I have grown lots from this class. It has helped me understand how to present properly and has given me lots of practice.

This course was really helpful in allowing me to grow into a more confident speaker. This course had a few weak points when it came to instructions, but the instructor was always quick in replying, something I was and am thankful for. Overall, this course was a good one and I have enjoyed it so far.

I wouldn't say that was an easy course, although I have found other courses during my education that are extremely difficult. I feel that this course was not very difficult because of the clear assignments and objectives. It is self explanatory if you are attempting to do well.

As this is my first college class ever I found that it was easy to navigate and understand the course. Mr. Cobb is good at answering emails and seems to be very knowledgeable in his field. I am a fifteen year old and I appreciate that he did not go easy on us for everything. This course was not difficult and with the initiative the course was self explanatory.

This class was okay but things do get a little bit complicated when it came to little gray areas but overall very good.
