releases or invitations that are drafted by someone outside of the Department of Communications and Marketing Department and intended to be sent to media must be reviewed and approved before release. The information will be officially disseminated by the Department of Communications and Marketing.

Any media inquiries that involve information about specific students should be directed to the Office of Community and Media Relations, which will consult with the Department of Student Services. Such inquiries will be handled in strict compliance with the Family Educational Rights and Privacy Act (FERPA.)

Section 9: Communications and Marketing

Dual Credit

For all students participating in the dual credit program, a signed media form must be obtained in order to film, videotape, or photograph students in classrooms, on campus, or at school-sponsored events. Parental consent forms are not required for general images that do not directly identify students.

Emergency/Crisis Procedures

In the event of a crisis or emergency situation, the Director of Communications and Marketing will provide official information to the media and will coordinate the information flow from the college to the public. In such situations, all employees must refer calls from the media to the Department of Marketing and Communications.

POLICY 9.2 SOCIAL MEDIA GUIDELINES

Overview and Purpose

The *Social Media Policy and Guidelines* document outlines online communication guidelines for Lamar Institute of Technology (LIT) via social media. Social media is presently a mainstream method of communication and there is a high probability that employees use online social media tools for personal and/or professional purposes.

Social media guidelines set expectations, while empowering employees to tweet or blog. Using best practices in addition, guidelines educate faculty and staff on issues to avoid in both personal and professional status updates. To ensure that information shared is accurate representation of the institution and all employees, LIT faculty and staff must comply with institutionally uniform policies and present reputable image of the institution. These guidelines apply to employees participating in social media for LIT and during personal online activities that may appear that they are still speaking for LIT.

Blogs, social networks, and websites such as Facebook, Instagram, Twitter, LinkedIn and YouTube are examples of social media. Each provides a unique channel to share knowledge and connect with others. They expose employees to the effective use of forums while protecting personal and professional reputations. Additionally, the guidelines improve the quality of communication.

Social media offers LIT the opportunity to engage in communicating and gathering feedback directly from those who care about LIT. Social media helps to initiate new conversations, respond to feedback, and maintain an active dialogue with a diverse audience. Involvement by LIT's Department of Communications and Marketing in social media allows for brand growth, stronger connections between the institution and the community that LIT serves and an increased awareness of LIT's reputation.

Policy

Communication among LIT employees and the community is diverse and varied. LIT employees who choose to communicate through social media must comply with the *Social Media Policy and Guidelines*. Employees who do not comply with the guidelines will be required to deactivate the LIT social media site and/or may be subject to the college's discipline processes.

Individuals who wish to establish an LIT social media site/account must receive approval from their immediate supervisor and the Director of Communications and Marketing.

Approval Procedure

1. LIT discourages smaller units from setting up social media pages that provide little value. Units should consider setting up social media sites that represent a larger unit, such as a department or center, as opposed to a smaller unit, such as a program or individual initiatives.
2. Contact the Department of Communication and Marketing prior to creating a social media account for a unit within the college. Use a dedicated administrative account to create the social media site. AN LIT sponsored social media site does not belong to any one individual in the college. Using the official LIT pages is recommended to drive traffic to one account instead of many.

Section 9: Communications and Marketing

3. The Department of Communication and Marketing will review sites periodically to ensure the institution follows the guidelines and the sites remain active. If social media sites become inactive or do not follow guidelines established by the institution, the administrator must deactivate the site.
4. If individuals choose to utilize social media tools it is critical to delineate between personal and professional initiatives.

An example of good practice is to:

- a) Obtain approval from the Department of Communications and Marketing.
- b) Think about searchability. Search engines such as Google and Twitter's own search engine will pull up accounts based upon key word relevance. Pick something obvious and relevant.
- c) Remember to use LIT in the name since it is the most frequently used term by individuals looking for the LIT website.
- d) Set clear guidelines for individuals who choose to become a member of the social network.

General Guidelines

1. Be Responsible in your communications.

The keys to success in social media are honesty, thoughtfulness, and awareness of the target audience. Communications must be professional and sensitive about linking to content. Redirecting to another site may imply an endorsement. Above all, exercise good judgment and common sense. Do not use profanity, slurs, or derogatory comments. Be civil. There is no such thing as a "private" social media site. Remember that a post has a longer shelf life than the individual posting the comments does. Archival systems save information even after deleting a post. Always post or communicate with a calm and clear head.

2. Be transparent and authentic.

Be honest about one's identity. If choosing to post about LIT on personal time, please identify yourself as LIT faculty or staff member when appropriate. Never hide one's identity for the purpose of promoting LIT through social media.

Never pretend to be someone else and post about LIT.

The essence of a community is that it exists so that employees can support others and they, in turn, can support the institution. Learn to balance personal and professional information and the important role that transparency plays in building a community.

A good resource about communicating with transparency and integrity is, "Communicating with Transparency and Integrity," by Student Affairs Lead Big UC Berkeley at <https://sa.berkeley.edu/sites/default/files/images/communicatingwithtransparency.pdf>

3. Be accurate.

Ensure all the facts have been gathered before posting a comment or communication. Verify information with a source, rather than posting a correction or retraction later. Cite and link sources whenever possible, redirecting back to the LIT website. If you make an error, correct it quickly and visibly.

4. Respect copyrights and fair use.

Always give people proper credit for their work, ensure the right to use something before publishing. Only those authorized by LIT may use the institution's branding. Do not include LIT branding in personal posting.

5. Protect confidential & proprietary information.

Online postings and conversations are not private. Do not post confidential or proprietary information about LIT, its students, its alumni or colleagues. Use good ethical judgment. Follow college policies and federal requirements, such as FERPA.

6. Productivity matters – respect institutional time and property.

LIT computers and employee work time are for college-related business. It is appropriate to post at work if instructed to or comments relate directly to accomplishing established work goals. For example, seeking sources for information or working with others to resolve a problem. Maintain personal sites on one's own time using non-LIT computers.

7. Endorsements.

Do not use LIT's name to promote or endorse any product, cause, political party or candidate. Linking to other sites is occasionally acceptable. However, it is important to consider associations with potential applicants, donors and research-funding agencies. Share links appropriate and relevant to the institution.

8. Social media comments.

We encourage our LIT community to comment, post, share and interact while remaining respectful of others' opinions and rights. A page administrator must review comments for inappropriate content.

LIT reserves the right to block users or remove comments that (are):

- Unrelated to the topic of the post.
- Abusive, vulgar, profane, racist, sexist, violent or use hate speech.
- Obscene or contain sexually harassing content.
- Considered to be spam, advertisements or vendor promotions unrelated to LIT.
- Defaming, contain falsehoods or unsupported accusations of LIT students, employees, visitors or other individuals.
- Encourage illegal, dangerous or destructive activity.
- Threatening, harassment or personal attacks toward specific individuals or groups.

In general, if the content is positive or negative and in context to the conversation, then the content is approved, regardless of whether it is favorable or unfavorable to LIT. Be aware that any comment/post can be attributed to you in a news story.

9. Employees Personal use of Electronic Media

Electronic media includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), web logs (blogs), wikis, electronic forums (chat rooms), video-sharing websites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, Twitter, LinkedIn, Instagram).

Section 9: Communications and Marketing

Think first, post second. The activity and behavior that is prohibited and may subject you to discipline in "real life" with the college can do the same in the realm of the internet and social media. Some examples include but are not limited to sexually harassing a colleague; inappropriate interactions with students; derogatory statements; threatening or intimidating others; violating privacy policies or laws; or defamation of the college.

Non-Compliance/Breach of Policy

Violations of this policy will result in a review of the incident and may include action under appropriate college discipline processes.

 - 1.1. In order to carry out the mission of Lamar Institute of Technology (LIT), the college has deemed it necessary to purchase and lease motor vehicles. These vehicles include cars, trucks, and vans. While providing these vehicles, LIT also assumes the liability associated with the operation of these motor vehicles.  - 1.2. All vehicles and equipment are to be used exclusively for LIT business.
 - 1.3. All vehicles owned by LIT shall be maintained on a regular schedule with the work performed by the department of fleet management or an authorized vendor who provides vehicle maintenance as a regular part of their business. Vehicles leased by LIT must have maintenance performed in accordance with the terms of the lease agreement.
 - 1.4. All designated employees must be approved in writing on an annual basis, by the Director of Safety, before they are authorized to operate motor vehicles owned or leased by LIT. Employees must present evidence of the possession of a valid driver's license and maintain a good driving record. All employees requesting authorization to operate an LIT owned or leased vehicle will be subject to a check of their driving record prior to receiving approval. The employee must provide written permission before the check can proceed. The Director of Safety will verify the list of approved drivers with supervisors annually.
 - 1.4.1. Shared services employees working for LIT but hired by another component shall be approved by their hiring component and are required to show proof of their approved annual check prior to operating an LIT vehicle.
 - 1.5. If deficiencies are found in an employee's driving record, they may be subject to denial to use of a vehicle or may be requested to attend and successfully complete a program of driver education before approval is given.
 - 1.6. An employee who has, as part of their job description, the requirement to drive a college-owned vehicle and is not able to receive authorization may be subject to termination of employment.

- 1.11. In addition, driving privileges may be revoked upon:

PROCEDURE LIT.1.04.02 CONFLICT OF INTEREST

SCOPE: Faculty and Staff

All employees must ensure that no conflicts of interest exist. Lamar Institute of Technology (LIT) has an obligation to ensure that staff members avoid conflicts of interest and to assure that the activities and interests of its employees do not conflict with their obligations to the college or its well-being.

1. A conflict of interest arises when staff members place themselves in a position where they could use their professional influence to create benefits for their private interests or to give an inappropriate advantage to others. When a staff member has a significant interest in, or a consulting arrangement with, a private business, it is important that he/she avoids conflicts of interest.
 - 1.1. Staff members are encouraged to direct inquiries relative to conflict-of-interest concerns to their supervisor and/or division executive officers. In those situations where a possible conflict of interest may occur, management shall act, which may include relieving the employee of the position or particular responsibility and assigning the matter to another qualified employee who does not have a conflict of interest.
 - 1.2. When an employee has sold or terminated his/her interest in a business, he/she cannot be involved in any LIT-related transaction with the business for one year.
2. LIT requires all faculty and staff to complete a Request for Approval of Outside Employment/ Dual State Employment.
 - 2.1. This form is to be completed not later than September 30, each year and submitted to the appropriate vice president.
3. The President shall file a financial statement with the Texas Ethics Commission not later than April 30, each year in which the President has served in such capacity for any portion of the immediately preceding twelve (12) months on forms prescribed by the commission.

PROCEDURE LIT.1.04.03 CONFLICT OF COMMITMENT

SCOPE: Faculty and Staff

A conflict of commitment occurs when an employee's involvement in external activities adversely affects his/her capacity to meet the primary obligation to Lamar Institute of Technology (LIT), as exhibited by a perceptible reduction of the individual's time and energy devoted to LIT activities.

1. With the acceptance of a full-time position at LIT, every employee is expected to give LIT their primary professional loyalty and to arrange outside obligations, financial interests, and activities so as not to conflict with their overriding commitment to the college.
 - 1.1. Certain outside activities are permissible with appropriate notice to and written approval by the appropriate department head, so long as these endeavors do not interfere with an employee's obligation to LIT.
2. All part-time employees are expected to give the college said loyalty during such times as set forth in respective agreements, both oral and written.

PROCEDURE LIT.1.04.04 NEPOTISM

SCOPE: Faculty and Staff

Nepotism is broadly defined as granting position or advantage in the workplace (i.e., job appointment, promotion, pay increase, etc.) to one's relatives. The purpose of this policy is to comply with Government Code, Chapter 573 and in situations not covered by Government Code, Chapter 573 but as defined further below in order to avoid favoritism, the appearance of or likelihood of favoritism, conflicts of interest, and other forms of unfair treatment often associated with nepotism in the workplace.

1. Individuals are related by consanguinity if one is a descendant of the other, or if they share a common ancestor. An adopted child is considered to be the child of an adoptive parent for this purpose.
2. Individuals are related to each other by affinity if they are married to each other, or the spouse of one of the individuals is related by consanguinity to the other individual. (See table further below.)

In accordance with Government Code, Chapter 573, no person related to any member of the Board of Regents within the second degree of affinity or within the third degree by consanguinity shall be eligible for appointment to any office, position, employment, or duty with Lamar Institute of Technology (LIT), when the salary, fee, or compensation of such appointee is to be paid, either directly or indirectly, out of public funds of any kind.

While not prohibited by Government Code, Chapter 573, LIT must undergo special personnel review and action before employing (or reassigning) any individual related within the second degree of affinity or the third degree of consanguinity to another employee* if:

1. Such employment (or reassignment) causes one to have a direct supervisory relationship over the other; or
2. Such employment (or reassignment) causes one to have authority over the salary or other employment terms of the other, whether directly or indirectly.

* The term "employee" shall refer to those shared service employees to whom the above criteria apply, even though they may be employed by separate TSUS Components.

In instances when either of the situations above occur, the related parties shall complete the *Nepotism Disclosure* form, inclusive of delineating a management plan to satisfy any relevant policy concerns, which shall be approved and signed by the department's Vice President and then submitted to the President(s) for signature before the employment relationship begins. In such instances when it is determined that appropriate allowances cannot be made to adequately relieve the policy concerns of Nepotism, employment/reassignment shall be denied. All situations covered by usage and administration of a Nepotism Disclosure form shall be reported annually through the President's Report to the Board.

The table below is to be used to determine degrees of relationship.

Consanguinity (Blood)			Affinity (Marriage)**		
First Degree	Second Degree	Third Degree	First Degree	Second Degree	Third Degree
Parent	Grandparent	Great Grandparent	Spouse	Grandparent	Great Grandparent
Child	Grandchild	Great Grandchild	Parent	Grandchild	Great Grandchild
	Sibling	Uncle or Aunt	Child	Sibling	Uncle or Aunt
		Nephew or Niece			Nephew or Niece

** The ending of a marriage by divorce or the death of a spouse ends relationships by affinity.

PROCEDURE LIT.1.15.02 ASSESSMENT OF STUDENT LEARNING FOR EACH EDUCATIONAL PROGRAM

Scope: Faculty and Staff

The Assessment of Student Learning is a key component of Lamar Institute of Technology's (LIT) commitment to academic excellence and continuous improvement, as outlined in Policy LIT.1.15. This procedure provides a systematic framework for assessing student learning outcomes (SLOs) and program learning outcomes (PLOs) to:

- Maintain alignment with LIT's mission and goals
- Encourage meaningful engagement with assessment results to identify strengths and gaps, enhancing learning experiences; and
- Promote a culture of continuous improvement by using assessment data to inform decision-making at all levels of the institution.

Definitions:

Program Learning Outcome: (PLO) Program-wide learning achievements. Outcomes are stated in terms of what students are expected to know or be able to do upon program completion. They reflect cumulative knowledge, skills, and competencies. Outcomes are observable, measurable, and tied to higher-order knowledge, skills, and values. PLOs are aligned with program goals and measured through capstones, licensure exams, or portfolio evaluations.

Student Learning Outcome: (SLO) Course-specific learning goals. SLOs are course specific outcomes articulating what the students will know, do, or value after completing a course or learning activity. SLOs are aligned with course objectives and assessed through direct measures like assignments, exams, and projects. Results from SLO assessments roll up to inform the achievement of PLOs

Assessment Maps: provide a visual representation of the alignment of SLOs with PLOs across the curriculum. Assessment maps serve to illustrate how course-level SLOs contribute to broader program goals and institutional priorities.

Assessment Basics:

- Each academic program should assess 3-5 PLOs and 2-3 SLOs per PLO each year.
- Results of SLO assessments are aggregated and analyzed to evaluate broader PLOs.
- Not every outcome needs to be assessed every year; rotate outcomes over a 3-year cycle or when achievement targets are met.

Office of Institutional Effectiveness and Assessment:

The Office of Institutional Effectiveness and Assessment (IEA) provides coordination and support to faculty in the assessment process.

The Office of Institutional Effectiveness and Assessment will conduct annual training sessions for faculty and staff. These sessions will encompass:

- Fundamental principles of SLO and PLO assessment;

- How to utilize assessment maps for curriculum alignment; and
- Best practices for analyzing results and implementing improvements.

The training will support a consistent approach to assessment, ensuring compliance with institutional requirements and promoting continuous improvement.

The Office of Institutional Effectiveness and Assessment maintains detailed and supportive student learning assessment information, including form and report templates, in the Institutional Effectiveness Manual.

Faculty:

Faculty, in collaboration with program leadership and IEA, will:

- Annually review and update Assessment Maps as part of the assessment cycle;
- Use Assessment Maps during mid-year and end-of-year reviews to ensure ongoing alignment with program goals; and
- Incorporate feedback from the Academic Quality Committee (AQC) to refine and enhance assessment maps.

Academic Quality Committee:

The Academic Quality Committee will use standardized instruments developed by IEA for mid-year and end-of-year reviews. These tools are designed to:

- Assist faculty in refining their assessments to enhance student achievement and support continuous improvement;
- Identify systemic trends, gaps, and areas for improvement across academic programs; and
- Facilitate dialogue between faculty and program leaders regarding effective assessment practices.

The Academic Quality Committee will work with IEA to provide faculty with guidance on interpreting feedback and implementing recommendations.

Assessment Cycle:

Start of Assessment Cycle: September Program faculty and leadership confirm PLOs and SLOs for assessment in the cycle. Program Learning Outcomes and their related SLOs can be found in the program's Assessment Map.

Mid-Year Assessment Data Submission: January

Program faculty should submit mid-year outcomes and evidence of assessments conducted.

Mid-Year Review: January - April

Program leadership, members of the AQC, and IEA review assessment maps, address gaps, and make any necessary adjustments for the subsequent assessment cycle.

End-of-Year Assessment Data Submission: May - August

Program faculty should submit end-of-year SLO assessment data. Program leadership will

evaluate performance results for PLOs and draft recommendations for improvement.

End-of-Year AQC Review: August

Members of the AQC and IEA will review results.

Annual Unit Planning and Assessment Report: October

After each cycle, IEA will compile an Annual Assessment Report for distribution to the President and Executive Team.

PROCEDURE LIT.2.01.05
ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS)

SCOPE: Faculty, Staff, and Students

Acquired Immune Deficiency Syndrome (AIDS) is a fatal disease which has become a nationwide public health problem. Lamar Institute of Technology (LIT) acknowledges the seriousness of HIV/AIDS. In health-related matters such as this, LIT follows the guidelines of recognized authorities including the National Center for Disease Control, the United States Public Health Service, the Texas Department of Health, and American College of Health Association. Furthermore, LIT shall conform its actions to the Texas Communicable Disease Prevention and Control Act and other law.

There is no current evidence that individuals infected with Human Immunodeficiency Virus (HIV), the AIDS Virus, can infect other individuals by casual contact. Accordingly, there is no reason to exclude individuals with the AIDS from social or cultural activities. Therefore, on the basis of current knowledge of the disease, individuals sharing common living space, work or study areas, libraries, classrooms, recreational facilities, and theaters do not represent a problem or public threat to the campus community.

1. Students and employees of LIT who may become infected with the AIDS virus will not be excluded from enrollment or employment or restricted in their access to services or facilities, unless medically based judgments in individual cases establish that exclusion or restriction is necessary to the welfare of the individual or of other members of the college community or of the public.
 - 1.1. When circumstances arise that require review, the President may seek the advice of the Director of Lamar University Health Services, the attending physician, and any other relevant parties.
 - 1.2. An opportunity will be provided for any person involved to discuss his or her circumstances.
2. In the event of public inquiry concerning LIT policy, programs, problems, or statistics related to AIDS on campus, the Director of Communications and Marketing will serve as the official spokesperson for LIT and may enlist the cooperation of the Lamar University Student Health Center as necessary to prepare an appropriate response.
 - 2.1. All inquiries from the press, elected public officials, or the public in general will be referred to the spokesperson.
 - 2.2. The medical records of individuals shall remain confidential, but public information shall be disclosed upon request in accordance with the Texas Public Information Act, the Family Education Rights and Privacy Act, and the Texas Communicable Disease Prevention and Control Act. General information and national statistics considered public knowledge are not subject to restriction.

3. In the event an individual is identified with AIDS, AIDS Related Complex (ARC), or a positive test for the HIV antibody, appropriate existing resources for emotional, educational, social, and medical support will be made available to all concerned individuals.
4. Persons who know, or have reasonable basis for believing, that they are infected with the AIDS virus are expected to seek expert advice about their health circumstances and are obligated, ethically and legally, to conduct themselves responsibly in accordance with that knowledge for the protection of other members of the college community and others they may come in contact with in the course of college activities.
5. Lamar Institute of Technology shall carefully observe the safety guidelines established by the U.S. Public Health Services for the handling of blood and other body fluids and secretions in institutional contexts in which such fluids or secretions may be encountered (e.g., teaching and experimental laboratories).
6. Lamar Institute of Technology shall make available the educational pamphlet on HIV Infection developed by the Texas Department of State Health Services and shall include a statement in the student handbook that the pamphlet is available from the institution.

A department official may recommend the demotion or reassignment of a staff member to a position where he/she will be able to meet performance requirements, to apply disciplinary action for misconduct, or for other reasons. - 4.5. A staff member must have the approval of his/her present supervisor if he/she schedules appointments, interviews, etc., during regular work hours. Such scheduling should be at a time when it will cause the least disruption of work in his/her present position and may be limited to a reasonable number of interviews by his/her supervisor. A supervisor may not limit the number of interviews scheduled outside of the regular work schedule of the staff member.
- 4.6. The effective date of a promotion or transfer will be determined jointly by the two departments involved upon approval of the appropriate Vice President. Normal notice is two (2) weeks.

- 3. *Definitions of Major Rule Violations.* Major offenses are any continued failure to perform assigned workload, willful, deliberate, or negligent acts or violations of College policies or rules of such a degree that continued employment of the offending individual may not be desirable. The following are examples of some offenses that may subject an employee to progressive disciplinary action, up to and including discharge. Severity of the offense or degree of inability to perform will determine the level of performance review or discipline. Performance or disciplinary probation, demotion, decision making leave (suspension), or termination must have the approval of the appropriate Vice President. In cases of demotion, decision making leave (suspension) or termination, the Director of Human Resources may hold a hearing with the employee and supervisor. The Director of Human Resources will then make a recommendation to the President. This list is in no way inclusive of all possible violations.

- 3.1. Any act which might endanger the health, safety, or lives of himself/herself or others.
- 3.2. Refusal to perform work properly assigned by a supervisor.

- 3.12. The same applies to any habit-forming or controlled substance not prescribed by a physician.

- 3.24. Improper political activity on campus.
- 3.25. Behavior or activity on or off campus while representing the College that is of such nature to cause discredit or embarrassment to the College.
- 3.26. Flagrant or repeated minor rule violations.

Should questions arise over determination of major or minor classification, Human Resources along with the appropriate Vice President shall make the determination.

- 4. *Corrective Reviews*. For repeated incidents of substandard performance, misconduct, or rule violations the performance review should be progressive. It is the supervisor's responsibility to verbally remind and coach the employee's performance to avoid the Corrective Review. The normal sequence of action in the Corrective Review process is (1) Verbal/Written Warning (2) Written Warning/ Probation; (3) Decision Making Leave; (4) Discharge/ Demotion. Depending on the severity of the case, the action may begin at any of these stages or move beyond any one and therefore may not be progressive. Any action involving probation, decision making leave (suspension), demotion, or discharge must be reviewed by the Executive Director of Human Resources to ensure that compliance with these policies prevails.

- 4.1. *Verbal Warnings*: Normally, initial performance review should be in the form of an oral discussion and reminders of the employee's responsibility, especially for minor rule violations. If it appears that an employee has failed to perform his/her work or conduct himself/herself according to requirements, the supervisor should first talk to the employee about the matter, affording the employee an opportunity to tell his/her side of the incident. If facts indicate that the employee may have been at fault, the supervisor should discuss the matter with him/her. If the supervisor wishes, he/she may call on another supervisor, or other appropriate person, to be present as a witness. The employee should clearly understand the gravity of the action and that the warning is an opportunity to correct his/her actions. The responsibility for the —correction becomes the employees. Supervisors should maintain a complete and accurate written documentation of the verbal warning, which must be forwarded to HR for proper filing within the employee's personnel file.
- 4.2. *Written Warning*: Written Warning involves both a formal interview with the employee by the supervisor, and an official memorandum to him/her emphasizing the failure of the employee to fulfill his/her responsibilities to his/her job and/or co-workers and the negative effect on his/her record and his/her opportunities for advancement. If the immediate supervisor does not have the authority to discharge, then such an interview should not occur until the supervisor with that level of authority has been notified. A written warning should include: names of everyone involved, dates, description of the unsatisfactory performance or behavior, witness (if any), and action taken. Reference should also include the dates and results of prior verbal warnings or other written warnings. It should be signed by the issuing supervisor. It should also bear the employee's comments, if any, and his/her signature. The employee should be informed that his/her signature indicates he/she has received the warning, but not necessarily

that he/she agrees with its contents. If the employee refuses to sign the warning, a witness, preferably another supervisor, should verify that the employee has received the warning and refused to sign an acknowledgment. A copy of the written reminder should be sent to the President and to the Director of Human Resources to be filed in the employee's permanent file.

4.3. *Performance/Disciplinary Probation (Final Warning)*: A performance/disciplinary probation involves both a formal interview with the employee by the supervisor with hire/terminate authority, and an official memorandum emphasizing the failure of the employee to fulfill his/her responsibilities. The written document should include:

- 4.3.1. A description of the failure to perform or inappropriate conduct, witnesses (if any), dates, and record of previous warnings.
- 4.3.2. An identification or description of appropriate performance of the employee's responsibilities or conduct. This will be used as the standard by which the employee's acceptance of his/her responsibility or conduct will be measured during the ensuing probationary period, and a review day at the end of the probationary period.
- 4.3.3. A warning of possible further action if the performance/behavior remains unchanged.
- 4.3.4. Signatures of the department supervisor/manager and the employee. The employee should be given the opportunity to comment and be made aware that his/her signature indicates receipt of the document but not necessarily agreement.

The probationary period should not exceed six (6) months and a formal review must conclude the probationary period. Intermittent reviews are suggested. If at any time the supervisor determines that the employee's behavior/performance is not improving, the supervisor may elect to move into a more severe level of discipline.

The letter of probation must be sent to the Director of Human Resources to be filed in the employee's permanent file. A copy of the formal review at the conclusion of the probation should be sent to the Director of Human Resources.

4.4. *Demotion*: Demotion shall mean removal to a lesser position with less authority and responsibility. Salary shall be consistent with the new position's salary group. At no time shall the salary be higher than the previous position.

4.5. *Decision Making Leave (Suspension)*: "Decision Making Leave (suspension)" is time away from the job which is designed to allow the employee the opportunity to make a decision regarding his/her future performance/employment with the College.

During this time the employee must decide between submitting a resignation or submitting an action plan to correct his/her deficient behavior/performance.

- 4.5.1. A supervisor with authority to discharge has authority to suspend with or without pay. Normally, Decision Making Leave will be one day with pay. Before action is

taken, the immediate supervisor must discuss the situation with his/her supervisor, the Executive Director of Human Resources, and the employee. The employee should be counseled and given an opportunity to present his/her perspective. If the employee's explanation is not acceptable to the supervisor, the employee should be presented with a statement indicating the reasons for the Decision-Making Leave and the number of days with or without pay. Suspension without pay involves removal from the payroll for a specified period of time. The supervisor who has discharge authority must forward an F3.2 through the Office of Human Resources to Payroll.

4.5.2. At the end of the Decision-Making Leave period, if the employee wants to continue in his/her current position, he/she must present to the supervisor an action plan, acceptable to the supervisor, to correct his/her behavior or job performance. If the plan is not accepted by the supervisor, the employee will be terminated. If the plan is acceptable by the supervisor, a period of probation will be established and reviews will be made to determine if the employee is fulfilling his/her action plan.

4.5.3. Upon return from Decision Making Leave, if the employee does not wish to continue in his/her position, the employee must present a written resignation to the supervisor and complete the exit interview with Human Resources. This will be a voluntary termination.

4.5.4. If it is in the best interest of the College, the employee may be placed on Administrative leave pending an investigation and decision regarding the extent of disciplinary action to be taken, if any.

4.6. *Discharge or Release*: In the case of other than serious or repeated offenses, release from employment should be a last resort. When it becomes necessary to release an employee, he/she, in effect, will have released himself/herself by the record he/she has established. The supervisor/manager who has the authority to employ also has the authority to discharge. Since the most extreme disciplinary measure is discharge, before the discharge, the first-line supervisor or management official who initiates this action must review the decision and the supporting documentation with the Executive Director of Human Resources. Since discharge requires prior consultation and approval, it should not be done "on the spot." If the appropriate Vice President feels it is improper to leave the employee on duty until the investigation or review by the President can be completed, he/she should seek approval from the President to place the employee on administrative leave. This allows time for an investigation.

In extremely serious cases involving unruly behavior, violence or threat of violence, or imminent danger to personal safety or property, the Police Department should be notified immediately. The supervisor and Police Department will determine the need for immediate arrest or removal from College property of an employee. This may include collecting all College property from the employee. This should be considered an immediate suspension and may warrant proceeding with the discharge process.

5. *Alternative Disciplinary Actions*. Other forms of disciplinary action may be appropriate in some cases. These may include making up lost time, docking, withholding salary increases, transfer to more suitable work, or compensating the College for damage. With the exception of making up lost time and docking, these alternative disciplinary actions must be reviewed by the President and the Director of Human Resources before they are initiated.

6. Discharge. Any employee being discharged under the provisions of this policy normally shall not be allowed to terminate his/her employment voluntarily, unless he/she does so prior to notification of the discharge. The official personnel record will reflect that the employee was discharged or resigned during pending disciplinary action. This is required because of rehire policies, possible legal actions, unemployment compensation liability, etc.
7. Involuntary Terminations Other Than Discharge. It is not the intent of this policy to prohibit, or in any way restrict, the College and its administrative officials from the right to terminate any employee under the employment at will policy established by the Board of Regents. An employee so terminated shall not have recourse through this policy. However, an employee may utilize the appeal procedure. Examples of termination for non-disciplinary reasons include, but are not necessarily limited to, reduction in force due to lack of work or funds, due to redesigning jobs and changes in the organizational structure, and due to compliance with College or TSUS policies and rules (e.g., retirement, nepotism, etc.).
8. Employee Notification. Notice of (1) verbal and written warnings, (2) disciplinary probation/final warning, (3) demotion, (4) Decision Making Leave/suspension, (5) dismissal from employment shall be given to the affected staff employee in writing with a copy to be filed with Human Resources. In situations requiring immediate action by the supervisor, such notice must be given in person but in such cases, a follow-up written notice must be given in person or by Certified Mail--Return Receipt Requested as soon as possible thereafter.
